NOTICE.

JOINT RESOLUTION, passed by the Legislature of New-Hampshire.

Resolved by the Senate and House of Representatives, in General Court convened, That his Excellency the Governor be hereby authorized and empowered, with the advice and consent of the Council, to employ some suitable person, and fix his compensation, to be paid out of any money in the treasury not otherwise appropriated, to collect, arrange, transcribe and superintend the publication of such portions of the early State and Provincial Records, and other State Papers of New-Hampshire, as the Governor may deem proper; and that eight hundred copies of each volume of the same be printed by the State Printer and distributed as follows: namely, one copy to each City and Town in the State, one copy to such of the Public Libraries of this State as the Governor may designate, two hundred copies to the New-Hampshire Historical Society, and the remainder placed in the custody of the State Librarian, who is hereby authorized to exchange the same for similar publications issued by other States.

Approved July 6, 1866.

EDITOR'S PREFACE.

This fourth volume of Provincial Papers embraces the latter part of the Administration of his Honor JOHN WENTWORTH, Lt. Governor and Commander-in-Chief, in the absence of Governor SAMUEL SHUTE; the brief period of Governor WILLIAM BURNET's administration, 1729, and that of Governor JONATHAN BELCHER, from 1730 to October 1737. The volume is of special and permanent value as containing all the proceedings of the Governor, Council and General Assembly of the Province, and all official documents and papers found in the Secretary's office, relating to the long controversy between New-Hampshire and Massachusetts, in respect of the boundary lines between the two Provinces. The correspondence, also, between Governor Belcher and Secretary Richard Waldron and others, and also that between John Thomlinson, Esq., agent for the Province, in England, and Theodore Atkinson, Esq., and others, of New-Hampshire, will be found to be of great interest and value.

In copying and preparing these Papers for the press, the editor has adhered to the rules at first adopted: viz., to preserve the exact words and orthography, capitals and abbreviations of the papers transcribed; even the punctuation has for the most part been left untouched. Where names of persons in office very often occur, it is denoted by *passim*, and not always noted in the Index.

The fifth volume of Provincial Papers will complete the record of Governor Belcher's administration and the correspondence relating to the boundary lines, between John Thomson, Esq., and Mr. Secretary Atkinson. Also, additional letters from Gov. Belcher to Secretary Richard Waldron; but the greater interest and value of the volume will consist in the full record it will contain of the part that New-Hampshire took in the expedition against Louisbourg, 1745, under the administration of Gov. BENNING WENTWORTH.

[NOTE BY THE EDITOR.]

[The "RECORDS OF COUNCIL" which follow from June 21, 1722, to November 2, 1728, were copied from a MS. volume in the Secretary's office, labelled "Commissioners, &c., Council & Assembly Records, 1680 to 1740, Imperfect." The reader will perceive that these "Records" are exceedingly meagre and imperfect; but they are the only "Records of Council" that can be found relating to the above-named period, or until April 5, 1742. Probably a portion of the Records of Council were destroyed by a fire which consumed Secretary Waldron's house in 1736.* But though thus imperfect, it will be found, that these Records contain some matters of great historical interest and value. Pages in the margin correspond with those in the MS. record.]

(1) Archibald MacPheadris, Esq., is among the tax-payers in Portsmouth in 1727. He built a splendid mansion at Portsmouth in 1718-1723, which cost £6000, and is still standing, at the corner of Daniel and Chapel streets, now known as the Warner house. This house is provided with a lightning-rod which was put up in 1762, under the personal inspection of Dr. Benjamin Franklin, and was probably the first put up in New Hampshire. Captain MacPheadris was a native of Scotland, an opulent merchant, and was a leading projector of the first iron-works in America. He was at the head of a small company which commenced the manufacture of iron from the ore at Lamprey river. In 1719 the General Court of Massachusetts granted to the Company a slip of land two miles wide, at the head of Dover line. This land was to furnish

(1) Hon. JOHN FROST was of New Castle. He was a native of Kittery, Me., born in 1681, and was the son of Major Charles Frost, who was slain by the Indians on the Sabbath, July 4th, 1697, as he was returning from meeting, and grandson of Nicholas Frost, an emigrant from England, born at Tiverton, about the year 1589, and settled at Sturgeon Creek, in Eliot, 1636, where he died in 1663. This grandson, Hon. John Frost, in 1702 married Mary Pepperill, sister of Sir William, the baronet. Established at New Castle, he soon rose to eminence. He was a member of his Majesty's Council, at one time commanded a British ship-of-war, afterwards pursued the profession of a merchant, and was much distinguished and highly useful in civil life. His place of residence was on an eminence, westerly of the Prescott mansion (since the Almshouse), commanding a view of the spacious harbor, the river and its tablelands, with the lofty Agamenticus in the distance. His family was numerous and highly respectable. He died February 25, 1732, aged fifty-one years.—*See Rumbles about Portsmouth*, p. 86, and *Farm. Belk.*, p. 411.

(1) THOMAS PACKER, whose name appears here for the last time as a member of his Majesty's Council, was a physician — "One of the earliest surgeons of Portsmouth who had been regularly bred to the profession. He was born in London. He came to this country a young man, resided a short time in Salem, and then removed to Portsmouth. There being no physician here at that time of much repute, he united the practice of physic with that of surgery, and attained some eminence in both. He held the office of Judge of the Court of Common Pleas, Lieutenant-Colonel in the Militia, and Judge of Probate for the Province, for many years. As Judge of the Court of Common Pleas, he was superseded in 1695; and from the other two offices, was dismissed by the President and Council the beginning of the year 1697. It being reported to the Board that in Pursuance of a late vote of the Gen^l Assem^t of the Province of Mass^a, sundry persons are going or gone to lay out, take possession of, & settle upon some of his Majesty's lands within the limits of this Province, at or near a Place called Pennecook, without the consent of this Govern^t for so doing, which is not only unneighborly, but unjustifiable, and has a tendency to the destroying the Mast Trees fit for his Majesty's service that may be growing thereon, which the Lieut. Gov^r and Council in faithfulness to his Majesty & in discharge of the trust reposed in them cannot pass by without bearing testimony against. It is therefore Ordered, That a Committee in behalf of this govern^t viz: Messrs. Nath^l Wear, Theod^r Atkinson & Richard Waldⁿ jun. immediately repair to s^d Pennecook,

& forewarn any persons whom they may find there or thereabouts from laying out, taking possession of, or settling at or near the Place call'd Pennecook, or Presuming to appropriate any other of his Majestys lands within this Province, till they shall have y^e Countenance and grant of this Govern^t for so doing; & to direct them in an amicable way, forthwith to withdraw y^rselves from the s^d land, & their pretensions to it, by virtue of the afores^d vote of y^e Gen^l Assem. of y^e Mass^a.

[p. 22.] In obedience to an order of His Hon^r the Lt. Gov^r & the Hon^{ble} the Council, made y^e 10th Instant, appointing us a Committee wth directions to repair immediately to Pennacook and forewarn any persons whom we might find there, from laying out or settling upon that place or any other of his Maj^{ties} lands wthin this Govern^t as pr the s^d order will more at large & fully appear: We have been at s^d Pennacook, where we found his Hon^r Coll. Will^m Packer, Esq. Jno. Wainwright, Esq. & Col. Elez^r Ting, Esq., wth sundry others, (mostly unknown to us) to y^e number of near forty men, who were falling the trees & laying out the lands there: Whereupon, we presented them with the order of Coun^l afores^d, and assured y^m that their Proceedings were highly displeasing to y^e Govern^t w^{ch} sent us hither, and that they might depend upon it when y^e Controversial boundary between the two Provinces should be determined, the poor misled People who might be induced to settle there und^r y^e colour of a Mass^a Grant, would be dispossessed of the said lands or suffer some other Inconvenience equally grievous; and that y^e Message on which we were sent & y^e fair forewarning they had by us, would take away all occasion of complaint when they should be compelled to leave y^e s^d lands & lose y^e benefit of their Improv^{mts}.

To which y^e gentlemen before named were pleased to reply, that as we were sent by y^e Govern^t of N. (1) Saml Penhallow, Councilor, died December 2, 1726, aged sixty-one. He was born at St. Mabon, in the County of Cornwall, in England, July 2, 1665. Being bred a Puritan, he came to this country with the Rev. Charles Morton, of Charlestown, Mass., in 1686. Mr. Penhallow's intention was to devote himself to the ministry; but finding affairs in this country in a more unsettled state than he expected, he removed to Portsmouth and engaged in trade. He married the daughter of the late President John Cutt, and in her right inherited a large estate. He held many important offices in the Government; was distinguished as a magistrate; was deacon in the Congregational Church. He was appointed Councilor in 1702; was Recorder of Deeds, Judge of the Superior Court of Judicature, Chief Justice of the same, and Treasurer of the Province. Possessed of a strong mind, cultivated by education, and influenced by principles of religion, he discharged the duties of these several offices with integrity. He was the author of "The History of the Wars of New England with the Eastern Indians," from August 10, 1703, to July, 1713; & from the 25th of July, 1722, to December, 1725. He was exemplary, charitable to the poor and hospitable to strangers. Naturally of a warm and sanguine disposition, his firmness had the appearance of obstinacy; rigid in his principles, he was unwilling to make due allowances for those who differed from him in sentiment. NOTE. The Council Records here abruptly end, and there remains a chasm till 1742.

The following is the form of Oaths taken by the Civil, Military and Ecclesiastical officers in New Hampshire, on the accession of George II., A. D. 1727.

[Hist. Coll. N. H., Vol. IV, pp. 83-87.]

I, ———, do sincerely promise and swear that I will be faithful and bear true allegiance to his Majesty King George the Second. *So help me God.*

I, ———, do swear that I do from my heart abhor, detest, abjure as impious and heretical, that damnable doctrine and position, that Princes excommunicated or deprived by the Pope or any authority of the See of Rome, may be deposed or murdered by their subjects, or any other whatsoever. And I do declare, that no foreign Prince, Person or Prelate, State or Potentate, hath or ought to have jurisdiction, power, superiority, pre-eminence or

authority, ecclesiastical or spiritual, within the realm of Great Britain. *So help me God.*

I ———, do truly and sincerely acknowledge, profess, testify and declare in my conscience before God and the world, that our Sovereign Lord, King George the Second, is lawful and rightful King of the realm of Great Britain, and all other his Majesty's Dominions and countries thereunto belonging; and I do solemnly and sincerely declare, that I do believe in my conscience, that the person pretended to be Prince of Wales during the life of the late King James, and since his decease, pretending to be, and taking upon himself the style and title of King of England, by the name of James the Third, King of Great Britain, hath not any right or title whatsoever to the Crown of the realm of Great Britain, or any other of the dominions thereto belonging. And I do renounce, refuse and abjure any allegiance or obedience to him. And I do swear that I will bear faith and true allegiance to his Majesty, King George the Second, and him will defend to the utmost of my power, against all traitorous conspiracies and attempts whatsoever, which shall be made against his person, crown and dignity. And I will do my utmost endeavor to disclose and make known to his Majesty and his successors, all treasons and traitorous conspiracies which I shall know to be against him, or any of them; and I do faithfully promise to the utmost of my power, to support, maintain, and defend the succession of the Crown against him, the said James, and all other persons whatsoever; which succession by an Act entitled an Act for the further limitation of the Crown, and better securing the rights and liberties of the subject is, and stands limited to the Princess Sophia, Electress and Dutchess Dowager of Hanover, and the heirs of her body being Protestants. And all these things I do plainly and sincerely acknowledge and swear, according to their express words by me spoken, and according to the plain and common sense and understanding of the same words, without any equivocation, mental evasion or secret reservation whatsoever. And I do make this recognition, acknowledgment, abjuration, renunciation and promise heartily, willingly and truly, upon the true faith of a christian. *So help me God.*

Cap^t Gen^l and Commander in Chief in and over His Majesty's s^d province:

The Humble Memorial and Request of the House of Representatives of the said province now sitting—Humbly Sheweth—

That It is now more than five years since we The Memorialists were formed and qualified a house of Representatives for The Province aforesaid, and The Towns whom we represent Think it a greivance, That They may not have a new choice once in Three years, according To The English constitution, and we having once and again prayed for a dissolution. It being a Greivance also to our selves by being continued so long, Therefore wth submission we humbly pray That We may be now Dissolved, for That It will be a great benefit To The province and also will create and maintain great peace unity and Satisfaction To His Majesty's good subjects of Said Province and to our Selves. So pray your humble memorialists.

[From MS. Correspondence in Secretary's Office p. 43.]

Letter to Mr. Newman, May 4th, 1722.

Mr. Newman—

Sir—I am commanded by his Excellency the Gov^r and the Hon^{ble} the Council [of New Hampshire] to represent to you their sense of that paragraph in the Mass^a Charter on which the determination of the Divisional line between this and the Mass^a Govern^t depends: The words are as follows. “all that part of New England in America lying and extending from the great river “commonly called Merrimack on the north part, and from three “miles nor-ward of the said river, &c.”

It is the last words of the paragraph which want explanation, viz— and from three miles nor-ward of the said river—w^{ch} his Excellency and board understand to intend, That from the mouth of said Merrimack three miles directly north, and from the end of the s^d three miles, to run a west line to the western Ocean, and that to be the dividing line between y^e two Provinces; and that if it be otherwise as the Mass^a would have it, that the said line shall run parallel to the river, This the King's Prov: of N. Hamp^r must necessarily be contracted within exceedingly narrow limits; the s^d River a little above towns running a great length on a north course, and to eastward of north, and for the most part northerly; which they desire you to lay before the Right Honourable, the Lords of Trade and Plantations, which they think sufficient w^{thout} any papers to be sent from hence.

Gentlemen—

I had no thoughts of Seeing you until His Excellency our Governour came into this province which will be the latter end of September, but a warr being declared agst the Indian Rebels of the East and also receiving a letter from his Excellency That he intended to see The Gen^l Assembly of the Mass^a on t^e 8th Instant Augst in ord^r to push on a vigorous Warr agst our Eastern Enemy's which letter I shall lay before you.

I hope it will be for H^e M^{aj}esty's Service and the good of This Government That we [P. 246.] are now mett to consult of and soon

make such resolves as may push on This warr (that we are so forced into) with a hearty willing mind.

Judge there is none among us that scruples the Justice of This warr on our part since the Indians have so often violated Their most Solemn Treatys and Ingagements to us.

I suppose It's generally Thought That The Scout now on the frontiers of this province under y^e Command of Maj^r John Gillman is and has been of service, but in case our neighbours of the Mass^a make an offensive warr and keep out a sufficient number of men to march to the Enemys head Quart^{rs} and also to scour the Sea-Coast at The same time, Then and in such case I hope we shall cheerfully come in to send our Quota of men and joyn wth them to putt a Speedy end to this warr.

If such an army be kept moving in the Eastern parts, Then our Scout which I think it absolutely necessary there should be one may be reduced to a Much Small^r number, Than what we now have and as we shall not at present enter upon any other busyness but that of The warr, I hope you will Take it under your serious consideration and grant such Supplys as may carry on the warr chearfully, and also that the Honour of the Government may be supported, for the accomplishing of which you are always sure of my best Endeavours.

[p. 249.] May it please your Honour.

In answer To your Honours speech.

Your Honour Having been pleased in your speech at The opening This Sessions To Inform us That a warr being declared agst

The Indian Rebels at the Eastw^d who have violated all Their Treaty^s and made an unjust warr upon us, That it would be necessary for us in Conjunction wth The Massa^{ts} to push on a vigorous warr to The utmost of our power and ability we are entirely of your honours opinion, and Therefore shall chearfully concur in raising such Sums of mony as shall be sufficient To carry on our proportionate part of The said warr. But whereas our Government lying much of it fronting up^{on} y^e Wilderness from whence The Indians make their fatal Inroads upon us, as this province has formerly felt by wofull Experience and may reasonably Expect The like again, and having lately discovered that some of Their headquarters are not much above a day's March above our Towns, So That whatsoever we can raise in This Government being employed on our frontiers would not only be a protection to us, but a very great annoyance To The Enemy, and Tend very much to The distressing Them and bringing the warr to a Speedy conclusion, and we are of opinion That our Good friends and neighbors of The Mass^a will Esteem it a proportionable part in carrying on The warr, and That His Excellency will direct his Commanding officers that may be posted near unto us, To Concert measures wth ours for suppressing and destroying The Enemy as opportunity & occasion may offer. And whereas you hon^r was pleased To lay before us his Excellencys letter of y^e 13th Curr^t wherein he directs To Send Seventy men To The Eastward To joyn The Army There we find our Selves utterly unable To Support That Charge and at The same Time To be able to Secure our frontiers and to oppose The Enemy in case of an attack.

A message to the house by the Clerk to require their attend^a at this board; the Speaker and House came accordingly, & then his Hon^r was pleased to make the following Speech:—

Gentlemen—

I received a letter from his Excellency our Governour, bearing date the 5th instant, advising me that Coll^o Schiler, wth seven Maquas were come to Boston to treat with the Massachusetts Government abt the Eastern Indian warr; which affair would not permit his Excellency's coming into the Province this Fall, for w^{ch} reason, I purpose that our Sessions be short, & therefore pass on those things onely that are absolutely necessary for the support and honour of the Government.

Pursuant to a vote of Gen^l Assembly, I have caused a way to

be cut to Winnipishoky Pond, which I hope will give general satisfaction. It has been attended with a considerable expence; however it is well over, and that without any loss of men, for which favour God Almighty be praised.

The Block-house voted to be built at the Pond, I am of opinion it is best to suspend the building thereof for the present.

It is just that the souldiers & others that have been in the service of the Government should be paid of [off] this Fall. I would therefore recommend to you the Raising two thousand pounds on a good fund, w^{ch} I hope will more than pay of our just debts; & as we are contracting debts on ourselves, so I think it our interest to find out a way to be paying in what we can without laying too heavy a burthen on the people. I would therefore recommend to y^e the laying on a tax of one thousand pounds for this present year, to be paid into the Treasury in species, or Merchantable fish, boards and all sorts of Provisions, & y^t a Committe be appointed to sett the prices.

[P. 260.] I am of opinion that the report of the Committe of Audit relating to the soldiers sent to Arowsick the last winter, under y^e command of Capt John Penhallow, ought to be reconsidered; it appearing to me that the said Capt. & his men are sufferers by the said Committes report.

As I have the command of his Majestys Fort, Wm & Mary, so I think it my duty to lett you know the state of that garrison, what money you formerly voted for the repairing and rebuilding of it I do assure you has been faithfully applied to that use; what we have rebuilt for the two years past is laid with stone and lime and may stand ages. I hope you will still continue your yearly allowance of about one hundred pounds until it be finished. Our stock at the fort of all sorts runs low; the dropping of y^e powder act was a very great loss to the Province; —for the redressing of which I think it reasonable & just that we make an additional clause to our Gunpowder act, passed in the year 1704; We then received one pound of powder for every ton the ship or vessel measured; and now but two-thirds of a pound p^r ton, occasioned by the difference of mony; so that three shillings p^r pound now bears the same proportion that two shillings did when the Act was made; and that all vessels (fishermen only excepted) should be oblidged to pay powd^r money once a year.

There are some of the Laws that want to be strengthened, w^{ch} well deserves yo^r consideration.

I have onely to add, that you will take effectual care to provide

for his Excellency our Govern^rs usual allowance, and what else is necessary for the Hon^{ble} support of this his Majesty's Government.

J. WESTWORTH.

Mr. Speaker prayed a copy of y^e foregoing Speech, which was granted; and then he and the house wthdrew to their own Chamber.

A message to the board by Capt. Gerrish and Mr. Den-
net wth the Representatives answer to the Lieut. Gov^rs
Speech (as follows)

Pro. New Hamp^r &c.

In answer to his Honour the Lieut. Gov^rs speech of y^e 17th cur-
rent:

Whereas y^r Hon^r is pleased to communicate to us the reason of
his Excellency's not honoring us wth his presence this Fall's ses-
sions, was his being taken up in a treaty wth the five Nations of
Maquas at Boston: we should have looked upon it as a mark of
the favour of the Mass^a Government, if the subject matter of the
said treaty had been imparted unto us, our Interest being insepar-
able from theirs.

We shall take speedy care for the payment of the cutting the
way up to Winnipishoky pond, and concurr wth yo^r Hon^rs opinion
that the building the block-house be suspended for the present.

We shall take care to erect a fund for the payment of all the just debts of the Province. As to the souldiers that went to Arowsick und^r y^e command of Capt. Jno. Penhallow, the report of the committe being reconsidered by y^e assembly and settled as well for others as those, cannot make any alterations.

As to the repairs of Fort Wm & Mary, we [p. 262.] think the season to farr spent for any further repair this fall, but shall not fail making provision in due season therefor.

As to the stock of the stores of the fort, we shall take it into consideration, and doubt not but to find some way to supply it.

We shall likewise consider what yo^r Hon^r mentions concerning his Excellency, and also what is necessary for the hon^{'ble} support of this Province.

A Message to the house of Represent^t by the Clerk to require their attend^a at the Council board, the speaker and house came up accordingly & his Honour was pleased to make the following Speech.

Gent.

This being the first time I have seen you since his Excellency our Govern^r Embarked for Great Brittain where I hope he is arrived in safety, and we may expect his return to us again some time in the months of September or October next which I thought proper to communicate to you.

I am sensible that his Excellencys suddain leaving us, had laid me und^r some difficulty and the more so since we have a warr upon us.

I promise myself that my Council will at all times and more especially at so critical a juncture as this give me their faithfull advice, and I have no less reason to believe but the house of Represent will give me all aid & assistance for the better and more honourable support of y^e Govern^t and so enable me to carry on our proportion of the Indian Warr, which we are now engaged in so as that our neighbours may have no just cause to censure us on that head.

It has been the practice of this Government on several occasions to address His Maj^{ty}, and I think it much so our duty now, since we have the certain advice of a wicked and bloody conspiracy formed agst His Majesty and His whole Royal Family,—the subversion [P. 282] of our happy constitution both in church and state, but by the good Providence of Almighty God it was timely discovered.

I would put you in mind that the Treasury is empty which is not for the honour or interest of the Government more especially in time of Warr and that there are some few debts due from the Province that ought to have been discharged the last fall and some now due, you may be assured I will take effectual care that the money which comes into the Treasury shall be applyed to the ends it was raised for and no other.

I hope a few days will finish what we have to do at present, the Time of our Spring sessions drawing near, by which time we may expect to hear from Great Brittain which may enable us the better to manage the affairs of the ensuing year.

You may be assured that whatever you offer to me that is in my power to grant for His Maj^{ty}s service and the good of this Province you shall have my hearty concurrence thereto.

To the King's most Excellent Majesty, The humble address of the Lieut Gov^r Council and representatives of your Maj^{ty}'s Province of New Hampshire in New England in America convened in General Assembly.

Most Gracious Sovereign :

We your Majestys most loyal & dutifull subjects do unanimously for our selves and in The name of all the people of this Government humbly take leave to prostrate ourselves at your Royal Feet and manifest to your [P. 287.] Majesty our unfeigned and boundless Gratulations for the late seasonable & mercyfull discovery of the blackest and most horrible Tragedy Hell itself could project; by which means your majesty's most sacred Person

and your Illustrious family were delivered from the danger of a bloody masacre and murtherous conspiracy and even the happy constitution of your kingdoms and Dominions both in church and state with your subjects propertys and privileges preserved (from Popish chains and Romish slavery) which were all to be destroyed by the same fatal blow. We adore the Infinite Goodness of the Omniscent on this account, who hath brought to light this dark and deep design and we do unitedly and earnestly pray that the same tender regards of Heaven which hitherto have may ever yet surround your majesty and that the Almighty Arm of y^e King of Kings may at all times be stretched out for y^e defence of your Majesty against all secret attempts & open violences. That the Crown of Great Brittain may sitt fast and flourish on your majestys head many years yet to come, and that after you shall change this for a Heavenly Crown, the Throne of those Kingdoms may be filled by a Protestant Prince of your most Illustrious family till time shall be no more; and we do also at this time with the Greatest humility beg leave to Testify to your Majesty the abhorrence and detestation we have conceived against a Popish Pretender and His Adherents, and more especially such of them as are your Majestys lawfull subjects, and tyed in subjection not by laws alone, but by the most mild and mercyfull administration that liberty itself could wish for and freedom desire, the Influences whereof have reached y^e remotest regions in your Majestys Dominions even this little distant American Province which has rejoiced in y^e felicity and Privilege of being your subjects.

And while we are yet addressing We the Council and Representatives [p. 288.] with utmost submission ask liberty To Tender to your Majesty our hearty thanksgiving for your gracious care concerning us in having the chair of this Government from time to time furnished with Governours of known loyalty worth and distinction and at this time by one whose administration has hitherto been and we promise ourselves will continue to be, meritorious of your Majestys smiles and of your peoples prayers for His continuance. A Message to the House by the Clerk to desire their attendance at the board the Speaker and House came accordingly and his Honour was pleased to make the following speech.

Gentlemen—

Its with Great Satisfaction that I meet you at this time, and hope with minds well prepared for the speedy going through what remained of y^e last years business, and then pass on those things that concern the Present year.

You may remember that I recommended to you the laying a Tax on the Inhabitants of a thousand pounds in order to lessen our Public Debts. I then told you that the Growing charge of the Province was such that if we did not find out some way for discharging our Debts as we went along, that in time it would bring the burthen to be very heavy which I hope you will Seasonably prevent by taking proper Methods for the lessning thereof.

I did in the Proper Season of y^e year provide plank Timber stone and lime at y^e cheapest rate I could for repairing His Majestys Fort W^m & Mary at New Castle, and I hope you will take care to provide for that repair.

I have taken all proper measures to defend our frontier Towns from y^e Insults of the Indians by keeping out Small Scouts, which

by y^e blessing of God has proved successfull hitherto So that not a man has fallen by the enemy in this Province Since the warr.

[P. 290.] I have with the advice of the field officers sent a small Party of men to Winnepishoky pond und^r Command of Cap^t John Gillman they are gone twelve days March to that part of the pond where their fishing ware is fixed in ord^r to make what discovery they can of the enemy which I hope will have its desired effect.

I am to let you know that I have received a letter from His Excellency our Governour dated in London March y^e 6th last past in which he advises me of His Safe arrival there, and that he intended to return to this Country in three or four months, and as he has promised to do every thing in his Power to serve this Province, So I think I should be wanting in my Duty to him, If I did not recommend to your Consideration the usual allowance made him when present wth us.

I would recommend to you that proper care may be taken for the discharging what debts remained due from the Province for the year past and also for y^e Present year's expence as the Scouting and going to Winnepishoky pond &c. also that you will take proper care for the Hon^{ble} Support of this His Majesty's Govern^t and if you have anything to offer that is for His Majesty's Service and the Good of this Province you are always sure of my hearty Concurrence.

Gentlemen,

I have deferr'd y^e Setting of y^e fall Sessions for some time that so I might lay before you the Muster Roles with y^e whole Expence of y^e Summer past.

[P. 310.] The Charge in defending our frontiers has been considerable and altho we have not had the wished for Success against our Enemys yet we have in some measure answered our expectations in that the enemy has not made those breaches upon us which we might have reasonably expected had we been careless and secure.

I Promise myself that you will make the necessary provision for Enabling Mr Treasurer to pay of the just demands due from the Province an account of which I have order'd to be laid before you.

We are wel assured that our bills of Credit are Counterfeited, and that our neighbouring Governments have detectd some of the offenders. I think it is a matter well worthy of our consideration and wherein our Laws are deficient let us strengthen them or Pass new laws for the Prevention of So great an Evil.

I have received Several letters from His Excellency Gov^r Shute since our last sitting assuring me that he will do his Utmost endeavors and everything in his power to Serve this Province and particularly in getting the lines Settled and His Majesty's bounty to Fort William and Mary.

Mr Agent Newman writes me much to the same purport with this addition that he had just then made an Interest wth Mr De Le Fay Secretary to the Lords Justices for obtaining the more speedy answer to his Memorial. the letter bears date augst 23^d last past also that he had wrote to Mr Speaker Wear by same conveyance which Judge Mr Speaker will communicate to your house.

We have not done what was design'd as to the stone work of the Fort occasioned by y^e war but the timber work is all finish'd and in good order designing early in the Spring to proceed on the stone work.

I Promise myself that you will stil take care for y^e Hon^{ble} support of this His Majesty's Government where you Shall find me both ready and willing to serve my King and Country to the Utmost of my Power.

J WENTWORTH

His Honour The Lieu^t Gov^r read to y^e Speak^r and house a Paragraph of a letter (which he told them he had received from Gov^r Shute) acquainting him that M^r Penhallow had been at some [P. 311.] Expence in England for the Province service and ought to be Considered for it.

Gentⁿ

My Intention was to have seen you Sooner but when I considered the backwardness of the Season occasion'd by the long rains we have had I determined to give you more time that you might finish the busyness of the Spring, and then be better prepared to dispatch what may now come before you.

I have by the last Ships from Great Britain received a letter from Gov^r Shute, and he stil assures me he will Contribute every thing in his Power to Serve this Province, and the Present State of his affairs would not admit of his telling me when he Should Imbarque for New England.

I was in Expectation of Giving you the pleasing account of His Majestys bounty to Fort W^m & Mary whose Stores are well Exhausted and Stock very low but by my letters of the 27 of March last from M^r agent Newman I find the Memorial laid in by him to the Lords of Trade &c did not meet wth the Expected Success, however he is advised to Petition His Majesty and is in hopes of obtaining.

I have Given Sam^l Penhallow Esq^r a Commission for Treasurer of this Province and hope you will take care to allow such Supplys of money as are necessary for y^e Support of the Government.

Geo: Jaffrey Esq The late Treasurer will lay before you the Publick acc^t of the Province in order to be examined and adjusted.

[P. 329.] I have taken care to guard our frontiers wth a Scout of thirty two men, eight men in a party, the better to secure our Exposed Inhabitants, a Greater Number may be raised as occasion offers but am willing to make the expence as Easy as Possible That so you may be encouraged the more liberally to raise mony for repairing and building Fort W^m and Mary. The Committe for that Service have provided Materials & agreed with workmen, but the Season has hitherto prevented them from beginning work

The Thousand pound Tax To be raised on the Inhabitants this Present year you can Expect no benefit by for it must be burnt To ashes therefore you will Consider how to Provide for the accruing charge of this year that so His Maj^{ty's} Governm^t may be Supported wth honour.

Henry Newman's Letter to Committee of both Houses.

[From MS. Correspondence in Secretary's Office, p. 37.]

To Mr. Penhallow and y^e Gent. of the Committee of both Houses in
New Hampshire.

Middle Temple, 29th Sept. 1724.

Gentlemen —

I received your Instructions dated the 10th of March last, signed by Mr. Penhallow in behalf of the committee of both Houses, and immediately applied myself to execute your Orders.

I went to the board of Trade with the Triennial Bill and acquainted Mr. Secr'y Popple with the Directions I had received thereon; he told me they could receive no Bill there without the Province Seal to it: I told him I would leave the Copy I had received as an Authentick Copy signed by the Secr'y of the Province, till a Copy with the Seal of the Province could come; he said, I might do so if I would, but the Board would consider it only as a Piece of Waste Paper, and give no opinion of it till it came in Form. I then suspended farther application in Hope the next Ship might bring a Copy in Form; but to this day none is come. In the mean time I have acquainted the Governor with the contents of the Bill, knowing the Board of Trade would consult him thereon, before they would recommend it to the King. The Govern^r said he thought it an improper juncture to offer a Bill for limiting the Prerogative, when the neighboring Province had incurred the Jealousie of the Court by several invasions of it; but if the Province of New Hampshire thought their Interest much concerned in it, he would not oppose it; if the Govern^t here should think fit to approve of it.

I have since asked some Gentlemen belonging to the office of Trade and Plantations what they thought would be the sentiments of the Board on such a Bill, when it came regularly before them: and they told me it is dubious what might be the success of it for these Reasons:

1st Because of the Inroachments of a neighboring Province.

2^{dly} That as the Province was at this time Petitioning the Crown for a considerable Favour of stores, the offering such a Bill as should limit the Crown was not so well tim'd as might be wish'd.

3^{dly} That the Commons of Great Brittain did at an important Juncture obtain such a Limitation on the Crown as that a New Parliament should be called once in 3 years, but Experience had shown that such a Limitation was prejudicial to y^e subject by the Tumults and Expence it occasioned to the Candidates for Election, and therefore they had since obtained an Enlargement of that Limitation from 3 to 7 years.

I mention these Things that you may, if you think proper, submit them to the Consideration of the assembly.

The Board of Trade have very kindly espoused and recommended to the Government the memorial for stores for Fort William and Mary, but the office of Ordnance have not done so, because the Stores sent by an order of Council in the late Queen's time are not paid for to this day, and they seem content it should remain as a desperate Debt, provided they may never have such orders again, without a Provision in Parliament.

I have seen at the office of ordnance their memorial to my Lord Cadogain, but have not yet been able, after frequent solicitations to get an Authentic Copy of it. They also lately refus'd giving any copy and told me I must go to the Secretary of State's office for it; Mr. Delafaye, who then acted as Secretary of State, assures me he never received it, and having since desired a copy of it, they sent him a copy, or rather an Extract of it without any name to it, and when Mr. Delafaye shew'd it to me, he told me he could only let me read it, because it did not come regularly to him. I told him that would do me no service without the liberty of copying it, and having y^e names of those who signed it. He then desired I would write to him such a letter, as I had sent a copy of, dated the —? of July last, and that he would try to get a copy on such a Letter. I have since been to wait on him at Windsor to know what effect this method of application had; my journey was in vain, for he plainly told me, unless I would give him his own time, he could not serve me.

I have again wrote to him the 17th curr^t in the terms herewith sent, but have no answer. Nor can I take more steps in this affair with the ministry without a Copy of this memorial to prevent any further Reference to the Ordinance.

As to the affair of the Lines, I am attentive to any step the Agent of Massachusetts may take therein, and shall make the best use I can of the Instructions you have given to Defend your Interest when occasion offers.

The Board of Trade will not meddle with it, till it comes reffer'd to 'em by the Governm^t, and to Petition the king, at this juncture to urge a Hearing before the Council, I am sure of a great Expence, but not so sure of serving the Province therein with success, as I desire to be when I make application about it.

Please to assure the Lieutenant Gov^r and both Houses of the Assembly of my humble service, and thankful acceptance of their last Remittance, and to believe that I am,

Gentlemen,

Yor^t most obedient

Humble servant

HENRY NEWMAN.

A Message to the house by Jotham Odiorne Esq and y^e Clerk to require their attend^a at the board the Speaker and house came up accordingly to whom His Hon^r addressd himself in y^e following speech.

Gentlemen,

I have at all times manifested my concern for the welfare of this Province & people and I now give you fresh Instances of my readiness to do anything that is in my power that may add to Its Peace and prosperity.

It will be very pleasing to me to See the business of this Sessions meet wth dispatch yet not in a hurry but to give every thing Its due consideration.

[p. 346.] I was in great expectation that our forces Eastward would have met with better success, but the Season of the year being so far advanced, and our men much fatigued by its long march wth other concurring circumstances put an End to that Expedition.

The present expensive warr we are Engaged in dayly increases y^e Charge of y^e Province so I find there will be a necessity of Striking or emitting more bills of Credit in order to discharge y^e extraordinary demands of the warr. I would put you in mind y^t due care be taken that what bills of Credit are annually brought in by tax on y^e Inhabitants be burnt to ashes according to act of Gen^l assembly and not Issued out of the Treasury again on any pretence whatsoever.

It would be an honour to this Government to make suitable provision for changing such bills of Credit of this Province as are so defaced that they will not pass from man to man, and appoint a Person or Persons for the Same.

The expence of the Province for the year I have managed with

all possible frugality, and what mony you raised the last Session has been apply'd to y^e Uses it was designed for.

I have ordered Mr Treasurer Penhallow to lay before you the Publick accounts, and the Muster Rolls to be brought in, that so they may be Examin'd & Adjusted.

I doubt not but you will allow such Supplis of Money to the Treasury as may be wanting to discharge the Just debts of the Province, and also make Honourable Provision for the Support of this His Majesty's Government.

By The last Ships I Rec^d letters from His Excellency Gov^r Shute, who Intends here y^e next Spring haveing a prospect of Composing his affairs by that time. His Excellency Thinks himself neglected (Since he is there serveing y^e Province at his own Expence) That the assembly dont make him Some hansome allowance. I am very well assured that he has and will do us any Service in his Power.

This Gentlemen you may remember I have frequently recommended to your Consideration.

Mr Agent Newman has also wrote me by some of the last Ships from Great [p. 347.] Brittain That he Is Still Soliciting about the line and Stores for Fort W^m & Mary but as yet not the desired Success but yet in expectation of bringing it to a good Issue

J. WENTWORTH.

A Copy of The foregoing Speech being desired by the Speaker in behalf of the house y^e same was delivered him by y^e Clerk, & then the house wth drew to their own Chamber.

A Message to the house by the Clerk to require their attend^a at the board, the Speak^r and house came up accordingly to whom His Hon^r the Lieu^t Gov^r was pleas^d to make y^e following speech,

Gentlemen

I have lately rec^d letters from Gov^r Shute who advises me that the Court is so taken up wth affairs of Greater moment, that he finds great difficulty in finishing his business & that he will return to New England so soon as he has the Kings Commands

M^r agent Newman's Memorial to M^r Secretary Walpole for Stores to Fort William and Mary I shall lay before you, as also his letter about the lines, which hope you will take into consideration.

I have order'd a Small Scout of twenty men to range our frontiers, but as yet made but little discovery. I suppose we shall think it proper to make an addition of forty men to our Scouts. We have often found by wofull Experience y^e sending small numbers into y^e Country altho the Charge be more yet we act wth greater Safety and in the end find our account in it by discouraging our Enemies & also the preservation of the lives of our People.*

I would recommend to you the further Encouraging Volunteers by adding two Shillings & Sixpence pr day to the hundred pound act for every day they are on Service.

There is in the Treasury one thousand & Seventy Six pounds Sixteen Shillings which by act of Gen^l assembly is to be burnt to ashes this present Sessions and a Tax is to be laid on the Inhabit-

*There may be an allusion in the above to the bloody and disastrous fight between Capt. John Lovewell with his thirty-four men, and the Indians, at Pigwacket, on the 8th of May, 1725, the latter numbering, it is believed, not less than seventy. For detailed accounts of this terrible fight, see *Penhallow's Indian Wars*, *From Belknap*, pp. 209-212; *Farm. & Moore's Hist. Coll.*, Vol. 1, pp. 26-26; also a *Pamphlet* *Account of Rev. Thomas Symonds' Memoir of the fight, with notes by Rev. N. Bowdoin*, Concord, 1861.

ants for one thousand & Seventy Six pounds Sixteen Shillings for this Present Year in order to be burnt. These Sums have been already postponed. Its the Honour of all Governments to Execute their own acts Especially what relates to mony.

[P. 365.] I must reccommend to your Consideration the Great difficulty the Ministers of the Gospel labour under by the sinking Credit of our paper mony whereby those that ten or twelve years past contracted for one hundred pounds pr year with their Parishes have by y^e debasing of our paper Credit their Salaries are reduced to fifty or Sixty pounds which very greatly affects their familys & must be a Great discouragement to them in their Ministry.

I again reccommend to you that you'l think of some method that may put a stop to Counterfeiting paper bills of Credit. They have but a poor Credit at best & certainly they will yet be worse, in case the practice of Counterfeiting prevail.

I Rec'd an Express from L^t Gov^r Dummer giveing an acct that Cap^t Lovel had met wth a party of Indians at or near Pigwocket which broke Cap^t Lovel's Company in pieces. I have sent fifty two men und^r Command of Cap^t Jon^a Chesley and to make the best of his way to Ossaby and Pigwocket, and there make diligent Search for Cap^t Lovel's Fort &c & to relieve any wounded men they may meet in their way thither or Else where.

Mr Atkinson our Commissioner to Canada is returned and has brought a letter from the Gov^r of Canada which was ordered to be translated, and then Shall lay it before you, also what was transacted by Mr Atkinson.

I hope you will Consider the Expencc of the war upon us and make timely provision accordingly by enabling the Treasurer to discharge y^e Expensive war that now lies on us as also for the Hon^{ble} Support of this His Majestys Government.

A Message to the board by Mess^{rs} Fellows and Atkinson wth the answer of the house of Represent^t to His Honours Speech (as follows)

May it Please Your Hon^r

In Your Speech to this house you gave us advice of a letter from Governour Shute of his return to New England as soon as he has the Kings Command. We are glad to hear of his health and when he returns to New England our Gov^r as such we Shall receive him, and as for Mr Newmans letter which Informs us of y^e difficulty he meets wth in attaining stores for the Fort Will^m & Mary and Settling the line between the two Provinces, We are sorry for our Misfortune in that affair We thank your Hon^r for your care and Conduct in Sending a Scout of twenty men to guard our frontiers & think proper to add to their number. As for the Encouragem^t of Volunteers we shall take it into our consideration. As for y^e Mony which is in y^e Treasury to be burn'd, and what is to come in for that end we shall take Effectual care to Execute all our Acts

relating to that affair according to the Intent of them. As for the Great Difficulty the Ministers of the Gospell labour under by reason of the Sinking Credit of our paper bills we shall take all the care that we can to recover y^e Currency of our bills and raise their Value and hope that in the mean time all the Parishes within this Province will Manifest that respect to their faithful Ministers as to afford them a sufficient Support as being oblidged thereto by the laws already made for that end. As for the misfortune of Capt Lovel and his men We desire to be humble before God for so great a frown of His Providence and [P. 370.] thank Your Honour for Sending a Company for y^e relief of any that may be yet alive.

We rejoice to see Mr Atkinson safe return'd from Canada, and as for the letter he has brought from the Governour, we shall know better how to answer when we know the Contents thereof, and Shall take care to raise money for the war and the Hon^{ble} Support of the Government.

A Message to the house by the Clerk to require their attendance at the Council board. The Speaker & house came up accordingly to whom His Hon^r made the following Speech.

Gentlemen

You have on all occasions to my great Satisfaction shown your readiness to dispatch the publick affairs of the Government so that I have not the least room to suspect it at this Sessions.

The treaty with the Indian Delegates at Boston lasted beyond our Expectation which has put off this Sessions longer than usual however the prospect we have of a lasting peace will over ballance that and I hope prove advantageous to this Province.

The articles of Peace agreed upon I shall lay before you for your perusal which are to be further ratify'd and Confirmed at Falmouth in Casco bay some time in y^e month of May next.

Mr Newman our agent at y^e Court of Great Brittain advises me since our May Sessions that he takes all opportunitys to Solicit S^r Robert Walpole for the runing of the lines and for the Stores for Fort William & Mary in all which he Expects Success.

I would put you in mind of making Mr agent Newman a Present for we have scarce allow'd him enough to pay his Coach hire.

The five hundred pounds raised for the Supply of the Treasury will go but a little way in discharging the Muster Rolls & Mr Treasurers Victualling bill w^{ch} doubt not but you will take effectual care of & for the more honourable Support of this His Majestys Govern^t

J. WENTWORTH

[P. 382.] Mr Speaker desired a Copy of the foregoing Speech & then he and the house withdrew to their Own Chamber.

His Honour the Lien^t Gov^r laid before the Council a Copy of the articles of Pacification agreed on with the Indians at Boston which being read, the Same together with a Copy of His Hon^{rs} Speech was sent down to the House by Geo: Jaffrey & Joth Odiorne Esq^{rs}.

[From Penhallow's Indian Wars.]

The submission and agreement of the delegates of the Eastern Indians.

Whereas the several tribes of Eastern Indians, viz. the Penobscot, Norridgwock, St. John's, Cape Sables, and other tribes inhabiting within his Majesty's territories of New England and Nova Scotia, who have been engaged in the present war, from whom we, *Sauquarum* alias *Sorun Arexus*, *Francois-Xavier*, and *Meganumba*, are delegated and fully empowered to enter into articles of pacification with his Majestys governments of the Massachusetts Bay, New Hampshire and Nova Scotia; have, contrary to the several treaties they have solemnly entered into with the said governments, made an open rupture, and have continued some years in acts of hostility against the subjects of his Majesty King George, within the said governments: they, being now sensible of the miseries and troubles they have involved themselves in, and being desirous to be restored to his Majesty's grace and favor, and to live in peace with all his Majesty's subjects of the said three governments and the province of New York and colonies of Connecticut and Rhode Island, and that all former acts of injury be forgotten: have concluded to make, and we do, by these presents in the name and behalf of the said tribes, make our submission unto his most excellent Majesty George, by the grace of God of Great Britain, France and Ireland, King, defender of the faith, &c., in as full and ample manner as any of our predecessors have heretofore done.

And we do hereby promise and engage with the Hon. William Dummer, Esq. as he is Lieut. Governor and commander-in-chief of his majesty's province of the Massachusetts Bay, and with the Governors or commanders in chief of the said province for the time being: that is to say—

We, the said delegates, for and in behalf of the several tribes aforesaid, do promise and engage—That at all times, forever, from and after the date of these presents, we and they will cease and forbear all acts of hostility, injuries and discord towards all the subjects of the crown of Great Britain, and not offer the least hurt, violence or molestation to them or any of them in their persons or estates, but will henceforward hold and maintain a firm and constant amity and friendship with all the English, and will never confederate or combine with any other nation to their prejudice.

That all the captives taken in this present war, shall, at or before the time of the further ratification of this treaty, be restored, without any ransom or payment to be made for them or any of them.

That his Majesty's subjects the English, shall and may peaceably and quietly, enter upon, improve and forever enjoy all and singular their rights of land and former settlements, properties and possessions, within the eastern parts of the said province of the Massachusetts Bay, together with all Islands, inlets, shores, beaches and fishery within the same, without any molestation or claims by us or any other Indians, and be in no ways molested, interrupted or disturbed therein.

Saving unto the Penobscot, Norridgwock, and other tribes within his Majesty's province aforesaid, and their natural descendants respectively, all their lands, liberties and properties not by them conveyed or sold to or possessed by any of the English subjects as aforesaid; as also the privilege of fishing, hunting and fowling, as formerly.

That all trade and commerce which may hereafter be allowed betwixt the English and the Indians, shall be under such management and regulation, as the government of the Massachusetts province shall direct.

If any controversy or difference at any time hereafter happen to arise between any of the English and Indians, for any real or supposed wrong or injury done on either side, no private revenge shall be taken for the same, but proper application shall be made to his Majesty's government upon the place for remedy or redress thereof, in a due course of justice. We submitting ourselves to be ruled and governed by his Majesty's laws, and desiring to have the benefit of the same.

We also, the said delegates, in behalf of the tribes of Indians inhabiting within the French territories, (who have assisted in this war) for whom we are fully empowered to Act in this present treaty, do hereby promise and engage, that they and every of them shall henceforth cease and forbear all acts of hostility, force and violence, towards all and every, the subjects of his Majesty, the King of Great Britain.

We do further in the behalf of the Penobscot Indians promise and engage, that if any of the other tribes intended to be included in this treaty, shall notwithstanding, refuse to confirm and ratify this present treaty entered into on their behalf, and continue or renew acts of hostility against the English, in such case, the said Penobscot tribe shall join their young men with the English in reducing them to reason.

In the next place, we the afore-named delegates do promise and

ingage with the Honorable John Wentworth, Esq. as he is Lieut. Governor and commander-in-chief of his Majesty's province of New Hampshire, and with the governors and commanders-in-chief of the said province for the time being, that we and the tribes we are deputed from, will henceforth cease and forbear all acts of hostility, injuries and discords, towards all the subjects of his Majesty King George, within the said Province; and we do understand and take it, that the said government of New Hampshire, is also included and comprehended in all and every of the articles foregoing, excepting that article respecting the regulating the trade with us.

And further, we the aforementioned delegates do promise and engage with the Hon. Lawrence Armstrong, Esq. Lieut. Governor and commander-in-chief of his Majesty's province of Nova Scotia or Accadia, to live in peace with his Majesty's good subjects and their dependents in that government, according to the articles agreed on with Major Paul Mascarene, commissioned for that purpose; and further to be ratified as mentioned in the said articles.

That this present treaty shall be accepted, ratified and confirmed, in a public and solemn manner, by the chiefs of the several eastern tribes of Indians included therein at Falmouth in Casco Bay, sometime in the month of May next. In testimony whereof, we have signed these presents, and affixed our seals.

A Message to the house by the Clerk to require their attendance at the board the Speak^r and house Came up accordingly to whom His Hon^r was pleased to make the following Speech

Gentle.

Being sensible that at this Time of y^e year yo^r concerns at home do in a more particular manner require you there. and for that reason I have determin'd to make this session as Short as our publick affairs will admit of.

One design I had in calling you together was that we might appoint Suitable Persons from both houses to Joyn the Mass^a in ratifying and confirming the Peace at Casco bay in May next the Time that was fix'd on at our treaty with the Indians at Boston.

L^t Gov^r Dummer Signifys to me That he rec^d a letter from Loron a Principal Sagamore at Penobscot which is supposed to be wrote by the Jesuit dated y^e 27 of March by which he finds the french are endeavouring to overthrow the Treaty we had at Boston. but this is no more than I Expected from the french, and I am persuaded that all their Measures will prove ineffectual.

I would Urge it as a Matter of the last importance to this Province that we give directions to Our Agent to make the Closest application at y^e Court of Great Britain to obtain a Settlem^t of the lines between the Two Provinces & It will be very much for Our honour and Interest to make a larger allowance for Our agent if we expect Success, for in Soliciting on all occasions it must be expensive, and what has been hitherto allowed you can't reasonably think Sufficient to Carry on our busyness.

[P. 397.] The Mass^a are dayly ineroaching on us a late Instance we have in Voting a Township should be Erected and Settled at Pennycook which will certainly be in the very bowels of this Province & will take in the most valuable of Our lands.

I would therefore recommend this Matter to yo^r mature Consideration and am persuaded that you will Consult Such measures that may be not onely Serviceable but for the Honour of His Majestys Province w^{ch} I assure y^e I shall cheerfully imbrace.

I have lately represented this affair to the Lords Commissioners for Trade and Plantations & have transmitted the best & Exactest draught of this Province Merrimack river and the Scituation of Pennecook to their Lordships praying their favour in obtaining a Settlem^t of the lines giving Instances wherein it highly Concerns y^e Interest of y^e Crown.

It is with a Great Deal of Pleasure that I now tell you of His Majesty's Safe return to His Kingdome the Success of his Negotiations abroad y^e firm & Strong alliances he has made for y^e Security of y^e Nation demands our thankful acknowledgm^{ts}, and on this Occasion It is Our Duty to address His Majesty, I would recommend it to you that a Committee of both houses be Chosen and appointed for that end. That an address be drawn up and humbly presented to the King by Our agent.

You will take Care that what bills of Credit are to be burnt to ashes at this Sessions by act of Gen^l assem. must be Comply'd with and that Proper care be taken for y^e Calling in one thousand and Seventy Six pounds 16s bills of Credit for this Present year 1726, and if you can think of any thing that may be for the Interest of y^e Crown and the Service of the Province I once more assure you that I am ready to do everything in my power.

J. WENTWORTH.

The Speak^r desired a Copy of y^e foregoing Speech & then he and the House withdrew to their own room.

We thank your Honour for your care & concern for our private affairs at this busy time of the year in recommending to us that this Sessions may be but Short least our husbandry may Suffer thereby

We shall proceed to the Choice of some Suitable Persons to attend Yo^r Hon^r to Casco bay or Elsewhere in conjunction with the Government of the Massachusetts for the confirmation of the late treaty of Peace and likewise make Suitable provisions for y^e Honourable support of your Honour and those Gentlemen that Shall attend your Honour thither.

We thank your Hon^r for Communicating to us the Contents of Your letter from L^t Gov^r Dummer relating to a letter from the Indians and We are of opinion with your Hon^r that the French are very busy at work to prevent the good Effects of the Peace lately agreed upon but hope all their Endeavours to that end will be blasted.

As to the settling the lines between y^e Govern^{ts} we shall take it under our Serious Consideration.

We rejoice at His Maj^{ties} Safe arrival to His Kingdome again and heartily Joyn with Your Honour in a congratulatory address on His late wonderful preservation when in so imminent danger at Sea and for His wise and prudent alliances made for the Strengthening our national Interest both abroad & at home.

We shall take care that all Acts relating to publick Funds be punctually complied with as much as lies in our power least y^e Publick Faith Should suffer any Diminution.

Dear Sr:

This accompanys a Copy of my last of 29th July, by Dr. Boylston in Letherhead, and acknowledges the Rec^d of yr favour of the 9th of March, since which I have received yor letter of the 17th of June signifying that you had wrote to me of the 12th of April, which I don't find ever came to hand.

In obedience to the order of the Committee of both Houses, I immediately put in a memorial to the Board of trade,—copy of which is here inclosed, with my letter to the said Committee thereupon, to which I beg leave to refer you, and for other particulars therein mentioned.

I have since obtained a Reference of my memorial to the King, on the subject of the Lines, to the Lords Commission^{rs} of Trade, and the same is now lodg'd at the Board of Trade for a day to give Mr. Dummer and me the Hearing.

How far M^r Dummer may draw me into a contest about this matter must be left to time; I can only say that if the Province will support me, nothing shall be wanting on my part to defend their interests.

I immediately waited on the D. of New Castle with the address of the Province to his Majesty, but his grace being at his Country Seat at Claremont where he expects his Majesty, I was advised to delay presenting it, till his return.

I beg leave to refer you for the rest to the print herewith sent, and assure you that I am, Dear Sr,

Y^r most humble servant,

HENRY NEWMAN

Lieut. Gov^r Wentworth.

The Gov^r (1) is well, being gone into Derbyshire to make my Ld. President a visit upon invitation. I told him you had wrote several letters without receiving any answer; but he assured me he had acknowledged them all, by letters, wch I hope you have rec^d ere this.

Governor's Speech, 3d May, 1727.

[Copied from MS. Governor's Messages, in Secretary's office.]

Gentlemen,

Knowing that a long Session at this Season will not be agreeable, I shall not detain you longer than is necessary to Despatch the business that may come before us.

The Committe appointed to Examin the late Treasurer's Acco^{ts} I conclude have made preparation to lay them before us at the opening of the Session in order to have them fully adjusted.

The State of her Majesties Fort William & Mary I have frequently laid before you. The war that our Nation is now Engaged in with Spaine &c. tho' it does not so nearly affect us, yet we cant Determin where it may end; I would therefore recomend to you, That you make some Provision, at least Two hundred pounds for the repaireing the Wheels & Carriages of the Guns, and the Stone work which is allredy begun.

Mr. Agent Newman advises me that he hopes in a short time to give me a good acc^t of the settle^{mt} of the lines, and that he has a faire prospect of obtaining Stores for the Fort; and Gov^r Shute Assures me that nothing shall be wanting in him to forward the affaire.

It is highly necessary That an Act of General Assembly be made & fourthwith put in Execution obleiging all vessels to pay there powder money in powder only, and not in money, since the rise of gunpowder is so greate, for instead of a pound of Powder pr Tun it amounts to but half a pound pr Tun.

There has not a pound of powder nor a shilling in money paide nor to pay since November last; neither is there one ship or vessel in the Port to pay, and unless you make an Act to obleige the Sloops that use the River to pay powder money once in a season, which can't be tho't a hardship, it will lye verry heavy on the Govern^{mt} to supply his Majesties Fort upon any Emergent Ocation.

I recomend to you unanimity & good agreem^t, and make no doubt but you will take effectual care for the Honourable support of this His Majesties Govern^{mt}

J. WENTWORTH.

Province of N. Hampshire.

May 3^d 1727.

Of the Treaty at Casco, 1727.

"Prov, of New Hampshire.

"Tuesday, June the 27th, 1727. The House met by an especial order from the Liu't Gov'r, &c.

A message from the Board that it was his Hon'rs pleasure yt the house attend him at the Board. The House went up, and the Liu't Governor made a speech which was: yt he had rec'd a letter from Liu't Gov'r Dumer that came from the three Indian tribes that had not come into the former peace made with the Penobscot Tribe: and that he intended to meet them ye 10th July at Falmouth and desired his company: a copy of the Letter and Mr. Dumer's Letter was sent down.

' Eod'm die. In the House of Representatives.

The question being put whether this Government shall send to ratifie the Peace with those three tribes that hath now sent and are waiting at Tirionet, it passed in the affirmative.

Voted, that this Province send to Casco to ratify the peace with the three Tribes of Indians now on Kennebeck river in the manner as don with the Penobscut."

Wednesday, June the 28th. In the House of Representatives. "Voted, that his Hon'r the Liu't Governor be desired to commissionate one pson or more, as his hon'r shall think convenient, to goe to Casco to treat with the Indians there, with power to ratifie the Peace already made with the Penobscut tribe and to make peace with any other Tribe with whom we are at warr.

Eod'm die. A message was sent down with the above voat by Geo Jaffrey, Esq'r to be reconsidered."

"An addition to the Governor's Speech was sent down, viz.

"Gent. The vote you sent up desiring me to appoint Comiss'rs

to represent this Government for the making peace with the three Tribes now waiting at the Eastward for our answer, I can by no means adhere to: It being inconsistent with the hon'r of this his Maj'ties Govern't so to do; therefore I advise you to reconsider your vote: We have now an op'tunity to make an hon'ble and lasting peace with those Indians that have so often laid wast our dwelling places and cruelly murdered many of our friends and neighbors: which I think cannot be forgotten by us: more especially you that live on our frontiers. It lies entirely with you Gent. of the house of Represent. this Board being all of opinion that it's highly reasonable and necessary that wee imbrace the season. Let us prefer ye peace, quiet, good settlement of our country and lives of our friends before money; for I find there the matter sticks.

J. WENTWORTH."

"Eod'm die. In the House of Representatives.

Voted, that it is our advice that his Hon'r take two of the Council and one of the House (as shall be by them appointed) with him to Casco Bay or elsewhere; there to ratify and make any peace he shall think fit: and that the Treasurer supply him with what money or necessaries he shall think fit for that affaire, and that he make a present to Indians of 20*l*. and that his Hon'r be desired to be as frugall as may be consistent with the hon'r of the Govern't in this affaire.

Eod'm die. A message from the Board p. Geo. Jaffrey, Esq'r that the above vote was approved off: only that the psent to the Indians of 20*l*. was too little: In the House it was amended and made about 25*l*. and sent up by the same messenger.

Voted, that Mr. Theo. Atkinson be appointed from this House to goe with his Hon'r the Li'ut Governor to Casco or elsewhere to ratify and make peace with the Indians.

Eod'm die. A message from the Board yt ye above voates was concur'd and yt Sha. Walton, Geo. Jaffrey and R. Wibird, Esq'r's were appointed at ye Board.

Eod'm die. In the House.

Voted, that there be two hundred pounds of the money in the Committees hands now sign'd off and put into the Treasury for the defraying the psent charges in going to Casco to meet the Indians.

A messa. from the Board p. Sha. Walton, arm. and the Clerk that the above voat was concurd with."

You was Pleased to remind us that this assem. is Calld by the Precept of his Most Sacred Majesty King George the Second, and have also Commended this Province for their former Loyalty and obedience and that you recommend the same principally to us. We desire to return to Almighty God the Praises due to his Name by whom It is that Kings reign that he hath been pleased so graciously to Bless y^e English Nation and protestant Interest as to Set a Prince of Such royal Endowm^{ts} as King George the Second is upon the British Throne, And we take great Pleasure in Assuring ourselves that we by the Good providence of God shall be Sharers in So great a blessing as to be under the Government of so noble a Prince and Shall at all times manifest our loyalty and obedience, to his royal Comands as good Subjects and Depend upon being protected by him.

[P. 442.] As for the affairs of this Sessions we Shall make all the Dispatches the Concerns thereof will admit of, as for the Support of the Government of this Province we have always Exerted ourselves to the utmost of our ability and considering the Extream Scarcity of mony and the many difficultys we labour und^r we hope we Shall retain our former Character.

Your Hon^r was pleased to Inform us That His Excellency William Burnet Esq^{re} is Expected to be our Governour, and if by the Providence of God he shall arrive here wth a Commission to be Governour We Shall pay him all regards due to a Command^r In chief.

It is with Great pleasure and Satisfaction that I meet you here at this time and I hope with Minds well prepared to pass on what may lye before you & reassume those things that were Voted in both Houses, and might then been finish'd had not some designing men prevented it, who I have reason to think had their own Private views at heart more than the good of the people they represented. Yet they Cry'd up Liberty and Property that being onely an amusement that so Some Private designs might the better Succeed which not onely tended to the dishonour of His Majesty but also to alienate the minds and [p. 461] affections of His Majestys good subjects from me and his Council of this Province and Stil persisting on things that was not in my power to grant being absolutely against His Majestys Instructions for these and such like reasons I dissolved that Assembly. I hope we are now furnish'd with better Principles and will Consider the Common Good of the

A Message to the Board by Mess^{rs} Gerrish and Thing with the following Vote,

Whereas The act requiring all Coasting Vessels to pay three Shillings pr ton as powder mony hath been very detrimental to His Majestys good Subjects that are concernd in the Coasting trade in that it hath hindered Sundry transient Sloops that usually brot money into the Government they being obliged to pay for y^e first trip as much as if they traded one whole year and that it hath raised three Shillings pr thousand upon the freight of all Boards and Lumber that the Inhabitants of this province Send to other Ports in the neighboring Governments upon their own accounts by which the burden of that act lyes upon those Particular men. For Remedy whereof

The House of Represent most humbly request that that part of the act relating to the Sloops payment of powder mony be suspended, and that Instead thereof there be paid out of the publick Treasury a Sum not Exceeding two hundred pounds for two years to be drawn out as there is occasion for the Supply of Fort W^m & Mary.

Gentn
I Design This Session as Short as may be by reason His Excellency Gov^r Burnet may be Expected at Boston every day, and then soon with us in this Province.

The most material thing that will lye before us at present is the Settling the proportion on the polls Stock and rateable Estates of the Inhabitants of y^e Several Towns in The Province which will take up some [P. 469] time to weigh and maturely consider the several circumstances of Each Town so as that equal Justice may be administer'd to that end I recomment that a Suitable Committee be forthwth chosen. I would put you in mind that Mr Treas^{rs} acct^s may be called for that so a Settlement may be made, this being the proper season therefor.

As to what other affairs now lying on the anvil I am of opinion they may be suspended until His Excellencys arrival here however I shall receive and hear anything else you have to offer that's for His Maj^{ty}s Service and the good of the Province which I have always at heart I have many times mentioned the State of our affairs relating to our Agent at the Court of Great Britain and am thotfull whether our delay may not prove prejudicial to us in the end I again recommend it as a Matter very well worthy of your consideration and hope you will now think so.

Tho we are loth to Expose the weakness of our Brother the reverend m^r Hugh Adams, yet inasmuch as he has So Publickly Exposed him selfe by addressing to your hon^r & the Generall assembly a Manuscript So full of Enthusiasm & Impertinence, In obedience to your Desire we have considered the contents of the said Manuscript and have made the following remarks—

1) Wee are Sorry to See that m^r Adams has therein Discovered such an affectation of finding out new and Strang doctrines in Divinity.

2) That he Should So wretchedly pervert the Sacred Scriptures to Support his odd extravagant Notions.

3) That he has So little Modesty as confidently to Set up his Single oppinion in Many Instances in opposition to the Judgment of all the famous divines in the world

4) That he layes So great a Stress on his groundless opinion as to Make fundamentall articles of faith and Such an unchristian uncharitable Spirit in complaining to the almighty ag^t Som verry worthy Psons for Crossing his unreasonable Humor

[P. 27.] on these & Severall other accounts that Might be Mentioned

wee Judge the above Said manuscript unworthy of the Least counten^a from the Government

So recommending y^r hon^r & this hon^{ble} house to the Divine Conduct in all the Important affairs that lie before you wee Subscribe our Selves your most humble & obedient Servants

May it please your hon^r

With the Greatest Defference to your hon^{rs} Commissⁿ & utter abhorrence of Every thing that looks like the Least Infringm^t on the Power therein Granted Wee humbly take leave to Remonstrate : that wee have Maturely Considered your hon^{rs} Disallowance of our Choice of a Speaker : and those Clauses in the Governors Comission which have been offered to Support the Same : and that the Negative voice to be Enjoyed by y^e Comander in Chief : by virtue thereof Cannot in our humble oppinion by any Rational Construction Extend your hon^{rs} power : to the Negativeing Such orders & Rules of this house as only Concern the Settlement & Regulating thereof as in this Case for that the Negativeing Power Relates Wholly to Laws Statutes and Ordinances to be passed by the Gov^r Councill & assembly & no other : as Will most obviously appeare by Comparing one part of the Comission with the other : and besides wee have it from the famous Bishop Burnet in the history of his own times that it was a Settled Point in the house of Comons in the Dayes of King Ch^a the Second: that the house had an undoubted Right of Chuseing their Speaker : and that the presenting him to the King was only Matter of Course and not for approbation : which Settlem^t we Cannot Learn has Ever been Questioned by any King or Queen of Great Brittⁿ Since : Wherefore upon the whole wee do humbly Insist upon and adhere to our Choice & Earnestly pray that we may have y^r hon^{rs} favor in proceeding to the other business of the Sessions

ADMINISTRATION
OF
GOVERNOR WILLIAM BURNET.
1729.

Journal of the House from April 22^d, 1729, to
August 1, 1730.

NOTE BY THE EDITOR.

The "Journal of the House of Representatives," during the administration of Gov. BURNET, and until the arrival of Gov. JONATHAN BELCHER, is found in a bound MS volume, labeled "Journal of the House, 1724-1743." The portion of said Journal here included, is contained between MS pages 143-174. The Governor's Speeches referred to will be found in the "Journal of the General Assembly," during the same period—in this printed volume. Pages in the margin correspond with the paging in the manuscript Journal.

[P. 143.] Tuesday april 22^d 1729. The house met according to proclam^a

By his Excellency W^m BURNET Esq^r (1) Dated the 4th 9^r 1728, a copy whereof is on file Psent

(1) Governor WILLIAM BURNET was the oldest son of the celebrated Rev. Gilbert Burnet, Bishop of Sarum, Eng. He was born in 1688, and was named after William, the Prince of Orange, who stood his godfather. Previously to his coming to this country, he possessed a considerable fortune; but it had been wrecked in the South sea scheme or "bubble," which reduced many opulent families to indigence. In 1720 he was appointed Governor of New-York and New-Jersey, which office he held till 1728. Receiving the appointment of Governor of Massachusetts and New-Hampshire, he reached Boston, July 13, 1728, and New-Hampshire, April —, 1729. His administration in both Provinces was attended with many difficulties, arising chiefly from his insisting on a fixed salary. Dr. Belknap says, "Mr. Burnet was a man of good understanding and polite literature; fond of books and of the conversation of literary men; but an enemy to ostentation and parade." He died suddenly, at Cambridge, Ms., Sept. 7, 1729. Ed.

Answers to the Queries sent from the Right Hon^{ble} the Lords of Trade and Plantations, Jan. 22, 1730.

[From MS. Corr. in Secretary's, Office, Vol. I, pp. 61-66.]

1. The situation of y^e Province of New Hampshire is between the Province of the Massachusetts Bay and the late Province of Main, bordering about fifteen miles in width upon the Atlantick sea or Western Ocean. The nature of the Country as to the ground, is rough, uneven and hilly, but for the most part a good soil, being a mixture of clay land and loom, well watered and suitably adapted for hemp and flax, and having considerable meadows in it. As to the climate, 'tis cold. Portsmouth, the Capital of the Province, is in forty three degrees and twenty minutes north latitude, and sixty eight degrees west from London, settled by good observation.

2. The Province has no other boundaries than what are expressed in the Kings Commission to the Governor and they are from three miles to the northward of Merrimack river on y^e one side, to Piscataqua river on the other, and no other bounds are mentioned in the s^d Commission, and both of them are in dispute wth the Government of the Massachusetts Bay.

3. As to the Constitution of the Government, the Supream Power here is vested in the Governor and Council (appointed by the King) and a house of Representatives, (chosen by the People) who make Laws, &c.

4th. The trade of the Province is lumber and fish. The number of shipping belonging to the Province are five consisting of about five hundred tons, and there are about three or four hundred tons of other shipping that trade here (annually) not belonging to the Province. The seafaring men are about forty. The Trade is much the same as it hath been for ten years past.

5th. The Province makes use of all sorts of British manufactures, amounting to about five thousand pounds starl^g per ann in value, which are had principally from Boston.

6th. The Trade of this Province to other Plantations is to the Caribbee Islands, whither we send lumber and fish, and receive for it rum, sugar, molasses and Cotton: and as to the trade from hence to Europe, it is to Spain or Portugal, from whence our vessels bring home salt.

7th. The method to prevent illegal trade is by a Collector appointed at home.

8th. The natural Produce of the Province is timber (of various kinds) viz. (principally) oak, pine, hemlock, ash, beach & birch; and fish, and they are the only commoditys of the Place. The Timber is generally manufactur'd into beams, plank, knees, clap-boards, shingle & staves, and sometimes into house-frames, and the value of those commoditys annually Exported from hence to Europe and the West-India Islands, is about a thousand pounds sterling, *Memorand.* besides what is above mentioned, the Coasting sloops from Boston, carry from hence thither in fish and Timber about five thousand pounds, pr annum.

9th. No mines are yet discovered, except a smal quantity of Iron ore in two or three places.

10th. The number of Inhabitants, men, women and children, are about ten thousand whites and two hundred blacks.

11th. The Inhabitants are increased about four thousand within this ten years last past, a thousand of which (at least) are People from Ireland⁽¹⁾ lately come into and settled within the Province. Another reason of the Increase of late more than formerly, is a peace with the Indians the four last years.

12. The Militia are about Eighteen hundred consisting of two regiments of foot, wth a Troop of horse in each.

13th. There is one Fort or Place of Defence, called Fort William and Mary, situate on the Great Island in New Castle, which commands the Entrance of Piscataqua river, but is in poor low circumstances, much out of repair, and greatly wanting of stores of war, there not being one barrel of gun-powder at this time in or belonging to that Garrison.

14th. There are no Indians in this Province now in time of Peace that we know of.

15th. There are no Indians in the neighborhood of this Province that we know of, Except in the Eastern parts of the Province of the Massachusetts Bay, and what their number or strength is, we are not acquainted.

16. We have no neighboring Spaniards or other Europeans, except French, who according to the best intelligence we can get, are extremely numerous and strong both at Canada & Cape Briton.

17. The Effect which the French settlements have on this Province is, that the Indians are frequently instigated and influenced by them to disturb the Peace and quiet of this Province, we having been often put to a vast expense both of blood & treasure to defend ourselves agst their cruel outrages.

18. The Revenue arising within this Province is three hundred ninety and six pounds by Excise, which is appropriated towards the Governor's Salary, and about three or four barrels of Gun-powder from the shipping which is spent at the Fort. There is no other revenue but by tax on Polls & Estates.

19. The ordinary Expense of the Government is about fifteen hundred pounds pr annum, now in time of peace. The extraordinary & Contingent charges, as Repairs of the Fort, powder, &c. are about five hundred pounds more.

20th. The Establishments are six hundred pounds pr Annum Salary on the Governor, Eight shillings pr diem on each Councillor, & six shillings pr diem on each Representative during the Session of General Assembly, and a hundred and fifty pounds pr annum on the officers and souldiers at the Fort. There is no other Establishment Civil or Military wthin the Governm^t, but the General Assembly make allowances from time to time as they see meet, to the Treasurer, Secretary, &c. The Judges, Justices, Sheriffs, Clerks, & all other officers' fees, are fix'd by a law to be paid by the party & persons whom they serve; but they have nothing out of the Treasury. All the officers Civil & Military hold their Places by Commission from the Gov^t, except y^e Council^{rs} appointed by the King, the Recorder of Deeds chosen by the Gen^l Assem: the Clerks of Courts nominated by the Judges of the s^d Courts respectively, and selectmen, assessors, constables, tithing men & other Town Officers chosen by y^e Towns at their respective Town meetings.

JOURNAL OF THE COUNCIL AND ASSEMBLY,

*From April 22d, 1729, to April 23d 1730—during Governor
Burnet's Administration.*

NOTE BY THE EDITOR.

The Journal of the Council and Assembly which follows, from April 22^d, 1729, to April 23^d, 1730, embraces the period of Governor WILLIAM BURNET'S Administration, and until the arrival of Gov. Belcher. This Journal is contained in a bound MS. volume in the office of Secretary of State, labeled "JOURNAL OF THE COUNCIL AND ASSEMBLY, 1729-1742." The Journal, as here printed, is interspersed with miscellaneous Records and Documents relating to the same period.

A message from his Excellency to the House by the clerk to require their attend^a at the Council Board the Speaker and House came up accordingly to whom his Excellency was pleased to make the following Speech.

Gentlemen

I should have met you sooner if I had followed my inclinations, but the difficultys I have been struggling with in my other Government would not permit to leave it, til I had used all possible means to bring them to an Issue. I have now obtain'd a full approbation from the Lords Commissioners for Trade and Plantations of my conduct there in declining to accept of money from on the Assembly on any terms different from those in my Instructions, which their L^{ds}ships do me the honour to call prudence and integrity in me. I have an Instruction of the like nature to lay before you for settling a salary on the Governor

and commander-in-chief for the time being and as you may believe it will be a sacred rule to me, especially after such a justification so I hope it will be chearfully comply'd with on your part, since it will undoubtedly entitle you to his Majesty's favour; And indeed the sum demanded of you is but a fifth of that mentioned in my Instructions for the Mass^a bay which is the proportion you have usually made your choice; and when this is done the amount of all your Publick charges (P. 2) will not be above a tenth part of those sustained by them. I have done what lay in me to prevent the mischiefs that might arise from disputes about the bounds of the two Provinces, and shall be very ready to Contribute my endeavours to bring that matter to a happy conclusion and to joyn with you in every thing that may conduce to the welfare of the Inhabitants as far as it is in my power. I shall be glad to see it appear by your proceedings, as it may with reason be Expected, that the nearer a form of Government approaches to the good old Constitution of England and the less it is incumber'd wth singularities and innovations the better are the publick affairs managed, and the liberty and property of y^e Subject secured.

The Speak^r obtained a copy of the foregoing speech from his Excellency and then the House withdrew.

[Copied from Journal of the House, App., p. 600.]

WHEREAS it has been represented unto us that the Council and Assembly of our Province of New Hampsh^r have not hitherto settled any

certain sallary upon our Gov^{rs} thereof suitable to the dignity of that Post, notwithstanding coppys of our Instructions for that purpose have been laid before them: and whereas the Lords of the Committee of our Privy Council and likewise our Commissioners for trade and Plantations have Reported that the Sallary payable to our Gov^r hath never been settled according to the Instruction given to our former Governors notwithstanding it has been earnestly recommended to the said Council & assembly in our name to pass acts for that purpose, but that instead thereof they have from time to time made them such allowances and in such proportions as they themselves have thought our Governors have Deserved in order thereby to make our said Governor the more dependent upon them, which proceedings of the said councill and assembly of our said Province in not paying a due regard to the Royal Pleasure of the crown so often signified to them, wee cannot but look upon as a neglect of their Duty to us in that behalfe, and and as wee judge it highly reasonable & necessary That a Due provision should be made for the support of our Gov^r of our said Province as hath been made for our other governors of our Plan^{ts} in America, which have been much less able to grant the same than our Province of New-hampshire: our will and pleasure therefore is, and wee do hereby direct and require you to acquaint the Councill & Assembly of our said Province of New Hampshire that as they hope to recommend themselves to the continuance of our Royal grace and favor they must manifest the same by an immediate compliance with what has been so often recommended to them in forthwith passing acts to establish a fix'd and hon^{ble} sallary for the supporting and maintaining the Dignity of our Gov^r or commander in chief for the time being: and wee deem a competent sum for that purpose to be at least two hundred pounds sterling pr annum from our said Province of New Hampshire and in case the said Councill and Assembly shall not pay a Due & Immediate regard to our Royal will & pleasure hereby signified, wee shall look upon it as a mannifest mark of their undutiful behavior to us and such as may require the consideration of the Legislature in what manner the honour & Dignity of our Government ought to be supported in our said Province for the future.

May it please your Ex^{ll} and the Hon^{ble} Council—

As relating to the affaire betwixt my son and Capt. Walker, I am bold to say that in justice to Capt Walker and out of the respect which the family bears him, my son Wm. Vaughan myself nor any of the Family will oppose the Entail being taken of the Pasture Lands att the Bank, reserving one thousand pounds worth to the five youngest children, according to Col. Vaughan D^d his will; and if he'l be satisfied therewith the whole family will concur with him in a Petⁿ to that end and myself will renounce my thirds and my children their Reversionary Right which Providence has given them. By my daughter I have sent a Petⁿ to your Ex^{ll} and the Hon^{ble} Council Bord, which I would have sooner done but that I believe the Attorneys are Engaged by the other side & Refused to act in the matter in my Favour. Your Justice as I am a helpless woman I hope will shield me and my distressed children from the designs of unreasonable people.

ADMINISTRATION

OF

GOVERNOR JONATHAN BELCHER.

*Journal of the House from 25 August, 1730,
to October 20, 1737.*

NOTE BY THE EDITOR.

The Records which relate to the Administration of Governor JONATHAN BELCHER are contained in the "Journal of the Council and Assembly," in the Secretary's office, from August 25th, 1730, to March 18, 1741; also in the "Journal of the House" from August 25th, 1730, to February 25th, 1740. It will be noted that after the first year of Gov. Belcher's administration, the records of the Council and Assembly are comparatively scanty and imperfect, while on the other hand the records of the House of Representatives are full and complete. The reason of this seems to be that so long as the controversy was pending respecting the Boundary Lines between the Provinces of New-Hampshire and Massachusetts, the House was obliged to take the lead in all active measures in relation to that end. The Governor and Council, though professedly desirous of settling the boundaries, yet did not often concur in the measures proposed by the House: consequently the latter body was obliged to act in many cases independently, and at last gained their object, only by appeal to his Majesty in Council. In presenting therefore the Records of this period, 1730-1741, the Editor has thought best first to print the "*Journal of the House*" entire, with the Governor's Speeches and the Answers thereto; and to annex the "*Journal of the Council and Assembly*," containing all matters *not included* in the Journal of the House. By adopting this method, we avoid repeating in print the matter which is common to both Journals.

The Editor would also note that in the bound MS. volume containing the "Journal of the House, 1724-1743," there is a duplicate record of the proceedings of the House during a portion of Gov. Belcher's administration: the first extends from p. 175 to p. 304: the second from

p. 305 to p. 528. The latter is a copy mostly in the hand writing of the late John Farmer, Esq., who was employed to collect, arrange and copy the original records and files in the Secretary's office. In commencing a copy of the Journal of the House, in Gov. Belcher's time, 1737, Mr. Farmer says, in a note, "A portion of the following Records is contained in the last 129 pages [i. e. of the MS. vol.], but it will be perceived that many things are omitted in the preceding pages from 25 Aug. 1730, particularly the Messages and Speeches of Gov. Belcher, and the Answers of the House to them, which will be found in the following new transcript—faithfully copied from a Record of large folio size, of 110 pages in sheets unbound." The Editor has followed the transcript made by Mr. Farmer.

Wednesday August 26th A. D. 1730.

His Excell^y came to the Council Chamber.

A Mess^a from his Excell^y pr the Clerk of the Council (²) viz. That his Excell^y required the attendance of Mr. Speaker

(1) Gov. Jonathan Belcher was the son of the Hon. Andrew Belcher, one of his Majesty's council in the province of Massachusetts; born January, 1681, and inherited a large paternal estate. He was educated at Harvard College, where he was graduated in 1699. Not long after, he visited Europe, where he spent six years, and was treated with distinguished notice. He was twice at the Court of Hanover, Germ., before the Protestant succession took place in the family of Brunswick, and received from the princess Sophia a gold medal. He was graceful in his person, elegant in his manners, and aspiring in his disposition. On the death of Governor Burnet, he succeeded to the Government of Massachusetts and New-Hampshire in 1730. In that eminent station he was indulged the exercise of that power to which he had aspired. "The council never enjoyed less freedom than in his time. He proposed matters for their sanction, rather than advice, rarely failing of a majority to approve of his sentiments." The records which follow will show that Gov. Belcher was not only arbitrary in many of his proceedings, but partial to Massachusetts, and unfriendly to New Hampshire interests: while his professions were fair, his intentions and acts were often one-sided and unjust. The opposition he met with from a part of the council and from a majority of the Representatives in the House was, for the most part, well founded. His conduct in relation to the settlement of the boundary lines between the Provinces, was the chief cause of the troubles that rendered his administration unhappy, and that led to his removal from office. His private correspondence with Secretary Waldron—specimens of which are given in this volume—must be regarded as discreditable to him. After his dismissal from office he resided for some time in Milton, Ms., but visited England and so far gained the royal favor that in 1747 he was appointed Governor of New-Jersey. There he spent the remainder of his life in tranquillity and honor. He died at Elizabethtown, N. J., Aug. 31, 1757, aged 76 years. His remains were brought to Cambridge, Ms. and entombed. ED. & the House in the Council Chamber. Mr. Speaker and the House went up accordingly. His Excellency made a speech. Mr. Speaker obtained a copy thereof. The clerk of the council also gave Mr. Speaker a copy of his Excellencies 32 & 77th Instruction (refer'd to in the Speech) Then Mr. Speaker & the House returned

Both the said Instructions read in the House.

Post Meridiem.

His Excellencys Speech read as follows, viz.

Gentlemen of the Council and House of Represents: I am in the first place to give thanks to Almighty God for my safe return to my Native Country, after a long absence & escaping the common hazards of the Seas.

And in the next place, it is with a great deal of satisfaction that I now meet you in general assembly (I doubt not) to concert those ways and means which may most of all advance his Majesty's service & honour, and the weal and prosperity of yo^r country. It is the present happyness of every Englishman to live under the reign of the best of Kings, who makes the laws the rule of his Government; and the protection of the libertys of his People, his delight: These things ravish from all his subjects the affection so justly due to a tender father, and which he esteems the greatest support of his power. Altho it is our lot to be placed at such a distance from the immediate benign influences of his Majesty's care, yet his great mind and perspicuous wisdom is continually extended and employ'd for the [p. 309] happyness of his remotest Dominions, and when I have said this I am sure I need not fill my mouth wth arguments to persuade you to all the duty, loyalty, obedience and gratitude due to so gracious a sovereign.

I have it in command from the King my Mast^r to communicate to you His 32^d Instruction to me, whereby he expects you [to] settle a Sallary on me and my successors, or at least on me during the whole time of my Government: an authentic copy of this Instruction, shall be delivered you by the Clerk of y^e Council, and as you have already distinguish'd yo^rselves by your loyalty and obedience to the King on this head, It leaves me no room to doubt of your wisdom and care still to secure a stronger interest in the King's favour, by a cheerful compliance wth what in his royal wisdom he thinks so just and reasonable.

I am also commanded by his Majesty not only to take care that there be a strict execution of all the Laws now in force in this Province agst vice and immorality, but that I commend to your consideration the enacting what others may be necessary, for promoting and encouraging Virtue, & true religion; and as nothing can be a firmer basis for y^e happyness of a people, I hope this will always lye near our hearts.

Gent.

I need not tell you this Province is in a fine situation for trade, where nature has done her part in commodious rivers and a good soil. It should then be your care to reap the benefits of these Blessings from God Almighty, by your greatest industry & prudence in your hus-

bandry, fishery and forreign Trade, and you may be always sure of my countenance and encouragement for these good ends. To see your trade revive and flourish under my administration, will give me a peculiar pleasure.

The unhappy dispute so long subsisting betwixt this Province and the Mass^a with respect to the dividing line betwixt you, has produced from his Majesty (who has the most tender regard for all his subjects) an Instruction to me so wisely projected, that being put in Execution will terminate the difference [p. 310] and give the opportunity of Establishing quiet & good neighborhood between the two Provinces for the future, and this Instruction shall be laid before you.

Gent. I am sorry to have the occasion to inform you that since my arrival from Great Britain, the Surveyor General of his Majesty's Woods, has made large complaints to me of the difficultys he meets with in the Province in the execution of his duty according to the King's Instructions. I am commanded by the King to take effectual care that the several Acts of Parliament, relating to the Royal woods, be strictly observed, and to aid and assist his Maj^{ty's} surveyor by myself and all officers under me, to prevent as much as possible the destruction of the King's woods; & that all offenders therein may be bro't to condign Punish^t I therefore intirely depend on your readiness to discountenance every thing that may have a tendency to prejudice his Majesty's service & interest, in an affair of which he is so tender, and is of such importance to his Royal Navy. And I do assure you the enacting such laws as may be further necessary for the better security and preservation of the nursery of Royal masts, will be taken as an instance of your respect & duty to the King.

It is with much satisfaction that I tell you, his Majesty by his unparall'd steadiness and consummate wisdom, has obtain'd a peace wth Spain, to the honour of his Crown and advantage of his subjects, the happy influence whereof you will feel from time to time in this Province, yet it must not lull us into such a security as may betray the King's honour and hazard our own safety, by neglecting our fortifications; but they ought to be put into the best order to prevent any surprise, if an unexpected change should happen in the affairs of Europe.

I am glad to see the good agreement and amity subsisting with the several tribes of Indians on our Frontiers, and you may depend, from the great honour and duty I owe to my royal master, and the affection I bear to my native Country, nothing will be more my care than to fall into every reasonable way of cementing [p. 311] our reciprocal friendship; and I hope you'll heartily joyn with me in warding off any thing that may border upon unkindness or give disquiet to those jealous People.

Gent. of the House of Represents.

As it is more immediately your Province to look into the state of the Publick revenue, I shall order all the accounts, from the last time you had them, to be laid before you, with Proper Estimates of what may be the growing charge of the current year, that you may grant the necessary supply's in support of the honour & dignity of his Majesty's Govern^t & of the Ease and welfare of his People.

Gent. of the Council and

House of Represents.

If my long absence and the little acquaintance I have at present

with the affairs of this Province, has prevented my mentioning any thing you stil judge for his Majesty's service and the good of his people, I shall be full of attention to any suggestions you may have to make of that nature; and I have now only to recomend to you a Perfect unanimity in all your proceedings, which will be for the Honour of the King's Governm^t and for the lasting peace and tranquillity of his good subjects.

J. BELCHER.

32d Instruction.

[From Journal of the House, App., p. 602.]

Whereas the Council and Assembly of our Province of New Hampshire, Did in obedience to our thirtieth Instruction to Mr. Burnet our late Governor thereof settle a Salary of two hundred pounds sterling upon him during his Government; It is our Will and pleasure, That you recomend it to our said Council and Assembly to settle the same Sallary on you & your successors, or at least on you, During the whole time of your Government.

The above is a True Copy of his Maj^{ty's} 32^d Instruction to his Excellencie Governor Belcher, transcribed from the Body of Instructions.

August 28. A. Dom. 1730, The House met The answer to his Excell^{ies} Speech read, voted, accepted & sent up. The answer of the House of Representatives of the Province of New Hampshire to his Excell^{ies} Speech.

[p. 312.] *May it please your Excellency:*

We sincerely joyn in giving thanks to Almighty God for your preservation from the common hazards and safe return, in particular that we have the happiness to meet you as our Gov^t, and we assure your Excell. that we are met at this time with Hearts fully inclined to

do all things that in us lies that may be for the Hon^r and service of the King and good of his subjects; and we are well assured that we live under the reign of the best of Kings; it raised our affections to the highest degree, & we hope, as we ever have, so we shall continue to manifest it by our Loyalty and obedience.

And having so gracious a sovereign, who in his wisdom is continually taking care of us his subjects, tho' in these remote Parts of his Dominions, still move as we have opportunity to shew our Loyalty and obedience by doing our duty in all things we are able. We received a copy of your Excell^{ies} 32nd Instruction, and as we ever exerted ourselves to the utmost of our abilities and often beyond, what has been tho^t Hon^{ble} for other governments in order to afford an Hon^{ble} support to his Maj^{ties} govern^t so hope we still shall distinguish ourselves in our Loyalty and obedience to all his Maj^{ties} comands. As to the settle^{mt} of a Sallary, according to his Majesties Instruction, We have to say that the sum therein mentioned is extraordinary, we being a small, and generally poor People; and especially considering the encroachments of our Neighbours, and the stagnation of our Trade, for want of a medium to carry it on. However, we hope his Maj^{tie} (who being unacquainted with our circumstances, hath given your Excell^y this extraordinary Instruction,) hath not enjoined it on your Excell^y as an order not to receive such sums as this House shall from time to time vote, which we assure yo^r Excell^y shall rather exceed than fall short of our Abilities.

And we shall take care to consider of all things which may encourage virtue and true Religion among us, & discountenance vice and Immorality, and look at it [as] our [P. 313] greatest happiness that your Excell^y has so great a Regard for true Religion. We desier at all times to be thankful to Almighty God that he has planted us in a place where nature has done her part, and thank your Excell^y that you encourage us in Improving of these Blessings, and hope on our part to make Improvem^t with care and Industry.

We take it as a great mark of his Maj^{ties} Favor in taking care for the settle^{mt} of the Lines between the Provinces, and shall be ready to do our part according to your Excell^{ys} 77th Instruction, as soon as we can have knowledge of Men which may be qualified according to said Instruction: We being at present altogether strangers to gentlemen in other Provinces. And for the preservation of his Maj^{ties} Woods, as we always were ready, so we still remaine ready and willing to do any thing that we can, which may contribute to the preservation thereof, according to the several Acts of Parliament made for that end; and if there be any acts that may be made for the preservation of a nursery of Timber, which may be fitt for the Royal Navy, we shall be ready to do any thing that we can for the preservation thereof.

We assure your Excell^y we shall always be glad to cultivate a good agreement with the Indians, and shall neglect no opportunity to engage them to Peace. And as tis more immediately the business of this House, so we shall take care to supply the Treasury with what shall be sufficient to defray the charges of the current yeare, and shall be diligent in passing such Acts and votes as shall at any time be thought for his Maj^{ties} service or the good of his subjects.

Andrew Wiggin, Speaker.

Londonderry Petition read againe and their agents call'd in and heard, and the house had some debates thereon.

Voted that Joshua Pierce and Theodore Atkinson Esqs. be a Committee of this House to joyne with a Comittee of the upper House to examine the accounts relating to the Province and make return to the Gen^l ass^m for approbation. [P. 314.] Mr. Clark Waldron bro't down an Act for adjournm^t of the Quarter sessions which was read. P. M. The act for adjourning the Quar Sessions read a 2^d time Then the House adjourned for an Hour The act for adjourning the Quarter Sessions read a third time & pass'd to be Enacted Engross'd and Sent up

A message from his Excell^{cie} to the House pr Mr. Clerk Waldron in writing as follows viz.

Gentlemen—

I thank you verry kindly for the answer to my Speech in its several paragraphs, and your heartily joyning with me in what I have recommended will (I doubt not) with the blessing of Almighty God render you a happy & flourishing People. I would againe press you to put forward the settlem^t of the Line between this Province and the Mass^a according to the King's Order as soon as you conveniently can, and you may assure yourselves of all my weight and interest with his Maj^{tie} and the two Govern^{ts} under my care, that the matter may be done with the greatest Justice and Impartiality. I'me sorry to find you can tell me the Trade of the Province labours with difficulties, and shall be glad of any proposals from you to revive and increase it, and as the charge of the Province will be growing, I have a liberty to emit from time to time what Bills of Credit may be necessary to defray the Expense thereof.

*Gentlemen—*As to his Maj^{ties} 32^d Instruction for settling a Sallary on me during my Admⁿ I do assure you I should with pleasure and satisfaction have received the Kings Royal leave for my support as has been usual in this Province, nor was I wanting to solicit that it might be done in that way, yet his Maj^{tie} has finally ordered it should be done in the manner I have laid before you & has further comanded & enjoyned me in the following words—"It is our express Will and pleasure that you do not give your assent to any Act in our said Province of New-Hampshire under your Govern^t for granting of money to you our Governour or Comander-in-chief the Sallary of two hundred pound pr annum as directed in our 32^d Instruction." [P. 315.] This being the case, Gen^t, I neither must nor dare receive any support from you, so as to deviate from its being settled on me during the whole time of my Govern^t. As you are my breathren, and my interest is blended with yours, I hope we shall conspire together for establishing ourselves still more firmly in his Maj^{ties} grace and favor by a cheerful obedience to what in his Royal Wisdom he thinks so reasonable, and this will be the way to lengthen out your tranquillity, to promote which I shall gladly employ every opportunity may fall in my power.

J. BELCHER.

Ordered That those persons concerned in the Rye Petition appeare the 3^d day of the next sessions. Then the House adjourned to the 29th curr^t.

[On the same day] the Governor sent another message to the House in writing by Messrs. Jeffry, Wibird and Odiorne, as follows :

[From Journal of General Assembly.]

Gent.

The ready obedience and duty you have paid to his Majesty's Instruction in settling a Salary on me during the whole time of my Government, you may assure yourselves shall be followed by me with the fullest representations in your favour, so as we may constantly feel the love and affection of the King, who delights to be the common father of all his People.

I think it my duty to observe to you before the act passes relating to my salary, that y^e Instruction Extends only to me as the King's Governor, & that therefore the mention you have made of the Lt. Governor seems an impropriety, and the act of settlement ought to be confined as near as you can to the King's Instruction; but let that be as it will, I am determined always to act with you an open upright part, and therefore think it proper to say to you what I have to the Lieut. Gov^r and several members of the Court (before the passing the vote you have made) That the six hundred pounds you have settled on me was what the King had required for his Governor, & I should by no means allow any part of my own support to any other officer in the Government.

I must further observe to you that it has always been the Practice of the Mass^a and commonly of y^e New Hampshire Assembly, to pay the Gov^r before hand, so as to enable and support him [in the] management of the affairs of Government: and as the Treasury is supply'd with money, I can't see that it will be any detriment, but a service to this Province rather to have the money emitted and circulating than to let it lye dead in the Treasury; nor can it be thought reasonable I should live at my own Expence, til the Periods you have set in the act arrive: These things being duly considered I doubt not but that they will induce you to fall into the amendments the Council have made on the act you have sent up.

As to the affair of the line betwixt the two Provinces, w^{ch} I have once and again so earnestly recomended to you, I heartily wish you would be satisfied in the five gentlemen last proposed, who are all of them men of great honour and integrity, & being voted by this Assembly, I have no doubt of the other Province concurring with you in the choice, & which I should think would give us great hopes of a successful Issue of this long unhappy controversy.

I have now only to assure you that I am come full of benevolence, and to do every good and kind thing in my power for this Province.

I am to acquaint you, Gent. that the Assem: of the neighboring Province is to meet the next week, so I must be going homeward tomorrow, and desire you to consider what time will be most commodious to your private affairs to be prorogued to in which I shall be willing to gratify you.

J. BELCHER.

August 29th A. D. 1730. The House met according to adjournment. His Majest^{ties} 77th Instruction read as followeth, viz.

Whereas there has been a Dispute of long continuance between our Provinces of the Mass^a Bay and New Hampshire in relation to the Boundaries of the said Provinces—and whereas we do judge it to be for our service as well as for the Peace and Tranquillity of our said Collony's that the said dispute should be adjusted and a line mark^t out to divide the said Provinces in all time to come: It is therefore our Will and pleasure and you are hereby directed to propose to the General Assembly of each of the said Provinces respectively that discreet and indifferent persons be chosen by each of the said assemblys out of some of the neighboring Collonys under our immediate Government with sufficient powers to draw the said Boundary Line, and finally to determine the dispute between the said Provinces, whose proceedings therein shall be laid before us, and shall be of no effect till our Royal Pleasure shall be signified thereupon.

Gent. of the Council and House of Representatives

The Lev^t Governour having in conformity to my order adjour'd you to this day, I am now come to meet you in Gen^l Assembly, for the necessary dispatch of the affairs of this Province. It is our happyness to live under the protection of a Prince who is the best of Kings and an indulgent father, and we are continually reaping great advantage from the trade [p. 321] with our mother Kingdom. When we consider therefore these things, I hope this Province will never be wanting in their loyalty and obedience to his Majesty, & upon all occasions to show their dutiful dependance on the Crown of Great Britain. This will be the best means to Establish you stil more in the King's favour, and thereby most effectually promote the prosperity of your country.

Altho' when I was last here my stay was but short, your private affairs urging for a recess, yet if you will have recourse to what I then recommended to your consideration, it may produce happy consequences for the people under your care. The affair of the line between this Province and the Mass^a I think ought to be our first and especial care. The hardships and crueltyes the Poor People suffer on each side, methinks should move both Govern^{ts} and every good man in them with compassion. Pray let us then be in earnest to put in Execution the King's commands so kindly and so wisely calculated for establishing the ease and peace of his subjects, & as the assembly of the Mass^a in their late session have shown a chearful inclination to comply therewith, I hope there will be no stop or delay on your part, and I do assure you it shall not be my fault if it be not done as soon as possible, and that with all imaginable justice and impartiality.

Any thing you can do for the Encouragement of Naval Stores in this Province will greatly recommend you to the favour of the Crown and serve your own trade and Interest. I would mention to you particularly the laying a good bounty for raising hemp which your soil and climate are well adapted to.

I must acquaint you, gentlemen, that I have his Majesty's Commands that no fees be taken in my Governments but what are according to law: I would therefore have you look into the State of the fees of this Province, that what are necessary for the King's service in the dispatch of the affairs of this Government, and are not yet established by law, may now be done to prevent any injustice or oppression of the King's good People of this Province, and [p. 322] you may depend on my chearful concurrence in what may be reasonable on this head as well as in every thing else which may best of all advance the King's honor and the happyness of his good subjects in this Government.

J. BELCHER.

A Mess^a was sent up to his Excell^y to know what the Government of the Mass^a had done as to a Comittee about the Lines, who returned for answer, That that Govern^t had made choice of Govern^r Talcot & Major Wilent⁽¹⁾ of Connecticut and Adolph Phillipse, Esq. of New York.

Then the House adjourned to the 20th cur^t.

But if all the six should undertake the business and be equally divided in their opinions, that then they have liberty to chuse a seventh man to determine the difference, and that the charge be borne by the two Provinces.

May it please your Excellency

We esteem it our great Happiness that we have an opportunity to meet your Excell^{ce} at this time in Gen^l Assembly, & hope we are all come fully disposed to dispatch the affairs of the Publick as soon as possible. And we are highly sensible of y^e great Blessings we enjoy by living under the Reign of our Gracious Sovereign, who is the best of Kings; and we hope we shall never be wanting in y^e expressions of our Loyalty and obedience towards so tender a Father, and w^d acknowledge how much we are obliged to our mother Kingdom for the Bennefits we receive by y^e great Trade we have there.

As for the dividing Lines between this Province & the Mass^a, we shall wth all dilligence apply ourselves to y^t business, by making choice of discreet and indifferent Persons that may make a finall determination thereof according to his Maj^{ties} Instructions.

As to Naval Stores, we assure your Excell^y we shall at all times be ready to do as far as we are able towards the Encouragem^t of the Hemp Manufacture; but at present, by reason of the long War w^{ch} y^e [p. 325] Indians, which has been upon us, w^{ch} has hindered the cleareing and cultivating of our Land, we have not been in a capacity to do much that way. We shall likewise take care to look into the Table of Fees, to see what there are wanting, & to make what amendm^{ts} are necessary in that and other Laws.

Whereas his Excellency our Governor has been pleased to lay before this House, his Maj^{ties} 77th Instruction in relation to the Boundaries of this Province and the Province of the Mass^a Bay, wherein 'tis recommended that each Govern^t choose Discreet & Indifferent Persons, out of the neighboring Collonies under his immediate Govern^t, with sufficient Powers to draw the said Boundary Lines, & finally to determine the Dispute between the two Provinces, whose proceedings therein are to be laide before his Maj^{tie} and be of none effect till his Maj^{ties} pleasure be known thereon :

Now in compliance with his Maj^{ties} said Instruction, and that the ends therein propos'd may be answered, being so

wisely projected; and whereas the Province of the Mass^a has chosen three men to be a Committee for them on that affaire, we conceive if we should choose three men also to joyne with them there might many inconveniences arise:

Therefore, we humbly presume that three Gent^l of sincerity & Wisdome may be sufficient to determine the same—and as the Hon^{ble} Adolph Phillips of New York, Esq. was proposed by this Province at the last sessions to be chosen, and since that the [p. 326] Province of the Mass^a has made choice of him, and he being a man so agreeable to his Maj^{ties} Instruction, and so desiricable by us of New Hampshire,—We likewise make choice of him: and as the Province of the Mass^a has already chose the Hon^{ble} Joseph Talcot, Gov^r of Connecticut, Esq. for one, We do make Choice of the Hon^{ble} Joseph Jenks, of Rhoad Island, Esq. and these three Gent^l to be Commiss^{rs} to come upon the spot, and so settle the Lines to all intents and purposes according to the Intent of said Instruction, and that they are fully impowered to determine the same, so far as this Province is concerned; and also, Voted, That there be a Committee appointed from this Province, to joyn with as many of the Mass^a Govern^t to signify to the above Gentlemen that they are so chosen, for the purposes & ends aforesaid, and pray their acceptance; and if any of the abovesaid three Gent^l shall not accept, or thro' some unforeseen accident shall not be able to come then the Gent^l chosen by this Govern^t are fully empowered to make choice of a Proper Person in the room & stead of Gov. Jenks, in case he does not accept or cannot accept; and the Gent^l chosen by the Mass^a to do the like in the like case if it shall so happen wth Gov^r Talcot: and if the Hon^{ble} Adolph Phillipse do not accept, or should be prevented coming, that then both the Committees appointed by the Govern^{ts} to make choice of a proper person in his stead, and then the Committee to have all the full Power as the persons first chosen to all intents and purposes—*Provided*, always that the Mass^a govern^t agree to the above choice in the manner above, & that as well the line of the Northern Boundary between the Province of New Hampshire & the late Province of Maine, be settled by the same Commiss^{rs} as the Southern Boundary next the Mass^a.

His Excellency made a Speech, gave Mr. Speaker a copy of it. Then Mr. Speaker & the House return'd. The Speech was read in the House and is as followeth, viz.

Gent'n of the Council & House of Represents

Since his most Excellent Maj^{tie} has been pleased by his Royal Commission to commit his good subjects of this Province to my care and Government, I shall not onely in discharge of my duty to the King, but from my own sincere & chearful inclination, rejoyce in every opportunity may fall in my power to advance his Majesty's service & honor, togeather with the best prosperity of this Province; and this puts me upon a constant thoughtfulness and solicitude how to do you good.

(1) This answer not found. ED.

Let me then, Gent^m desire you to study and seek the welfare of your Country, in which you will find me heartily engaged wth you.

Your love [p. 329] to your country and to one another, is not only very consistent with the strictest Duty & Loyalty to the King, but one of the best means to make that Loyalty universal among you: and for my own part I am determin'd (as much as in me lyes) not to know (if there be) any partys among you; but I shall always think men of capacity, substance, and the greatest virtue and integrity, have the best claim to my favour or respect I can show. I take this opportunity, Gent^m to remind and further recommend to you, what I think may be for the honor and interest of his Majesty and this Province, That there be a strict execution of all the laws in force agst immorality & prophaness, and for the Encouragem^t of vertue & true religion; and that you be heartily concern'd for Enacting such other laws as may be necessary for those excellent ends. This will be one of the best ways to Establish you in the favour of God and the King, and which from his Majesty's pious concern for this Province he has strictly commanded me to press upon you.

Let your next care be to endeavour y^e reviving of your trade and encouraging your husbandry, & Manufactures. To this End, I should think a liberal bounty for raising hemp and making Canvas & fine linnen would be money well expended.

The William and Mary Fort I observe begins to run to dispair. I have therefore Directed the Lt. Gov^r, wth some Gentlemen of his Majesty's Council, & of the House of Represent^s to make a careful survey of it and report to me in the recess of this Court, what repairs or additions may be necessary to be made, as well for his Majesty's Honor and service, as for the safety of this Province, and their return shall be laid before you, when I shall not doubt of your readiness in granting what money may be wanting on such an important service; and while I am on the Defence of the Province, I would earnestly recommend to you the enacting of a law for the better regulating and supporting the Militia, w^{ch} indeed is the main strength of this Government & what (under God) we must depend on in Case of any rupture and an attack from an Enemy; [p. 330] and this time of Peace is certainly the proper season for your consideration of this affair. I am informed that your Grants, deeds & other papers of the Greatest consequence to the good People of this Province, lye at Present in a rude and undigested manner, and that there is a great Necessity of a revise of your laws: Let me then desire you, as you value the ease, peace and welfare of yourselves & your posterity, to chuse without any longer delay some suitable person or persons to reduce your papers to good order and method, and to revise your laws; and to induce those that may be capable to undertake these difficult affairs, you must handsomely proportion their reward; & methinks the settlement of the line now coming forward, should quicken you in this matter of your papers, since by such an Examination those may come to hand that may be of great service in the adjustment of the boundaries between the two Provinces.

I think it would be not only for the Honor of his Majesty and this Government, but for the great Convenience in the dispatch of the Publick affaires, That a handsome Court house be built in the Town of Portsm^o (the Capital of this Province) for holding the General Court, and Courts of Justice below, and for the better security of all the

Public records. This you will please to consider, and do in it, as may be judg'd wise & prudent.

Gent'n Since you have in conformity to his Majesty's commands to me gone on to settle what fees were not before Established by Law, I shall Issue a Proclamation as well for the Government of all officers as for the Information of the People, that there may be no Injustice or oppression by Extorting Exorbitant fees, and that the people may duly comply with the laws; and while I have the honor to represent his Majesty's Person at the head of this Government, I hope always to be able to appeal to God and the world, and say, *Whose ox have I taken? or whose ass have I taken? or at whose hands have I received a bribe?* But as you have dutifully complied with his Majesty's orders in fixing my support, I am content and thank you; and as I will at no time [p. 331] take any money but what is my due, & that in the most laudable way and manner, so it shall be my care to discountenance every officer under me that shall allow himself an unlawful liberty on this head.

Altho I am here at a Distance from my stated home, yet it is a great pleasure to me to be here in the discharge of my duty to the King (the best of Masters) by doing every thing in my power for the happiness of his good subjects of this Province; I hope you will therefore give all proper attention to what I have now suggested to you, and if you are desirous to lengthen out this session (since there will be no other til the spring) I shall patiently wait on your deliberations, and gladly consent to such results as may have the best tendency to his Majesty's service and your own welfare.

Most Gracious Majesty:

We your Majesty's most Loyal and Dutiful subjects, the Council & Representatives of your Majesty's Province of New Hampshire, in New England, in America, should lay ourselves open to the imputation of the highest ingratitude, did we not take hold of the first opportunity to place ourselves at your Majesty's feet in humble acknowledgment and hearty thanksgiving for your loyal beneficence in appointing Govern^t Belcher to represent your Majesty's Person at the head of this Government, who is so equal to the trust, and acceptable to the People.

It is inexpressible how the first intelligence we had from White-hall of your Majesty's Grace and favour to New England on that Score, elevated our hopes, and if we are disappointed It is in this:—that his wise, just & unbiass'd Administration has exceeded our Expectations & equalled our very wishes.

The first part he acted here was laying your Majesty's Instruction before us for settling a Salary; and our first part under him was a dutiful and ready compliance therewith; since which his sedulity and constant application to the Publick affairs of the Govern^t for your Majesty's honour & service and the benefit and advantage of your good subjects of this Province, afford us the most pleasing views.

His great care and solicitude for the Preservation of the Pine trees by his Proclamations and strict inquiry after transgressors, will in all probability, effectually secure them for your Majesty's use, according to the Acts of Parliament provided in that behalf.

His steady Conduct hitherto gives us the best ground to hope for a serene day & Calm season.

His frequent Exhortations for putting our laws against vice and immorality in Strict Execution, back'd and Enforc'd by his own most virtuous Example, we have great reason to hope will be a good means to reclaim the vicious, and make virtue & religion flourish amongst us.

And while he is Exerting his powers as a kind father to this Province, his loyalty, duty & fidelity to your majesty are not a little conspicuous in the strictest Execution of your Majesty's Commission, and his utmost regard for the royal Prerogative, well knowing there is no inconsistency in being a faithful servant to your Majesty, and a faithful friend to your loyal subjects. Upon the whole,

May it please your Majesty,

Our Experience of the Governour's eminent Powers for your Majesty's service and our good (he being a person much versed in the affairs of Govern^t and perfectly acquainted with our constitution) and the constant good disposition he has express'd towards both, oblige us with the greatest humility to beg your Majesty's grace and favour in

Continuing this poor little loyal plantation under the present most happy and desirable administration.

We are.—May it please your Majesty—

Your Majesty's most loyal, dutiful & obed^t subjects & servants,

[The following is a copy of the Law appointing Commissioners to settle the Boundaries, &c.]

[Copied from Record of Acts, 1692-1742, in Secy^s Office, p. 318]

Anno Quarto Regni Regis Georgii Secundi:

An Act appointing Commissioners to settle the Boundaries between his Majesty's Provinces of New-Hampshire and the Massachusetts Bay.

Whereas there has been a Controversy of long standing between His Majesty's Provinces of New Hampshire and the Massachusetts Bay, concerning the divisional Lines of the said Provinces, and frequent attempts have been made by Commissioners chosen on each side to compromise the same, but all to no purpose;—And whereas the affair has once and again at a very considerable expense to this Province been laid before his Majesty in Council, in order to obtain his Royal determination on the matter,—yet so it is notwithstanding the several remonstrances made to his Majesty in that behalf, the difference remains yet open and unsettled; Tho' his Majesty in his great goodness and tender regard for his good subjects even at this great distance, has been graciously pleased to project and recommend by his Seventy Seventh Instruction to his Excellency the Governor, the most probable scheme for putting a final issue to the said difference (as far as in this Province lyes)

Be it enacted by his Excellency the Gov^r, Council and Representatives conven'd in General Assembly, and by the Authority of the same, that three persons be chosen Commissioners to repair to the places where the controversy arises, and to hear what may be offered on each

side, and then to conclude and finally determine the difference according to the said instructions, and as fully and amply to all intents and purposes as this Govern^t can give them power to act. And whereas the Honourable Adolph Phillips of New York, Esq^r was nominated & proposed to be chosen on the part of this Province for this affair at the last sessions of the General Assembly; since which, he having been Elected by the General Assembly of the Massachusetts Bay on their part, & being a gentleman of so universal a good character, and so agreeable to his Majesty's Instruction and the desires of this Govern^t, and whereas the Government of the Massachusetts Bay have also chosen the Honourable Joseph Talcut, Esqr. Governor of Connecticut, on their part; and the Honourable Joseph Jencks, Esq. Governor of Rhode Island, being thought a most suitable person to be a Commissioner on the part of New Hampshire :

Be it therefore Enacted by His Excellency the Governor, Council and Representatives convened in General Assembly and by the Authority of the same, that the aforesaid Honourable Adolph Phillips, Esq. chosen and appointed conjunctly by the two Governments, and the Honourable Joseph Jencks, Esq. chosen and appointed on the part of this Government, and the Honourable Joseph Talcut, Esq. chosen and appointed by the Government of the Massachusetts Bay, be Commissioners, and by virtue of these presents are hereby invested with all the powers and authoritys that this Government can give them, to repair to the places where the aforesaid controversy arises, and fully to hear each side, and then finally to fix and settle the said boundarys between the said Provinces according to his Majesty's aforesaid Instruction—that is to say, the Boundary between the Province of New Hampshire and the late Province of Maine, as well as the other Boundary between New Hampshire and the Massachusetts Bay.

And be it further Enacted by the authority aforesaid, that George Jaffrey, Esq. Rich^d Waldron, Esq. Benjamin Gambling, Esq. Theod^{re} Atkinson Esq. Capt. James Jeffrey, be a Committee in behalf of this Province, to joyn with so many to be chosen in behalf of the Province of the Massachusetts Bay, to make a joynt application to the Hon^{ble} Adolph Phillips, Esq. afores^d to undertake the said affair, and likewise to make a separate application to the Hon^{ble} Joseph Jenks, Esq. on the part of this Province; and if it should so happen, that the Hon^{ble} Adolph Phillips, Esq. or the Hon^{ble} Joseph Jenks, Esq. should not be prevail'd with to undertake the affair, or should be prevented by any unforeseen accident, that then the afores^d Committee with the Committee to be chosen by the Massachusetts, appoint another person in the room of the said Mr. Phillips, and that the said Committee of this Province (seperately) chuse a person in the room of Gov^r Jenks, in case they or either of them should not undertake the affair: And in case Gov^r Talcut should not undertake for the Province of the Massachusetts Bay, that then the Committee of that Province shall make choice of another person in his room, and that the Person or Persons which shall be chosen by the Committee conjunct or separate shall have the same full power and authority to all intents and purposes as the Commissioners who are herein nominated and appointed : *Provided* always, that the Gen^l Assembly of the Mass^a Bay agree to the choice aforesaid, in the manner aforesaid, and to the Settlement of the Eastern as well as the Western boundary of the said Province of New-

Hampshire as afores^d, and that the said Commissioners be desired to proceed upon the business as soon as they conveniently can, so that if possible, the affair may be finally determined by the twenty-fourth day of June next, and that the charge be born by the two Provinces.

Dec. 3^d 1730. Read three times in the House of Represent^t. And pass'd to be enacted.

J. BELCHER.

Death of Richard Waldron.

[From Adams' Ann. Portsmouth, pp. 156, 157.]

November 30, 1730. The honourable Richard Waldron [Sen.] departed this life in the 80th year of his age. He was the son of Major Richard Waldron of Dover, and was bred a merchant under Lieutenant Governor Willoughby of Charlestown. After his return to this Province, he resided part of his time at Dover, and part at Portsmouth, and pursued the business of merchandise. He was early engaged in public life, and sustained many offices of honour and importance. His superior qualifications first introduced him to notice, and his desire of being useful to society, induced him to accept the several appointments which were offered him. He was a Councillor, Justice of the Court of Common Pleas, Judge of Probate, a Justice of the Peace, and Colonel of the Militia for many years together. He discharged the duties of these several offices with great ability and undeviating rectitude. Amidst these worldly honours and riches he did not neglect the more important concerns of religion. He was circumspect in his Christian conduct, and endeavored to walk agreeable to the precepts of the Gospel. He was buried without military honours, because he had frequently expressed his dislike to pomp and parade at funerals.

[See also Vol. VIII, Coll. N. H. Hist. Soc., pp. 348-352.]

Hon. John Wentworth, late Lt Governor, deceased, Dec. 12, 1730, aged 59 years. He was son of Samuel Wentworth, and was born at Portsmouth June 16, 1672. His inclinations led him to a seafaring life, and he soon obtained the command of a ship. In this situation he was very exemplary in his conduct, and constantly maintained the worship of God in his ship, by morning and evening prayer. By a careful attention to his business, he acquired a handsome fortune. His engaging manners procured him the affection and esteem of all who knew him. His public spirit induced him to take an interest in whatever would benefit his native place. He was appointed one of the Council in 1712, and Lieutenant Governor in 1717,—his Commission being signed by J. ADDISON, Author of the "*Spectator*." After the administration of the Government devolved on him, his unwearied endeavors were to promote the welfare of the Province. In the discharge of his official duties, he gained the approbation of the inhabitants, and the affairs of the Province flourished under his mild administration. He was constant in his attendance on public worship, regular in his family devotions and in the observance of all the ordinances of the Christian religion. He had 16 children: of whom fourteen survived him. [See Ad. Ann. Portsmouth, pp. 157-8. Farm. Belk., p. 226. Ed.]

His Excellency's Speech was read as followeth, viz.

[Copied from Governors' Messages, in Secretary's office, vol. I, p. 119, Compared with Journal of the House pp. 336-338.]

Gentlemen of the Council and House of Representatives.

[P. 337.] Your steady Loyalty and duty to the King is your great happiness and distinguishing honour. In this Light I have represented you to his Majesty, and I doubt not but you will constantly reap the advantage of it, in the injoyment of his Gracious Favour and Protection; and I have no reason to think but you are now met in General Assembly to do every thing in your power that may be for his Majesty's honour and service, & for the best good & welfare of your Countrey; and to these things you shall always have my hearty consent.

I suggested so much to the last Assembly for advancing the Prosperity of the People that I have hardly anything more to say than to desire you to look back and peruse them; yet for your own safety and tranquillity I must remind you of revising your Laws, and adding to them, what may be further necessary at present. Your Militia more especially wants the assistance of the Legislature to make it serviceable to the Province, they being under God our only defence in case of a rupture with any of our Neighbors; & I am told the fines for the Neglect of appearance on days of muster are so low, that the Militia are in a manner dwindled to nothing.

It is also absolutely Necessary that the public Papers and Records of the Province should be reduced to good order and method.

I am now to acquaint you, Gent^m That the late Gen^l Court of the

Massachusetts Bay have past a Law much of the Nature of that past here the last fall, for settling the long disputed Bounds between this Province and that; & an authentick Copy of this Law shall be laid before you; and I shall not doubt your adding to yours what may still be Necessary for perfecting so good a work.

Gentm of the House of Representatives,

As it is more peculiarly your business & duty to make the Necessary supplies for the Hon^{ble} support of this his Majesty's Government & for establishing the peace and well-being of his good subjects in this Province, I shall order the Publick accounts to be laid before you, That you may know the state of the Treasury, & do what may be Needful for defraying the growing charge of the curr^t year.

[P. 338.] *Gentm of the Council and House of Representatives,*

As it is a bussie season of the year, I hope you will carefully endeavour the best dispatch of what affairs may come under your consideration, by a good harmony and unanimity among yourselves—which will always give me the greatest pleasure and satisfaction.

J. BELCHER.

Mr. Secretary bro't down a Coppy of the act of the Mass^a refer'd to in his Excell^ys Speech. The same was read in the House. Then the House adjourn'd to the 30th curr^t.

Fryday April the 30th A. D. 1731.

Voted that Joshua Pierce and Nathaniel Weare Esqs. be a Comittee of this House to draw up objections why this House cannot come into the measures proposed in the act of the Mass^a relating to the Lines & make return to the House for approbation.

Post Meridiem.

The Comittee for drawing objections ag^t the act of the Mass^a about the Lines made the^r Report which was read in the House as follows, viz.

1. Objection, The Act of the Mass^a binds up the Comiss^{rs} only to the Bounds mentioned in their Old Charter (which is vacated) Whereas our dispute is only on the Charter of King William & Queen Mary to the Mass^a Bay, which also ties up the Comiss^{rs} from heareing arguments that either part may offer.

2 Objection ag^t the said Act is, That the Comiss^{rs} shall have power to order equivalent Lands to be given and received by each Govern^t in lieu of such Lands as either Govern^t is in possession of, if it happen not to be within their lines. This is not in his Maj^{ties} Instruction, nor any thing like it, nor in the power of the Assembly to take or give Equivalent Lands, the right of soile being in the Crown.

3 Objection is, That the Act of the Mass^a is absolute that the Comiss^{rs} finally settle the Boundary Lines without any Regard [P. 339] to the Reservation in his Maj^{ties} Royal Instruction which 'tis humbly presumed this Province will not come into.

4th Objection ag^t paying halfe the charges. If when the Comiss^{rs} hath settle the Lines, and it be found that New Hampshire never granted or intruded upon any lands within the bounds of the Massachusetts Charter granted by King Wm. & Queen Mary, then they ought not to pay halfe the charge, and that if 'tis found that the Mass^a hath made sundry grants without the Charter that falls in New Hampshire (and verry lately too) then they ought in justice to pay the whole charge or leave it to Comiss^{rs} to quadrate or asses the charges according to the Transgressions of either Govern^t.

5th As to the nominating the p'sons 'tis humbly presum'd the way proposed in the New Hampshire Act, lookes much more indifferent than the way propos'd in the Mass^a Act—all which is humbly submitted.

Then the House adjourn'd to May y^e 1st.

Saturday May the 1st A. D. 1731.

Voted that Joshua Pierce and Theodore Atkinson, Esqs be a Committee of this House to answer his Excell^ys Speech and present it for acceptance. Then the House adjourn'd to Monday May the 3^d.

Monday May the 3^d A. D. 1731.

Voted that Messrs John Rindge and Bartholomew Thing be a Committee of this House, to joine with a Committee of the Upper House to audit all accounts to be bro't in this sessions & make their Return for approbation.

Voted that Major Wingate and Mr. Bart. Thing be a Committee of this House to joyn with a Committee of the Upper House to tell over all such money as shall be bro't in to be burnt and make return to the Gen^l Assembly.

The Committee that was to answer his Excell. Speech bro't in their draught, which was read in the House as follows, viz.

[p. 340.] *An Answer to His Excell^ys Speech which was made April 30, 1731.*

May it please your Excell^y,

The Favours and Protection, which his Majties subjects the People of this Province are constantly receiving from him, are the greatest encouragem^t to Loyalty and Duty. These we hope will always be our distinguishing character, and we assure your Excell^y we are now met to do every thing tending to his Majesty's Hon^r, and the welfare of

this his Maj^{ties} Province. To this end, we shall according to your Excell^{ys} desier, inform ourselves of what you laid before the former Assemblys, and shall (if we can be so happy as to obtain your Excell^{ys} assent) pass all such acts as shall be thought necessary for the safety and tranquillity of this Province:

And shall take care that the several officers shall be directed to reduce the files & papers into method and good order, that so they may be lodged in the proper offices.

We have carefully perused the Transcript of the Act pass^d by the Govern^t of the Mass^a Bay for settling the Boundary Lines between the two Governm^{ts} which we by no means can think reasonable, nor correspond^t to his Maj^{ties} Instruction in scarce one paragraph; however, we shall do every thing in our Power that can square with that so reasonable an Instruction, & that so the fault shall not rest with us.

We readily acknowledge that the supply of the Treasury Comences with this House, and shall cheerfully render such, and all the supplies in our Power; but if the several Acts already made and passed for the calling in the money & sincking y^e several funds on which our Paper Currency is established, must terminate and be complied with and the Money accordingly burnt without any further remittance; It will be attended with the greatest difficulty. It will lay his Maj^{ties} subjects, the People whom we represent, under the most distressing circumstances imaginable, which will be very plain [P. 341] to your Excell^{ty}, being rightly informed of our present conditions. We shall use our best Endeavour to go thro' the Publick affairs of this Sessions with all possible unanimity and dispatch.

Belcher, It is observed that the said Act of the Massa. is

not agreeable to the Intent of his Maj^{ties} Instructions for settling the Boundary Lines—Therefore Voted, That this House adhere to their act made and passed in New Hampshire X^{br} 30 1730 with their amendments viz. instead of the words (“that the aforesaid Committee with the Committee to be chosen by the Massachusetts, appoint another in the room of the said Phillips”) there be added. That in case Mr. Phillips do not accept or cannot come, that then his Excell^{enc} the Gov^r of New York be desired, and fully empower’d to appoint some suitable person of that Govern^t in the room of the said Mr. Phillips: and that instead of the words (“by the 24th day of June next”) it be entred by the [P. 343] last day of September next; and that the charges be boarn by each Province as the Comiss^{rs} direct; and that a clause be added as in the Mass^a Act, that the determination be under hand and seale, and duplicates given to each Party, or such of the Committees as may be appointed to receive the same, and that the act be amended accordingly.

A Mess^a concurr’d above.

An act to revive the Sup^r Court read.

A Mess^a to the Board pr four members viz. That the house did adhere to their former vote about the Act for settling the Lines, and that unless the govern^t of the Mass^a will pass an Act correspond^t therewith, tis the fixt Resolution of the House not to pass any Act but what is agreeable in substance with his Maj^{ties} Instruction, and in order to finish said affaire, to desire the Council to joyn with the House in the choice of some suitable p’son as an agent to represent the affaire to his Majes^{tie}, to shew how far this Government has condescended to the Mass^a in this affaire, and that the said agent be paid by a Private subscription, several gent^l having offered to subscribe to support the said Agent so appointed to prosecute the said affaire.

In Council, May 6, 1731.

Whereas by a verbal Messa. from the Ass^m to the Board by Messrs. Weare, Pierce Atkinson and Clarkson It is declared to be the sentiments of the House, That the settlement of the Province lines will never be adjusted but by his Maj^{ty} in Councill, and whereas it was moved to his Excell^{cy} and the Board by the gen^t above named that an agent might be chosen to make remonstrance of the affaire to his [p. 344] Maj^{ty} Accordingly, and further, as the said gen^t were pleased to represent, That there was a certain num^r of P'sons that will subscribe considerable sums out of their own Private Purses for carrying on the affaire: The Council desire to be informed, who the P'sons are that are so bountifully disposed, what sums they will advance, and when it will be paid; and whether the House has yet gotten any security for the same; and they also expect the original subscription to be laid upon the Board, in order to their passing upon the aforesaid verbal Messa.

Then the House adjourn'd to Fryday, May 7th curr^t.

Fryday, May the 7th A. D. 1731.

Whereas the Gen^l Assembly of this Province X^r 3^d 1730, passed an Act for appointing Commiss^{rs} for settling the Boundary Lines between said Province and the Mass^a, and whereas there has been a Transcript of an Act passed by the Gen^l Court of the Mass^a last February, which this Gen^l Court observe is not conformable to his Maj^{ties} Instruction for settling the Lines or Boundaries of said Provinces:

And whereas the House of Representatives has for accomodating the affaire come into some amendments to the Act made here X^r 3^d, aforesaid—and since 'tis not likely that the Gen^l Assembly of each Province shall agree in every particular in their Acts—Therefore

Voted, That there be a Committee from the General Assembly of New Hampshire appointed to meet a Committee to be appointed by the Gen^l Assem. of the Mass^a, at Newbury [p. 345] the tenth day of June, to treat and see whether

they can agree upon drawing up an Act conformable to his Maj^{ty}'s Instructions, that may suit both Govern^{ts}, and that the Committee make return to the Gen^l Assembly, and that his Excell^y be desired to adjourn this Ass^m (when they break up) to the 15th of June next, to receive the Return, in order to act thereon, that the matter may be ended by the Commiss^{rs} by the last of Sept. next.

Whereas his Excell^y, the Gov^r has been pleased to signify to the Court that the affairs of his other Govern^t call for his being at home the beginning of next week, whereby this Ass^m will undoubtedly be obliged to rise tomorrow—wherefore the Council earnestly move that the House would pass upon every necessary matter without any delay, such as the settlement of the Treasurer's Accounts, making the proper allowances, and supplying the Treasury, that there may be no room for any to suspect the Loyalty & Duty of this Province to his Maj^{ty} in the necessary support of this his Govern^t, and that all persons who have any just Claims upon the Treasury may have no cause to complain.

Richard Waldron, Sec^y.

In the House, &c.

Whereas there are great frauds and deceit practised by p[']sons travelling in this Province by selling of Foreign Linsens, under pretence they were made at Londonderry in this Province, which tends to the Damage of those who really make and sell the Linen in Londonderry, and to evade the Act made by this Govern^t ag^t Hawking & Pedling, &c. ; For prevention of which, & for encouraging the manufacturing Linnen in said Town,

Voted, That an Act be drawn up authorizing the said Town to make choice of a suitable p[']son to Seal all such Linen as shall be made in the said Town, and to have a seale with the name of the Town engraved on it, & authority to such sealer [p. 346] (if suspect y^t 'twas not made in the Town) to adm^r an oath to the p[']sons that brings Linen to be sealed, that it was bona fide made in said Town.

Then his Excell^y adjourned the Assembly to the first day of July next.

Thursday, July 1st, A. Dom. 1731. .

Whereas the Gen^l Assembly of this Province, did on the 7th day of May last past pass a vote & appointed a Committee of the Gen^l Assembly to meet a Committee to be appointed by the Gen^l Court of the Mass^a in their May Sessions, to meet at Newbury, on the 22^d of June last past, to treat with each other, and try if said Committees could agree upon a Draught of a Bill conformable to his Maj^{ties} Instruction about settling the Boundary Lines as might be agreeable and past upon by the Gen^l Assemblys of each Province and return to be made with all convenient speed, and that his Excell^y was therein desired to adjourn this Court to this day, in order to pass a Bill upon the Report; and that the Mass^a Assembly being sitting at that time might pass an Act also, that then the matter of the Lines might be ended this Fall:

But we find by a letter of the 15th of June from Elisha Cook, Esq. That the Assem. of the Mass^a Govern^t did not see fit to appoint any meeting while the Gen^l Court sate, and by another letter from the said Elisha Cook, of the 21st of June last, he writes, the Committee from that Govern^t will meet the Committee of N. Hampshire the 11th July curr't and by his Excell^y Gov^r Belcher's letter of the 21 June, directed to Mr. President Walton, that the Assm. of this Govern^t sit this day in order to agree on the 13th July curr't, to meet the Commiss^{rs} of the Mass^a about the line, & that the assem. having voted the time agreeable to the Mass^a that the Assembly be prorogued to the first Wednesday in 7^r next; and in none of the Letters or Directions any mention is made who

the Committee of the Mass^a are, or how many, nor have any copy of the vote of their Assm. been sent, and since this Assm. must be prorogued to 7^r next, and tis not likely [p. 348] that the Mass^a Assembly will meet till X^r next, and therefore no hope nor likely-hood of p'fecting any thing this yeare about the lines, and this Govern^t think these Delays are contrary to the intent of his Maj^{ties} Instructions:

Therefore, *Voted*, That this House do not think it fit, or for the interest of this Province to chuse a Committee, but come into some other method, and represent the matter to the Court of Great Brittain & shew how far this Province has proceeded, and endeavourd a peaceable settlem^t of the said lines, and pray that his Hon^r the Leut. Gov^r and Board will come into the same. Sent up.

General and Chief Governor of our s'd Province of New Hamp^r, now and for the time being, And all and Singular our Officers and Ministers and loving subjects of our said Province, and others whom It may Concern, are hereby Commanded to take due notice hereof, and to give their ready obedience accordingly.

Given at our Court at St. James's, the twenty seventh day of February, 1730, and in the fourth year of our Reign.

By his Maj^{ty}'s Comand,
 Entered in the office of the Ld. Commiss^{rs} for Trade and Plantations,
 White Hall, 2^d April 1731.

David Dunbar, Esq. Lt. Gov^r of New Hamp^r.

[P. 349.] Wednesday, Sept. 15th 1731.

The House met according to Prorogation by Proclamation of his Excellencie.

A Quorum of the House being met and his Excell^y come to the Council Chamber, Mr. Secr^y came with a Mess^a from

Belcher for redress, who issued his proclamation, requiring the inhabitants to submit to the Government of Massachusetts. Upon representation to the King in Council, Dunbar's authority was revoked. his Excell^y, that he required the attendance of the House at the Board.

Mr. Speaker and the House went up accordingly. His Excell^y made a Speech of which Mr. Speaker pray'd a Coppy, had it and then Mr. Speaker & the House return'd.

The Speech was read, viz.

Gen't of the Council & House of Representatives.

You being now, conformable to my Prorogation conven'd in Gen^l Assembly, I hope you will apply yourselves with good unanimity in the dispatch of the Publick affairs, and so as may most of all tend to his Maj^{ties} Hon^r & service, and to the lasting weal of his good subjects of this Province; and in such your proceedings, you will be always sure of my hearty concurrence. As I have it in command from his Maj^{tie} to give all possible countenance to virtue and Religion, and also to encourage Trade and Commerce among you, I should be glad you would look back on what I have said to you (and the late Assm^l.) on those heads, and after you have carefully reviewed your Laws, I wou'd chearfully joyn with you in doing what may be still needfull on these accounts.

I wou'd at this time gen^t againe recomend to you the settle^t of the Boundaries between this Province and the Mass^a in the manner so wisely directed to by his Maj^{ties} Royal Instruction. I assure you, I have no other Interest in the matter than to discharge my duty to my king in a faithful care of his People under my Government; and I am sorry the House of Representatives (at this Courts meeting in July last) did not in Fidelity to their Country, fall in with what his Maj^{ties} Council so prudently voted for reviving the Comittee to meet at [p. 350] Newbury, and, protracting the time from June 22^d to August following, or at least with the time the Massachusetts Assm. had agreed on, viz. the 13th July. This matter has been once and againe laid before his Maj^{tie}, and as yet no final Issue made upon it, That I think it must plainly appeare his Maj^{tie} judges it best the affaire shou'd be adjusted between the two Govern^{ts} themselves; and I should be very glad to see all sinister views laid aside, and this great and publick good still pursu'd to a happy conclusion, and which you will see the Assm. of the Mass^a Bay are desirous of by what they past at their last sitting, which shall be delivered you by the Secretary.

Gen't of the House of Representatives.

I shall order the Commiss^{rs} of the Treasury to lay their accounts before you, that you may see the Expense of the Province since our last

already commenced between them increased as long as Dunbar continued in the country. He was not allowed a seat in the Council. Shadrack Walton, the senior Councillor, in the absence of the Governor, presided at the Board. But Dunbar was commander of the Fort at Great Island; he had authority to grant passes to outward bound vessels, and licenses for marriages. From these several appointments he received about £50 sterling. As Surveyor General, £200, and the perquisites nearly £100.—[See *Ad. Ann. Portsmo.* pp. 158-159. *Farm. Belk.* pp. 226-334.] ED.

meeting, for your better judging what further necessary supply must be made for the support of his Maj^{ties} Govern^t & for the safety & Protection of his People.

Gen^t of the Council and House of Representatives.

If you have any thing more than what I have mentioned to suggest for the Publick service, I shall be glad to do every reasonable thing on my part towards it; and since it will soon be a verry busy season, I doubt not you will, for your own sakes, as well as to save expence to the Province, give the best dispatch you can to every thing that may come before you.

Sept. 15th 1731.

J. BELCHER.

Voted, That Nathaniel Weare and Theo. Atkinson, Esq. be a Committee of this House to draw up an answer to his Excellys Speech, & present to the House for approbation.

Then the House adjourn'd to Thursday the 16th curr^t

[P. 351.] Thursday, Sept. 16th A. D. 1731.

The Answer to his Excellys^s Speech bro't in by the Committee was read and voted to be amended.

Post Meridiem

The Answer as amended read again & voted, accepted & sent up which was in the words following, viz.

May it Please your Excellencie.

We being now met according to Prorogation, in Gen^l Assem. we assure your Excellcy we shall be unanimous in the dispatch of all the Publick affairs that shall properly ly before us, always showing a just regard to his Maj^{ties} Hon^r and the best good and Prosperity of his good subjects in this Province, which we imagine can't be Established upon a better Basis than Vertue and Religion, which we shall always countenance and encourage to the utmost of our Power.

As to what your Excellcy has moved to us for encouraging Trade And Commerce amongst us, the want of a medium is the greatest hinderance.

As to the settlem^t of the Boundary Lines of the Govern^{ts}, we apprehend we have no other power to transact in that affaire than what is given and directed to by his Maj^{ties} Instructions, and whenever we depart from that, we exceed the power given us, and of consequence render fruitless and ineffectual all our attempts. Now your Excellcy can't be unseenceible that we have once and againe passed such acts and votes as was directed by said Instruction; and tho' this house did not concurr with the vote of Council of the first July last past, we assure your Excellcy it was done in great Fidelity to the Country we represent; and we believe to their satisfaction; and tho' we believe it would be pleasing to his Maj^{tie} to have the Lines settled between the two Govern^{ts}, yet we are assured it would be far otherwise if we should derogate from the method he hath so wisely prescribed, and which we

apprehend the Massachusetts hath not followed [p. 352] by their vote laid before us by the Secretary; and we assure your Excell'y that no sinister ends hath nor shall not be in view, neither in this nor any other affaire that shall come before us, which we imagine is far otherwise by the equivalent &c. mentioned in the above mentioned vote of the Mass^a.

As to the supply of the Treasury, when the Accounts are laide before us, we shall take it into consideration to do the best we can considering the circumstances of the Province.

Andrew Wiggin, Speaker.

Voted, That Nathaniel Wear, Theo. Atkinson and Joshua Pierce, Esqs. be a Committee of this House to joyn with a Committee to be appointed by the Hon^{ble} the Council, to meet a Committee appointed by the Mass^a at Newbury the 30th of Septem^r curr^t there to conferr and see, if they can calculate an Act to be passed by both Govern^{ts} in order to settle the Boundary Lines between the two Govern^{ts}, and that the Committee appointed by this Govern^{mt} be instructed strictly to adhere to his Maj^{ties} 77th Instruction to his Excell^y Gov^r Belcher, & exactly conform thereto in every article, and that they do not repaire to Newbury to meet the said Committee appointed by the Mass^a untill they shall be apprized that the Mass^a govern^t have given the like Instruction to their Committee.

Belcher, relating to the Boundaries, or if it shall happen that the Mass^a Committee should not meet at the time abovesaid, or in case they should not agree upon the draught of an Act according to the said Instruction, That then and in such case the above mentioned Committee from this Province, be impowered and directed to write home to the Right Hon^{ble} Lords Commiss^{rs} for Trade and Plantations giving an exact account of the proceedings of this govern^{mt} from time to time, and how far this Province hath acceded to the settlement of the Said Lines, and to [p. 353] transmit authentick copies of all acts and votes passed thereon, and to pray their Lordships favorable answer thereto, and that his Excell^y be desired to do the same.

Thursday, October the 7th, A. D. 1731.

The Committee that went to Newbury, to meet the Committee of the Mass^a about the Lines, according to the vote of this Gen^l Assem. September 25th 1731, made their Return and also two draughts to be sent home, one to his Grace the Duke of New Castle, the other to the Right Hon^{ble} the Lords

Commiss^{rs} for Trade [p. 360] and Plantations ; all which was read in the House as follows, viz.

May it please your Grace—The great difficulty attending the settlement of the Divisional Boundaries between this Province and that of the Mass^a Bay lays us under a necessity of troubling your Lordship at this time, to implore your Grace's interest and friendship in making such a representation of this unhappy affair to his Maj^{ty} in Council, as may produce an impartial adjustm^t of a long standing and greivous Quarrel as soon as may be consistent with his Maj^{ties} Royal Pleasure.

Immediately after his Excell^{cie} the govern^r was pleased to communicate to us his Maj^{ties} Royal Instruction in relation to this affaire, We past an act in conformity thereto, appointed commiss^{rs} to settle the Lines, &c which the gen^l assembly of the Mass^a did not see fit to agree with, But passed an act very different from ours, and as we conceive much in Prejudice of this Province, which we (therefor) could not agree with : then we proposed a Committee of each govern^t to meet and try whether (conferring together) they could not agree upon Preliminaries for a Bill to be drawn and enacted by both govern^{ts}, and Committees were chosen and did meet & try to agree, &c.

But this attempt had no better success than the former essays. For the Mass^a Committee were instructed by their gen^l assembly to insist upon having Property and Jurisdiction as far as their auntient grants extended, which, if conceded to would bring the northern Boundary of that Province Eleaven miles and three quarters (at least) to the northward of Merrimack, instead of three miles, which is the Boundary fixed by their charter ;—by all which your Lordship will plainly discover that the settlement of the Lines here are impracticable. Wherefore we pray it may have a finall determination at home.

May it Please your Lordship—

Pursuant to vote of Gen^l Assembly made and passed 7^r the 25th, 1731, We the subscribers met a Committee of the Mass^a at Newbury, the 30th of said month, to try whether we could agree upon a preliminary Bill for settling the Divisional Lines of this and that Province; but to no purpose. For the Instruction of the Gen^l Ass^m of that Province had given their Committee were much streighter and more ag^t the Interest of New Hampshire, than the act which that Govern^t passed the 10th of February, 1730; which the Gen^l Ass^m of this Province could by no means agree to. For in the Instruction the Mass^a Committee are directed that provision be made in the Bill, That all such lands or Towns which either Govern^t are in Pos....sion off, or improvem^t of by virtue of any auntient Grants, be reserved to the several Govern^{ts}, both as to Jurisdiction and Property;—which if agreed to would bring the Dividing Line (according [p. 362] to our understanding) at least Eleaven Miles & $\frac{3}{4}$ to the northward of Merrymack, instead of three miles, which we utterly refused to comply with, especially, as to jurisdiction; insisting that the line which the Comiss^{rs} should fix, should be but three miles to the northward of Merrimack River, according to the intent of their charter, for their Boundary. as to the Jurisdiction, whatever we might consent to in respect of Property. Then those Gen^t told us they could not act any further as a Committee, for as they had particular directions, they were obliged to conform to 'em.

However they proposd that as they and we were members of the Gen^l Assemblies of the two Provinces (Laying the matter of Jurisdiction aside) to try whether we could agree with respect to Property and Equivalents; upon which we offered to their consideration the giving and receiving Equivalents for all such lands as had been improved within fence twelve years, by planting, sowing or mowing, Provided such Land had been granted by the Town in which it lay, and the Grant & Return of Laying out fairly entered in the Town Book ten years: who in reply thereto told us they could not think we had offered any way reasonable;—which concluded our conference.

Whereas this Govern^t hath for many years past done their utmost endeavour to settle the Boundary Lines between this Govern^t and that of Mass^a, and have passed such votes and acts as we conceive will (by every impartial person) be tho't & acknowledged verry reasonable on the part of this Govern^t, which as yet hath not had the desiered effect: Having lately been defeated in our Endeavours at Newbury, as doth appeare by the Returne of the Committee sent there by this Govern^t, to meet a Committee of the Mass^a Govern^t, and upon that, this Govern^t made an humble Representation to his Grace the Duke [p. 363] of New Castle and the Right Hon^{ble} the Lords Comiss^{rs} for Trade and Plantations :

And this Govern^t having at present no agent in Great Brittain^e to forward that affaire, and Capt. John Rindge ⁽¹⁾ being about to go to Great Brittain^e, and several private persons (as Friends of this Govern^t) having offered to supply with money for defraying the charges.

In the House of Representatives

Voted, That the said Capt. John Rindge be chosen and appointed by this House as an Agent to Represent this Province at the Court of Great Brittain^e, & that he hath full power and authority as this House can give about the Premises; and if it should so happen that the said John Rindge by any means should not be able to attend the said Business, That then he have a power of appointing, and in the name of this House of desiring any such person as he shall think proper to aid & assist him in those affairs, and that the Clerk of this House furnish him with those Copies as are voted to be sent to his Grace the Duke of New Castle, and the Right Hon^{'ble} the Lords Comiss^{rs} for Trade and Plantations.

In the House of Representatives

Whereas the vote of this House this day for appointing Capt. John Rindge Agent for this Govern^t as far as this House could empower him, was sent up to the Council for concurrence and approbation, and this House having not heard whether the Council will joine in that affaire with this House or not, and that the matter might not fall to the ground, *Voted*, that the said John Rindge be empowered by this House as their Agent, and be invested with the powers in said vote mentioned, and for the ends therein mentioned.

October 7th, 1731.

Being opulent, he advanced what money was necessary to prosecute the design of his appointment. On his arrival in England, he petitioned the King in behalf of the Representatives of New-Hampshire, to establish the boundaries of the Province, which Petition was referred to the Board of Trade. Having accomplished his private business, and being obliged to return home, Capt. Rindge left the care of the Petition with John Thomlinson, Esq., a merchant of London, who was well known in the Province, and he employed Ferdinando John Parry as Solicitor for the petitioners. *ED.* See *Ad. [About this period, 1731, the following Address was sent to his Majesty, the King.]

(Copied from "Addresses to the King" in Secretary's office.)

To the Kings Most Excellen't Majesty

We your Majestys most Dutifull and Loyall subjects, the members of your Maj^{ty}s Councill, Judges, Justices of the Peace, Sheriffs, under Sheriffs, Coroner, Collector & Naval officers and sundry others, Chief officers of the Militia & Principal Inhabitants & Freeholders of your Majesty's Province of New Hamp^r, in New England, In America, whose names are hereunto subscribed, Crave leave to Implore your Majesty's paternal regard to this Province in the following Humble Address.

Most Gracious Majesty.

It is now about a year since your Majestys Royal Commission appointing his Excellency Jonathan Belcher, Esq. to Represent your Majesty's Royal Person at the Head of this Government, was opened & published amongst us to our universal Joy and Satisfaction, not long after which the Council & Representatives of y^e Said Province, Convened in General Assembly, most humbly addressed your Majesty (!) (as in duty bound) on that very occasion, Expressing (with great Truth) the utmost gratitude of this people for such a Royal Benignity & Earnestly Supplicating the continuance of your Majesty's grace & favour in Continuing a person so well accomplished for a Governour & so acceptable to the people to Rule over us: Notwithstanding which some Restless Persons, for about three weeks past have been Endeavouring to Disquiet the minds of the weaker sort amongst us, In order to memorial the Governour to the Right Honourable the Lords of Trade & Plantations, as a person not a friend to the Province, & to pray that New Hamp^r may be no longer under the Governour of the Massachusetts Bay, which Essay, may it please your Majesty gives birth to the present address,—For in Duty to our Sovereign, in Honour to our Governour, In faithfulness to the Province & in Justice to ourselves, we cannot be Dumb on such an occasion; but most humbly crave leave to bear Testimony against an attempt (tho' never so unlikely to succeed) which tends to sap the very foundation of our Happiness.

May it Please your Majesty, Your Maj^{ty's} Councill can witness the Governours solicitous concern for the settlement of the Divisional Lines between the Two Provinces & his unwearied Endeavours to accomplish it with the strictest Impartiality, w^{ch} is what we earnestly supplicate may have as speedy an Issue as is consistant with your Maj^{ty's} Royal Pleasure; for the longer that Difference lyes open the greater are the mischiefs which attend it.

But to return to his Excellency, What is it that we can't all say (without a compliment) Even the little number of Discontented themselves, in praise of a Governour whose administration is so wise, so just, so equal & to such universal acceptance, & who will without any question make such unbiased remonstrances to your Majesty upon this unfortunate misunderstanding as may be a means at last to bring it to a happy issue.

May it please your Majesty, This your Majesty's Province is so small, the people so few, and in general so poor, that it makes the settlement of the lines still more necessary & is no bad argument to Enforce our humble request for being continued under the Governour of the Mass^a Bay, & especially him who is at Present, & we humbly hope will long continue in that Station; for we have done our utmost already even to our almost undoing in fixing so large a sum for the Governours Salary, pursuant to your Majestys Instruction, & if more should be required to support the Dignity of a Resident Governour, we can foresee nothing but Inevitable ruin, & besides if we should again be visited with a French or Indian War, or Both, (as at this Juncture we are threatened) Then yet more Deplorable would our condition be, for now we can ask succours (as occasion may require) from the common father of both Provinces with hopes of success, but how it may be upon a different

footing God alone knows. Numberless argum^{ts} we humbly conceive might be used to Induce your Majesty's favour in continuing us under our Present Governour, but your Majestys consummate Wisdom as well as Goodness makes them unnecessary, & as we know what has been offered (by any who are the Troublers of our Israel) by way of Impeachment of his Excellency's conduct, can't fail of redounding to his Honour (Even without a reply) so we shall attempt no particular answer, but leave that to himself, if he shall think it worth his while.

In conclusion, We pray your Majesty may have a long & Glorious reign upon earth, & when the period of mortal Life expires, that your Majesty may be Translated to the mansions of bliss & there reign with the King eternal for ever and ever.

In humble obeysence we now withdraw from your Majesty's Presence & are with the profoundest veneration.

May it please your Majesty,
Your Majesty's
Most Loyal,
Most Dutiful,
Most Obedient,
And faithful
Subjects & Servants.

*Gent of the Council,
and House of Representatives,*

This being the usual season for your Spring Sessions, I am come to attend his Maj^{ties} service, and to concur with you in every thing that may have the best tendance thereto, and to the lasting Weal and happiness of this Province, and I shall be glad you may be met at this time to pursue those good ends with chearefulness and unanimity, and that there may be no struggles or contentions among you, but who shall most of all approve his duty to the King, and his Love to his Country; and for my own part I can assure you I have no other views or interest to seek among you.

If you have any thing further to offer on the old affaire of the Lines between this and the neighboring Province, I shall be ready to fall in with any reasonable measures for the peace and advantage of this Province.

Since I last met you, I have received his Maj^{ties} Royal Instruction respecting Negroes and Felons, that may be imported into this Province,—a copy whereof shall be delivered you by the Secretary, and to which we must conform ourselves for the future.

Gentlemen of the House of Representatives,

By the small account which the Commiss^{rs} of the Treasury will lay before you, you will see there is no money in the Treasury, and I doubt not you will think it inconsistent with the safety and Hon^r of his Maj^{ties} Govern^t, or the Peace and Welfare of his subjects, for the Treasury to remain empty, and that you will therefore in duty to the King, and in a just regard to this People, make the necessary supply to the Treasury as early as may be this Sessions.

Gent of the Council & House of Represent

[p. 366.] A close application to the Busyness of the Sessions will prevent all unnecessary expence to the Province, and soon give you the opportunity of returning to your private affairs, in the Prosperity whereof, as well as those of the Publick, I shall always have pleasure and satisfaction.

Wednesday May the 10th A. D. 1732.

The Committee bro't in an Answer to his Excell^ys Speech, which was read & voted, accepted and sent up in the words following, viz.

May it please your Excellency

We beg leave to assure your Excell^y, that we are now met to attend his Maj^{ties} service in this Sessions and to do every thing that may tend to his Maj^{ties} service and the Prosperity of his good subjects within this Province whom we represent; and this we shall do with chearefullness, and hope with unanimity, having no sinister ends or double views, and hope there will be no struggles nor contentions.

As to the affaire of the Lines, we apprehend this Govern^t has done every reasonable thing to accomodate that matter in a Peace between the two Govern^{ts}, and in order to do this have exceeded his Maj^{ties} Instruction to your Excell^y in that affair; tho' this House thinks it absolutely necessary that something should be speedily done in compassion to the Poore People that inhabit neare the controversy; for sundry suits have been comenced ag^t the People of Londonderry and Kingstown, and the people carried into the county of Essex in the Mass^a Govern^t to be tried for Trespass comitted at least twelve miles North from Merrimack, and this at their last Court at Ipswitch; and those suits upon the controverted lands have already cost one of those Towns, by a moderate Computation, at least Eight hundred pounds: Wherefore we humbly pray that your Excell^y would put a stop to these proceedings until the Lines shall be settled at home, which we hope will not be long, seeing it could not be accomodated here; and to this end, this House did empower Capt. John Rindge to represent that affaire to his Maj^{tie} in Council and [P. 368] humbly pray his decision.

We have considered his Maj^{ties} Instruction relating to an Impost on Negroes & Felons, to which this House answers, that there never was any Duties laid on either, by this Govern^t, and so few bro't in that it would not be worth the Publick notice, so as to make an act concerning them.

As to the supply of the Treasury, when the Treasurers shall lay before us their accounts and estimates, we shall do every thing that shall

be consonant with our Duty to the King, still shewing a just regard to y^e Liberty & Safety of the People whome we represent; and if any such way can be found to supply the Treasury, this House will readily grant it. But our circumstances are so that if there should be an additional tax upon the Poles and Estates of the Inhabitants of this Prov: it would have a great tendency to fill the Publick Goals than supply the Treasury. This plainly appears by the several Constables of this Govern^t being indebted to the Treasury, and those Collectors too, no doubt have been necessitated to use money (collected for other uses) to pay the Province Tax. These circumstances of the Province being duly weight^d & considered, we doubt not your Excelly will be of opinion some other Method must be found out for supplying the Treasury.

And, may it please your Excelly, we hope we shall give the necessary dispatch to the Busyness of Sessions that the season of the year requires.

[P. 374.] Voted That Mr. Treasurer's accounts be accepted. Money outstanding in several Constables hands as pr the Treasurer's Accounts, viz. Constable of Gosper, £16:16. Constable of New'rket, £18:17:6. Constable of Newington, £9. Total £44:13:6.

A Mess^a from his Excellency pr Mr. Secretary, viz. That his Excell^y required the attendance of the Speaker and the House in the Council Chamber. Mr. Speaker and the House went up accordingly.

His Excell^y made a Speech. Mr. Speaker obtained a Copy as followeth, viz.

Gentlemen of the House of Representatives.

I have consented to every thing that has been passed by his Maj^{ties} Council and your House, and I am sorry the great Business of the Sessions (the supply of the Treasury) remains undone, notwithstanding I have so early and so often recomended it to your especial care, as a matter more immediately belonging to your House, and I have been patiently waiting many days in hopes of your coming to a proper sense of your duty to the King & to a tender regard of the good people of this Province, in this Article; yet after all, I find you are resolved to make no supply of the Treasury, that can be agreed to by his Majesty's Council or by me, which is to say you will make none, and this you presist in under a pretence of the difficulty that the supplying the Tresury in the usual manner might bring on the Inhabitants. But how specious and vaine is such an *amus'mt*? when a Tax of £1000 for the present yeare would be sufficient, and in time of War it has been common for the Province to pay a Tax of 2 or 3000£ a yeare without any complaint, altho' the Inhabitants were then far less in number, and their lands not cultivated or improv'd to any degree as they now are. I find, therefore Gen^t that the Assurance you gave me at the Beginning of this Sessions of your doing every thing that might tend to his Maj^{ties} service and the Prosperity of his subjects, were only words of course, and on which there was to be no dependence.

[P. 375.] By the Treasurers accounts and the estimate laide before you, you are sensible of the Debts already due from the Province, and what may be the growing charge of the curr^t yeare; and you must also know your refusing to make the necessary Provision for discharging them, is in open violation of your own laws & doing publick Injustice to all those to whome you are indebted, and it is exposing the King's Govern^t and his People to the utmost hazard & confussion, for neither of them can be in safety and Peace without the usual and necessary supply of money.

Gentlemen.

Since what I have said do's not proceed from any p'sonal views, or from a regard to my own Salary, which is provided for, for some time to come, by the Laws you have made; But from a pure aim at the safety of the King's Govern^t, and at the good and welfare of the People, I have no doubt of its haveing due weight with all those who

would approve themselves true lovers of their country, by always conforming themselves to the dictates of Reason and Justice.

the Assembly DI'SOLVED.

Governor's Order about £15,000 loan.

[From MS. Corr. in Secretary's office, Vol. I, p. 69.]

Gentlemen.

The time being expired for the payment of the fifteen thousand pounds loan, and not half of the sum being yet paid to the General Assembly to be burnt, tho' it was provided in the Act pass'd the fifteenth of May, 1729, That the then outstanding debt should be paid, one third at or before the 25th of July, 1729, another third at or before the 25th April, 1730, and the last third at or before the 25 April 1731, and that those who did not make the first of those payments should have no benefit of the said Act, but Extents should go against the land of such delinquent, yet so it is, That many persons made default in complying with the said first payment, yet no Extents have been made upon the mortgaged lands of such Delinquent, according to said Law; and since the term limited in the said Act expired, another year has passed away, and the money not yet paid in by one half; It is therefore my express order and direction, that you do forthwith, laying aside all excuse, and without any delay, render me an exact account of the state of that loan from your last account, and that you strictly persue the rules and directions of the law in making sale of the mortgaged lands, so that the outstanding bills of that loan may be, with all possible dispatch, consumed to ashes, according to the tenour of the Law: his Majesty having been pleased to command me to see the same effectually done, according to the periods & provisions of the s^d Acts.

A remark or two on the Representation of the Right Honourable the Lords for Trade and Plantations.

[From MS. Corr. in Secretary's office, vol. I, pp. 75-78.]

That the Governour gave orders to the Captain of the Fort not to suffer Col. Dunbar to enter there as Lt. Governour, is not rightly represented: The order intending no more than that the said Dunbar should not enter as Comander-in-Chief, to take the comand of that Garrison, in open contempt & defiance of the Governour's Comission; and well might the Governour give such an order, who had often heard that the said Dunbar had sworn he would have the Fort, tho' he scorn'd to ask or even to take a Commission from his Excellency for it; which (not onely indecency, but) aggravated insolence of the said Dunbar, necessitated the Governour to issue such an order, in a faithfull dis-

charge of the trust reposed in him, and in vindication of his own honour, which the said Dunbar had treated with so much disregard and ignominy, not only in the Instance above mentioned, but likewise, when he swore he scorn'd to accept a Comission from the Governour, he spit in contempt of it, as tho' he would spit upon it if offered him: such insolency & such arrogancy must surely be deem'd a sufficient inducement to the Governour to exert his authority; for what could be more provoking than for an Inferior officer to presume to vie powers with his Captain General, as he always did, being ever upon the defiance, til he was advised by an Express, that the Governour was upon the road bound to New Hampshire; but then (being conscious of what he deserved) to the great surprise of his few friends, he made a sudden flight to Pemaquid, getting out of the Province by a hard shift against wind & tide the evening before his Excellencys arrival at Portsm^e, chusing rather to expose himself to the hazard of y^e merciless waves, in a dark and lowering night, in a little stinking fishing boat too, than to the resentment of his Governour, whom he knew he had abused and affronted, and from whom he deserved chastisement; Can any thing upon earth be a fuller proof of his own consciousness of his ill-deservings from his Excellency's hands than such a sudden & mean Escape? and if so, there can be no greater argument to justify the order from his Excellency to the Captain of the Castle, if such order needs a Justification: Moreover, the said Col. Dunbar, in further violation of his duty, was an open abettor to Mr. Atkinson in withstanding the Governour's authority in the appointm^t of Rich^d Wibird, Esq. Collect^r for the N. Hampshire District: The said Atkinson refusing to deliver the Custom House Seal, and the said Dunbar justifying him in it, altho' his Excellency had given an express order for the same; and besides, when Capt. Wibird waited on the s^d Col. Dunbar (as Lt. Gov^r) by the Governour's order, to be sworn into the office of Collector, the said Dunbar swore he would not administer the oath to him; so that his Excellency was obliged to send a Dedimus to two Gentlemen of the Council, to swear him and any other officers as occasions might afterwards require: And again, after Mr. Wibird was appointed Collector, the Governour ordered the Lt. Gov^r not to grant any Passes to the Fort for any vessels without a clause in such Passes signifying that such vessels were duely clear'd by Rich^d Wibird, Esq. Collect^r, which he absolutely refused to obey, and instead thereof (endeavouring to render null and void the Governour's authority & the Comission to the said Wibird, as far as in him lay) he commanded some of the officers of the Government to aid Mr. Atkinson as Collector, tho' the said Atkinson had nothing to make him so, but a dead deputation from Mr. Bacon, who departed this life some months before; and the said Dunbar well knowing at y^e same time, that the Governour had Comissionated Capt. Wibird for that office, & that he had taken the oaths accordingly. What a high handed breach of duty & opposition was this? and what an instance of base ingratitude too, after his Excellency had wrote to the President & Council to receive him (when he came from Pemaquid) with all possible respect, & to publish his Comission wth the usual marks of honour in such cases, and which he well knew both from the President's letter and lips: This was some of the conduct of that Gentleman that was such matter of speculation & wonderment y^e last summer, in this part of the world: Tho' really the greatest wonder

of all, was at y^e patience & forbearance of the Governour (under such prodigious provocations) that his Excellency did not immediately send him home to answer for his misdeeds before his Superiours there, or at least confine him til his Majesty's pleasure should be known; and to prevent the mischiefs which (it was generally tho't) he would have done, if he could have made any considerable party: But, heaven be praised,—his number was but small, being but about a dozⁿ or fifteen persons at most, w^{ch} consisted onely of disbanded officers and their relatives and dependants, a decayed Gentleman or two, a book-keeper, an Irish rover, and Pedlar of the same country.

As to the Lt. Gov^r Exercising the ordinary powers of Government when the Gov^r is at Boston, It is an ancient adage, "That what has been may be," and what has lately been (& of what pernicious tendency) may be seen in the foregoing specimen of Mr. Dunbar's management in the last summer;—pretty much of the same kind & stamp wth the administration of a Lt. Governour of the same Province in the year 1717, ⁽¹⁾ who undertook to suspend a Councill^r, ⁽²⁾ to dissolve the Assembly, & Issue Public Instrum^{ts} in his own name, which Governor Shute, then in the Mass^a being advised of by a courier, sent for that purpose, was obliged to ride post to that Province to still the disorder occasioned by the then Lt: Gov^{rs} misconduct there; and in order to it the first step his Excellency took, was to suspend the said Lt. Gov^r (as a Councill^r) which was done by unanimous advice of a full Council; & immediately thereupon (by y^e like advice) he issued Proclamⁿ throughout the Province, declaring how far the Lt. Gov^{rs} power extended, w^{ch} was limited to such orders and Instructions as he should receive from his Majesty or the Capt. Gen^l. Then the Gov^r made an order in Council to the Clerk not to deliver nor make use of the Prov. Seal but by his special order; and finally, represented home the behaviour of that Gentleman, who was immediately thereupon dismissed from y^e Lt'enancy; & y^e suspension of him as a Councill^r was highly approved, and he never appeared more at the Coun. Board to his dying day. Now, however great the Inconveniencies have already been, either in the year 1717 or last summer, yet much greater may they be, & doubtless will, if the present Lt. Gov^r should be countenanced from home in jaring wth the Governour and counter-governing y^e Province; for if it sh^d be so, whatever the Gov^r may do in y^e m^o or six weeks in a year, that he is there, the Lt. Gov^r may undoe as soon as his back is turn'd; and by the same rule and reason, when the Lt. Gov^r shall be gone to Pemaquid or elsewhere, the President of the Council may Act his part as Chief; and if he too should happen to step out of y^e Province, then the next eldest Councill^r might also Execute another scheme of Politicks, and so on:—which would involve y^e poor people in a labyrinth insuferable of Difficulty; for what can be y^e consequence of a competition or rivalry for power but a train of evils, jars, discords & animosities, breaking the community into partys & peices & keeping them in a perpetual clash? What can be expected in such a case but almost daily enacting & abrogating the same Laws, frequent Elections & dissolution of Assemblies, & as frequent suspending Councill^{rs} & calling others in their room; the often granting Comissions to Judges & Justices, & as often superseding them, whereby y^e course of Justice must be unavoidably impeded; and be-

sides there will be a continual change of military officers, which will leave y^e Militia untrained & undisciplined, and by consequence, entirely unfit for service, which will be ten thousand times worse than anarchy itself. And besides, the vesting y^e Govern^t in y^e Lt. Gov^r would be inverting the very nature & order of the thing contrary to the usage in such cases, as well as y^e plane intent & express words of both the Gov^{rs} & Lt. Gov^{rs} Commissions; and moreover, it would be making a mere nominal officer of the Governour, & his Comission a blank, or at best it would be depriving him of 11-12ths of the authority which his Maj^{ty} has been graciously pleased to bestow upon him.

P. S. Upon a 2^d tho't—May not y^e Lt. Gov^{rs} attempt to get y^e Fort into his hands be improved as tho' he designed thereby to support Atkinson as Coll^r by stopping y^e vessels y^t did not . . . with him.

Again: ye Testimony of Wentworth and Atkinson was not duely & properly authenticated, Col. Waldron not being notified.

Again: Those Deponents were evidently partial & bias as fully appears by Atkinson's conduct as Coll^r & the Testimony taken last week agst Wentworth.

Again: 'Tis sd the Clerk of y^e peace was present, (an indifferent man) why was he not sworn as well as y^e two party men?

Capt. Joshua Pierce's Letter to Gov. Belcher, about Mandamus, and Gov. B's reply.

Portsm^o Jan. 11, 1732-3.

May it please your Excellency,

Sir—I being this day in Conversation with Mr. Sec^y Waldron, he intimated to me that your Excellency was much incensed against me for managing as I did with my Mandamus. Within a week after it came to hand (which was under cover of a letter from Capt. Tomlinson of London to my son Josh.) I presented it to Mr. President Walton in the Council Chamber, and neither he, nor any of the Gentlemen that were present, mentioned a word of my forwarding it to your Excellency; and I beg leave to assure your Excellency, that neither in this affair or any other since your administration in the Government of N. Hamp^r have I acted any thing with design to give yo^r Excellency any umbrage, and what has been amiss of any kind whatsoever, it was want of better information, and most humbly pray, that your Excellency will be so good as to pardon a sin of Ignorance, in your most obed^t humble serv^t.

Gov. Belcher's Answer.

Sir—I have yours of the 11, present, & observe what you say in excuse for so long detaining the Kings royal order to me for admitting you to be one of his Majestys Council for New Hamp^r.

Capt. King who bro't it arrived here Monday the 18th Dec^r and you received it the Wednesday following, and presented it to the President the 28th of the same month: How came you to conceal it so long? and since it was in the first place directed to me? (whom his Majesty is pleased to say is not absent from New Hampshire, when in the Massachusetts.) Why did you not by return of the Post transmit it to me that I might have given my order thereupon? However Sir, since

you seem to plead ignorance, and that you had no design to give me any umbrage, I have return'd the Mandamus to the Secretary, and have ordered the President to call a Council, and to have you sworn & admitted in obedience to his Majesty's royal orders, and that the Secretary record the Mandamus and return me the original, and that a copy of your letter and my answer on this head be put upon the files of the Secretary's office.

I give you joy, Sir, of the honour the King has done you, & I hope you will do his Majesty good service & honour in the station he has set you.

I am, Sir,

Y^r Serv^t. J. BELCHER.

Gent. of the Council

I had met you sooner in Gen^l Assem. but that my duty to the King in the next Province prevented me in

the fall, as the severity of winter has, since that time. I hope you are now come disposed to do what may reasonably be expected from you for his Maj^{ties} service, and for the welfare of his good subjects of this Province.

Since I was last here, I have received his Maj^{ties} Royal Instruction forbidding any duty on Brittish Shipping or Manufacture, which Mr. Secretary shall lay before you, that you may for the future conform yourselves thereunto.

Gent. of the House of Representatives

I shall direct the Treasur^r to lay his accounts before you, by which you will find there neither is nor has been any money in the Publick Treasury for a long time. I shall therefore not doubt of your doing therein what is absolutely necessary for the support and safety of the Government, as well as for doing Justice to all to whome you are indebted.

[p. 380.] *May it Please your Excell.*

The Reason your Excell. has given for not meeting the Gen^l Assembly of this Province sooner, this House has given its full weight and consideration, and we beg leave to assure your Excell^y that we are met intirely disposed to serve the interest of this Province, and to do every thing that a Gracious King can expect from Dutyfull and Loyal subjects.

His Maj^{ties} Royal Instruction forbidding the imposing Duties on Brittish shipping and Manufactures has, by your Excell^s Command, been delivered the Speaker, who has comunicated the same to the House, and as former Assemblys have not been wanting in their Duty in paying a just regard to the King's Instructions, so it is to be the less doubted from this Assembly on such an occasion.

The Treasurer's accounts also lay before the House, and it is our greatest concern how, and by what means we shall supply the Treasury, which your Excell. has observed to us has been so long empty, that so the just Debts of the Province may be discharged, and in such a manner that we may approve ourselves faithful to the People we Represent, and in such a way as to be under no necessity of Loading the Inhabitants with heavier taxes than they are able to pay. We beg leave to repeat our assurances to your Excell^y that this Assembly is met, heartily disposed to promote the good of the Province as far as it shall be in our power; and if a dilligent attention on and constant application to Publick affairs, a good harmony with your Excell^y and the Hon^{ble} Board, which your Excell^y has given us reason to hope for, will effect it, we shall pursue those ends whereby this Sessions will be rendered short and consequently attended with less charge—the only way to promote the Public weal under our present distressing circumstances for want of a proper medium.

Whereas upon the several successive years between this yeare and the yeare 1742, there is a Tax by several Acts laid upon the Poles and Estates of the Inhabitants of this Province which is when bro't into the Treasury to be Burnt in order to sinck the several pounds mentioned in the said acts which said sums on the said several years the People of this Province will scarcely be able to pay, & in as much as the aforesaid sumes [p. 383] were Emittid for & Expended in the service of this Province in defending the Lives and Estates of his Maj^{ties} subjects in a Long & tedious war with the Indian Enemy, in repairing his Maj^{ties} fortifications and for maintaining & supporting our armies & soldiers that we sent into the County of York & other places in quest of the said Enemy, by which means the Province is now in debt by the aforesaid acts that it will be utterly impossible for the Inhabitants to pay by a tax the money that is by the said acts to be Bro't in and Burnt, and at the same time to support and maintaine the charge of the government by an addition-

al Tax the scarcity of money being so verry great and the People of this Province being so much reduced for want of a propper medium.

Wherefore, Voted, that there be the sum of £20,000 in paper money forthwith struck & and put into the hands of a Committee to be appointed by the gen^l assembly to be Lett out at 5 pr ct Interest for & during the Term of sixteen years to any p'son that shall give such security as shall be agreed upon by the gen^l assembly & that the Interest that shall become due and paid be put into the Treasury in such sums and for paying such allowances as shall be made and agreed upon from time to time by the gen^l assembly ; and for a fund and security for repaying the same.

Voted that the Borrowers be obliged by their security aforesaid to repay the same at £25 pr ct pr annum on each successive yeare after the expiration of the above mentioned sixteen years untill the Principle be paid in and that without any Interest as above said for the foure years last mentioned, and in as much as it will be some time before any Interest will become due on the said money & the Treasury not having a sufficiency to defray the allowances of the curr^t yeare, for the supplying of which,

Voted, that there be the sum of one thousand pounds made [p. 384] and put into the Treasury for the Ends above said, and for a fund for the Repaying the same, voted that a tax be laid on the Poles and Estates of the Inhabitants of this Goverment as follows, viz. one hundred pounds on the yeare 1733, £100 on the yeare 1734, £100 on the yeare 1735, and so on each successive yeare till the yeare 1742, and that the acts be drawn up accordingly. Sent up.

Eod^m Die. In Council Read & non concurr'd unanimously.

Voted, That the Interest money now due on the Bonds for £1730, be forthwith bro't into the Treasury for defraying the Public charges and that y^e several p'sons bring in their said sumes to the Speaker of the assembly for the time being or that the several p'sons renew their Bonds at six pr ct. and that the Interest be paid into the Treasury next Aprill for the ends aforesaid, and that if any p'son refuse forthwith to pay his Interest due or renew his Bonds at six pr ct. and pay his Interest now due such p'sons Bond be immediately put in suite by the Speaker for the time being. Sent up for concurrence.

Wednesday March the 7th A. D. 1732-3.

May it Please your Excell^y.

This house having received many and great complaints of the extream difficulties and hardships his Maj^{ties} Subjects in this Province Labour under by the Incroachments of our neighbours the Inhabitants of the Mass^a which are dayley made on the Land of the Inhabitants of this his Maj^{ties} Province, Particularly in the Towns of Bow, Londonderry & Kingstown.

Some of which Towns have greatly suffered by having their Inhabitants carried into the County of Essex in the Province of the Mass^a, and there tryed and condemned in great cost, even to the Impoverishing the said Towns; some of which Towns, p'ticularly the Town of Bow, who erected a House for defence in case of a Warr and for the Publick worship of God, was burnt & destroyed, which greatly retards the settlem^t of the said Town, and [p. 385] if not prevented will render it impracticable to settle the same according to the intent and meaning of their Charter; Wherefore this House begs leave to address your Excellency in behalf of those Poore distressed People, and pray that your Excellency would be pleased to recommend to the Gen^l Assembly of your other Govern^t that they put a stop to all such proceedings untill his Maj^{tie} shall graciously be pleased to order the settlem^t of the Boundary lines, and to assure your Excell. that this House will readily Joyne with your Excell. & the Hon^{ble} the Council in passing any vote that shall be tho^t necessary on the part of this Province to effect the Ends aforesaid.

Read and Voted to be sent up.

Whereas this House did on the 6th of this inst. Ma^r pass a vote for the Emitting the sum of £20,000 to be let out at 5 per ct Interest for 16 years to any p'son that should give such security as should be agreed upon by the Gen^l Assembly, which said Interest was to be put into the Treasury in such sums and for paying such allowances as should be made & agreed upon from time to time by the Gen^l Assembly, and for a fund and security for repaying the same, it was Voted that the Borrowers be oblidge^d by their security to repay the same at 25 pr Ct. for 4 years next succeeding the 16 years in said vote mentioned; and also in the said vote there was provision made for an immediate supply of the Treasury by voting the sum of £1000 to be made and put into the Treasury, & for a fund for the repaying the Same. It was Voted that the same should be bro't in by an additional Tax of a £100 on each year till the same should be repaid in order to be burnt: Which said vote was on the same day non concurr'd unanimously by the Council!—And the House apprehending the reason why the Council did not concur with the aforesaid vote, was because the money proposed to be made was to run & stand out for too long a time.

Wherefore Voted, That the above said sum of £20,000 be made and let out as mentioned in the said vote, and to run upon Interest [P. 386] for eight years instead of 16 years, and the Principle be paid in the two successive years, each year one moiety without Interest, instead of the 4 years mentioned in the said vote, and that the sume of £1000 be made for the supply of the Treasury as by the said vote above mentioned was intended, and that the said sum of £20,000 or any part thereof be redeemable by silver money at such a Rate as shall be agreed upon by the General Assembly, and that an Act be drawn up accordingly.

Sent up for concurrence.

Post Meridiem.

A Petition of Richard Perry a souldier at his Maj^{ties} Fort Wm & Mary for himself & in behalfe of the other souldiers belonging to the said Fort praying their pay may be made them, as usual halfe yearly, was Read,

And Voted thereon, That the Prayer of the Petition be granted & that the souldiers be paid out of the money in Mr. Atkinson's hands which by the vote of this House is ordered into the Treasury.

Then the House adjourn'd to the 8th curr^t

Thursday March 8th A. D. 1732-3.

Whereas there is money due to the Province from Theodore Atkinson, Esq. which he received as sherrif of this Province, which he informs this House he is ready to pay as soone as the same shall be settled, and this house having made choice of a Committee to joyne with a Committee of the Hon^{ble} the Council as well as for the settling the said Atkinson's account as all others which lay before the Gen^l Assembly—Which as said vote was non concurred by the Council.

Wherefore Voted, That the Council be desired to reconsider the said vote for auditing the said Accounts; and whereas this House have granted the Praying of the Petition sign'd by the Souldiers of the Fort praying for their Wages, which is by said Grant to be paid out of the said money in Mr. Atkinson's hands,—Wherefore Voted, That the Ballance that shal becom due to the Province from the said Atkinson's be put into the Treasury and be applied to

the [P. 387] paying the said souldiers, and that his Excell be desired to give his warrant accordingly.

The above vote on the Petition & this sent up for concurrence.

Eod^m Die. The above vote Read and nonconcurred, and the Petition returned with a vote of Council thereon: viz. In Council Mar. 8th 1732-3—Voted, That when there is a sufficient supply of the Treasury to discharge the debts of the Province, the Petitioners within mentioned be paid off in Course.

In Council March 8th, 1732-3.

In answer to the vote of the Hon^{ble} House of this day desiring the board to reconsider their vote for a Committee to audit the Publick accounts and Mr. Atkinson's, the Council say, That they have made the fullest and most pertinent vote already that they are capable of making relating to an audit:—which says, The Auditors shall pass upon the Treasurers and all other accounts that are proper to the Cognizance of the General Assembly, and what more they can properly say in that regard they know not. As to Mr. Atkinson's Accounts the Council know of none at present that are Cognizable to the Gen^l Assembly, for that the accounts of Huse's money he has given under his hand already, by which the Ball^a due from him to the Treasury is £292; and as to the estate of John Ambler which the said Atkinson took in Execution as sheriff, It was a Forfeiture to his Maj^{ty} by a Judgm^t of one of the King's Courts, which the Hon^{ble} House ought to know they have nothing to do with; and as to any other Acct. of the said Mr. Atkinson's, when he layes it before the Council they will quickly committ it to the Auditors if the House see meet to appoint any, and it appears to the Council that tis proper for the Examination.
Pass'd unanimously.

In Council, Mar. the 8th 1732-3

Whereas the vote of the Hon^{ble} House of the 6th inst. for the Speakers taking the Bonds for the £1730 into his hands and proceeding thereon according to the Tennour of the said vote [P. 388] is not (in the Councils opinion) projected for the best interest of the Province; because, in the first place, it will charge the Province with double Commiss^{rs} for the said vote says the Speaker gather the Interest and then pay into the Treasury, so that the Speaker and Treasurer

must both be paid ; whereas if the collection was made by the Treasurer it would be done with halfe the charge :— In the next place, the Treasurer is under Bonds not to mis-use or misapply the Publick moneyes ; therefore the Council cannot but be of opinion he is the most proper p'son to do that business ; vast inconveniency having been already experienced by Publick moneyes having been scattered about the Province in Private hands : Again, the Treasurer is not only the proper officer in such a case, but is most conveniently situated for doing the business—all or most of the Debtors living in the Same Town with him : And Lastly, Suppose the Speaker had comenced Suits on all the Bonds, which would be attended with a vast charge, and the Gov^r should think proper to dissolve the Asses^m the Process's would be discontinued and the charge lost of course.

Therefore upon the whole, Voted, That Mr. Treasurer Sherburne who now has the s^d Bonds by virtue of the order of the Gen^l Assm. made the last sessions, forthwith demand the Interest due upon the said Bonds, and that he take new Bonds of those of the Bo.rrowers that desire it, for one yeare more at 6 pr ct. and that he Prosecute in Law those that refuse to pay their Interest and renew their Bonds as above said, at next June Court without faile. Sent down.

The following vote bro't down (with the above) viz. In Council March the 8th 1732-3. Voted that the Hon^{ble} Joshua Pierce Esq. be Recorder of Deeds for this Province for the term of six months and to the end of the next Sessions of Gen^l Assm. after the six months is ended and that the Recorders fee for the future be five shillings instead of half a Crown. Sent down.

Eod^m Die. In the House Read and non concurred unanimously.

[P. 389.] Post Meridiem.

The following vote of Council Bro't down, viz.

In Council Mar. 8th 1832-3. Whereas the Hon^{ble} House of Representatives did on the sixth current send up a vote to this Board of that date for the emition of £20,000 upon Loan & £1000 for the supply of the Treasury under certaine limitations and Promises, &c. which the Council non-concurred unanimously and sent back to this House, and whereas the House did yesterday think proper to send up another vote of the same tendency but something different

as to the Restrictions in which they say the House apprehended the reason why the Council did not concur with their first vote was because the money proposed to be made was to run and stand out for too long a time, which the Council think proper now to tell them is a mistake. In order to prevent any further fruitless essays of the like sort, for the *the* length of time was a good reason for the Council's non agreem^t, yet it was not the only one there being several other material objections to that scheme which are needless to mention. The Council thinking it sufficient to say once for all that the Emission of £20,000 or any other sum whatever on that footing is diametrically opposite to his Maj^{ties} Instruction which was the maine though not the onely reason of the Council's non concurrence as above mentioned. Passed in Council unanimously.

Then the House adjourn'd to Mar. 9th 1732-3.

Fryday, March the 9th A. D. 1732-3.

For as much as there remains in the Hands of Coll John Plaisted, Esq., the sum of £62:18:4 of the money to Exchange which is something Precarious and Tho^s Phips Esq. has offered to give security for the same allowing him till the next Fall sessions for the paym^t thereof: Wherefore Voted That the Speaker of the Ass^m for the time being take the said Thomas Phips Bond for the above sum of £62:18:4 and that when the money is paid according to the Tenour of the Bond the same be bro't into the Gen^l Assembly and Burnt without any further charge.

[P. 390.] A Mess^a from the Board pr Mr. President and Mr. Secretary that the Board had nothing before them and that his Excell. intended to Dismiss the Ass^m to-morrow.

Post Meridiem

Mr. Secretary bro't down a written Mess^a from his Excell. read and gave it the Speaker which was read againe in the House as follows, viz.

Gent. of the House of Representatives,

I assure you the contents of your Mess^a of the 7th cur^t gives me much concern and unesiness, and I shall very earnestly recommend what you desire to the Ass^m of the Mass^a at their meeting the next month, and shall be ready in the meantime to give my consent to any.

reasonable act may be agreed on by the Council & your House for the Ease and Quiet of the distressed Borderers on the Line.

J. BELCHER.

Mar. 9th, 1732-3.

Eod^m Die. In the House Voted, that the thanks of the House be return'd to his Excell. for his Kind Mess^a Relating to the Lines.

Whereas great inconveniencies arise by the frequent Law-suits comenced ag^t People claiming Property in the Lands neare the Boundary Lines between this Province and the Province of the Mass^a which greatly impovishing all that are concern'd therein, and no wayes quiets the People in their Possessions or confirms their Property; for what has been done by one Govern^t hath often been revised by the other, which creates a great and needless Expense & trouble to the Poor Inhabitants on those controverted Lands: Therefore Voted, that no action of Trespass or Ejectment be comenced from and after the first of May next, ag^t any p'son Either for Trespass or Trying of Title on any of the afore-said Lands in controversy between the Govern^{ts} until the lines between the Govern^{mts} are determined and settled, or till further orders.

Provided nevertheless, that this vote shall not be in force [P. 391] unless the Govern^t of the Mass^a pass a vote in substance like this, and to continue for the same time.

May it Please your Excellcy,

This House hath maturely considered and debated the weighty affaire of granting a further supply of the Treasury, to answer which End this House projected two Bills for the emitting the sum of £20,000, the Interest of which was by the said votes for the supply of the Treasury; which said votes were nonconcurr'd by the Council. They did also, for defraying the intervening charges of y^e Govern^t pass a vote for the putting in a 1000£, besides the interest on the 1730£ & the money in Mr. Atkinson's hands, (which this House proposed a vote for paym^t of the soldiers of the Fort Wm. & Mary) but that vote was also nonconcurr'd by the Board, and by their vote say the House ought to know they had nothing to do with: Now this House thinks they have and ought to have a vote in the disposal of all Publick money, and that the Board were formerly of this opinion, appears by their sending down Mr. Atkinson's account to be past upon in the last Sessions; so that that money is still unapplied notwithstanding the said Atkinson hath declared his readiness to pay the same. So that the House can see no other way of supplying the Treasury without oppressing the People whome we Represent, than what they have come into. Wherefore this House are humbly of opinion that it will greatly tend to the Prosperity and welfare of his Maj^{ties} subjects of this Province to address his Maj^{ty} by the hand of our Agent, to obtain his Royal

leave for a further Emission of Paper currency, more especially since your Excell^y has informed this House that you can't consent to; It being contrary to his Maj^{ties} Royal Instruction to [your Instruction] your Excell^y, and if the Hon^{ble} Council should think proper to appoint a Committee to joyne with a Committee of this House for the ends aforesaid, we are humbly of opinion it would be attended with the desired effect.

Then the House adjourn^d to the 10th curr^t.

[p. 392.] Saturday March the 10th A. D. 1732-3.

Mr. Secretary Bro't down the following vote of Council, viz.

In Council March the 10th 1732-3.

Upon considering the several votes that have already past between the two Houses and of the Mass^a made by the Council to the House yesterday relating to the 1730£ Voted that the Borrowers of the s^d 1730£ have liberty to renew their Bonds payable to the Treasurer for the time being for the space of two years from the date hereof, at 6 pr ct pr annum any time between this and the 25th of April next, first paying the Interest to the Treasury due to that time and that the Bonds of those that do not renew as aforesaid within the Term aforesaid shall be put into the hands of the Speaker for the time being who is hereby directed and Required to put the same in suite without delay or Excuse at the Inferior Court next coming after the said Speakers receiving them and that the said Speaker give a Receipt to the Treasurer for such Bonds as he received from him. Pass'd unanimously.

Eod^m Die. In the House &c. Read and concurr'd with this amendm^t. That there be a Committee of both Houses appointed to renew & take the Bonds payable to the Treasurer for the time being at 6 pr ct. as above and when they shall be renewed to be delivered to the Treasurer and take his receipt therefore in order to be Entered on the Journal of the Gen^l Assembly, and that James Clarkson, Esq. be a Committee of this House to joyne with whome the Honble Board shall appoint for the Ends aforesaid.

The vote of the House of the 8th curr^t for a Recorder was Bro't down with a vote of Council thereon, viz.

In Council March 10th 1732-3. The Council adhere to above vote Excepting that the Recorders fee be 2:6 instead of 5s.

Eod^m Die. In the House Read & concurred.

Mr. Secretary came down with a written Mess^a from the Board & Read it as follows, viz.

[P. 393.] In Council March 10th 1732-3.

Whereas in a Mess^a from the Hon^{ble} House to his Excellency the forenoon bearing date the 9th curr^t & sent up this day and communicated to the Council, There are sundry things mentioned which seem to cast an odium on the Council, as tho' it lay at their door that there is not a due Supply of the Treasury, to which the Council in justice to themselves are obliged to say, that the reason of their non concurrence to the 20,000£ Bills on Loan was (as the House has been heretofore once and againe Informed) because the Emission of Bills on Loan is directly contrary to his Maj^{ties} Royal Instruction; and as to the thousand pounds mentioned for the Imediate Supply of the Treasury, it was couched in the Twenty Thousand pound Bills, from whence tis plaine that the House never intended one should pass without the other; but that if the thousand pounds for the supply of the Treasury would not tempt the Council to break thro' the King's Instruction, their compliance with the Kings Instruction should defeat the supply of the Treasury; but if they had a sincere disposition to supply the Treasury as they pretended and sent up a Bill for the same, they would have soon seen the heartiness of the Council in doing their duty to his Maj^{tie} and the utmost Justice to this Province by the rediest concurrence: As to the Interest of the 1730£ the Council have been long Endeavouring that that Loan might by some means or other be beneficial to the Publick, tho' to their great grief by the disappointment of their attempts in the Hon^{ble} House Private p[']sons have enjoyed the benefit of that money at 2½ pr Ct. when there have been many that would gladly have given more than double, yea treble for the same, if they might have been favoured with it; and the Council have this day sent down a vote for the settling that Loan at 6 pr Ct. for 2 years instead of 2½ pr Ct. in order to ease the Tax of the Province which has at last succeeded.

[P. 394.] As to the money in Mr. Atkinson's hands which he rec^d of Hugh's Estate long agoe and which ought for several years past to have been in the Treasury, the Council presume his Excelly will take due care that that £292 Ball^e settled under his hands be paid by a Course of Law, Since there is no prospect of its being done without it, even after so much indulgence to him who has been so notoriously delinquent, to the vast dishonor of the Govern^t & unspeakable oppression of Sundry poor distressed Creatures, to whome the Province is indebted. As to the House^s saying they ought to have a vote in the disposal of the Publick money, the Council Reply, when they the Council think proper to deny that point in Politicks it will be time en^o for them *them* to form an argum^t against it; but that is not yet got into the Question;—for saying the House of Representatives have nothing to do with a confiscation or forfeiture to his Maj^{tie} by a Judgm^t in Court, is not saying the House have nothing to do with the disposal of Publick money, unless it so by some Logick in the House w^{ch} the Council have not Learn'd. As to Mr. Atkinson's declaration of his readiness to pay the money in his hands what is there in it? did he not

declare heretofore, even in the House and most solemnly at the Council Board too, that he would pay part of his Debt at such a time, and the residue in a short space after, & are not the terms long since Expired? But all the paymt^s made let the Treasurer's Accounts answer, which say No, not on^e penny. Why then Gen^t should you trouble yourselves in making such a mess^a & boasting of such declarations? The Council might further very well observe too, that the Scheme of the House for an audit to be appointed by the Gen^l Court to examine a Sheriff's Return of an Execution is intirely new—however is a full Evidence that the House have been much bent on trifling. As to what the House propose [P. 395] of the Councils joyning with them in addressing his Majesty by the hand of OUR AGENT (as they express it) &c. the Council say they know of no Person so qualified. But if the House mean Capt. John Rindge, marriner, then they answer, That when it appears to them that his capacity & other Qualifications are equal to such a Trust & he is hon^d with a Comiss^a for that place, the Council will readily do w^t is proper on those heads.

Rich^d Waldron, Sec^y.

Then Mr. Secretary Read a Mess^a from his Excellcy, follow: viz.

Gen^t of the House of Representatives.

At the first opening of the Assembly I was glad to find in your answer to my speech such professions of Loyalty & Duty to the King as made at least some shew of an inclination in you to conform to his Royal orders, in which article his Majesties Council have acted up to their duty by non concurring the votes you have sent up for supply of the Treasury, because they were clogg'd with projections for a loane of money which you yourselves knew to be contrary to his Maj^{tie} Royal Instructions: I therefore take all you have been doing in the affaire of the supply to be but trifling, and what I suppose you fully believed could not take effect.

I think his Maj^{ties} Council seem to be Convinced of the great inconveniencys that would ensue upon the Assemblys having leave to Issue more Bills upon loans, since there is at this day upwards of 7000£ outstanding of the £15,000 loan Issued 15 years agoe, & should all have been paid in conformity to the Laws of the Province, in April 1731; and the £7000 unpaid must be either in the hands of the said Comittee for their own use & conveniency, either of which is at this time of day a great abuse & injustice to the Govern^t. Till, therefore, Gen^t the money due [P. 396] on this Loan be justly & honestly paid in it must certainly tend to the Ruine of the Govern^t and people to Issue any more Bills in such a method.

Altho, Gen^t you have been setting the usual time of a Spring Sess^{ns} yet I must repeat to you that you have been really trifling with the Publick affairs, and I am afraid have been too much imposed on and deluded by such as have had nothing at heart but their own Sinister views; and as to the important affaire of supplying the Treasury which you know has been so long empty, and on which the Hon^r & Safety of his Maj^{ties} Govern^t as well as the peace & welfare of his People in this Province depend, It is doubtless a matter too great to be play'd with as you have done: nor can your proceedings give you the least claime to that duty & Loyalty to his Maj^{tie} which you have pretended to. I

therefore think it fit for the Kings Hon^r & service as well as for the welfare of this Province, to dissolve this Ass^m and thereby to give his Maj^{ties} good subjects an opportunity of sending such to represent them in the next Assembly as will do all in their Power to retriue the Injustice you have practiced in not paying the Publick Debts; and those that will promote peace & a good agreem^t amongst all the Branches of the Legislature.

March 10th 1732-3.

J. BELCHER.

And then Mr. Secretary Declared in his Majesty's name the Assembly
DESOLVED ACCORDINGLY.

Lieut. Gov. Dunbar's Queries to his Council, 1733.

[Copied from N. H. Hist. Soc. Collections, Vol. I, p. 275.]

Portsmouth, in New Hampshire, December the 6th, 1733.

GENTLEMEN OF HIS MAJESTY'S COUNCIL

Ye are all sensible of the difference and dispute between his Excellency, the Chief Governor of this province, and me, as Lieut. Governor, arising upon the meaning of the words of the last paragraph of his Commission, which run thus:—"And we do hereby require and command all officers and ministers, civil and military, and all other inhabitants of our said province to be obedient, aiding, and assisting, unto you the said Jonathan Belcher, in the execution of this our commission, and of the powers and authorities herein contained; and in case of your death or absence out of our said province, unto such person as shall be appointed by us, to be our Lieut. Governor, or commander in chief of our said Province, to whom we do therefore by these presents give and grant, all and singular the powers and authorities aforesaid, to be executed and enjoyed by him, during our pleasure, or until you return to our said Province."

I have sent this paragraph to the ministry in England, for an explanation of it, and represented that the chief Governor insists that he is in this Province, when he is in the Massachusetts; I have consulted the present judge of the admiralty, and the advocate general upon it, and do here lay their opinions before you; I have also consulted several gentlemen upon the same, and never heard one differ from these opinions except some of yourselves. However, I resolved waiting the determination from England, which I now scarce expect, because his Excellency says, he has long since given an account how that he and the Lieut Governor had got to a good understanding and a friendly correspondence, and that he would endeavour it should not be his fault if ever it should be otherwise.

By such account to the ministry, it may seem unnecessary to them to take any thought or order about this dispute, which is the reason that I think myself obliged at this time to desire and demand your opinions by virtue of the oaths you have taken as members of his Majesty's Council of this province, to the following quaeries:

Whether, when the Chief Governor is in the province of the Massachusetts bay, you esteem him to be in New Hampshire; if not, whether,

when he is in the Massachusetts province, he can legally be called or styled Commander in Chief in New Hampshire?

Whether, when he is in the Massachusetts province, he can sign commissions, patents or writs, for calling an Assembly in New Hampshire, and date them the same day he signs them there and transmit them to be passed by his Majesty's council here, which must be some days after?

Whether in the Council's meeting to pass or consent or advise any such patent, or writ, or proclamation, you think there is any necessity of the Lieut. Governor's presence, when by his order the Council is convened? And

Whether, when the Chief Governor is personally out of the province, all proclamations, writs for assembly or orders, ought not to be in the name of the Lieut. Governor or the eldest counsellor first named in his Majesty's Instructions resident within the province, with the approbation of the Council, when proper?

One motive of my desiring the opinions of the gentlemen of the Council upon the dispute and these queries, is, lest I might lie under the imputation of ignorantly submitting my power without making any struggle for it, and that an entry may be made in your journals of this affair with your opinions, that the same may be a precedent for *future times*.

But I hope gentlemen will be cautious and weigh this matter fully and consider what consequences it may have. Your opinions shall determine me until his Majesty's pleasure be known upon it. (1)

Mr. Speaker and the House went up accordingly.

His Excellency made a Speech. Mr. Speaker obtained a copy & Returned.

Then the House adjourned to the 2^d curr^t.

Wednesday January 2^d A. D. 1733-4.

His Excellency's Speech was read and is as followeth, viz.

Gen^t of the Council & House of Representatives.

By the last Ships from London I have received an account of the French King's Declaring War against the Emp^r of Germany with whome his Brittanick Maj^{ty} is in alliance, & how far this unhappy Rupture may lead to a Gen^l War in Europe is uncertaine; however I think it a faire Alarm to all his Maj^{ties} Dominions to put themselves in a Posture of defence & you cannot but be sensible how naked & Exposed this Province is both by Sea and Land, Fort William & Mary at the Entrance of this River (the only Fortifications his Maj^{ty} has in this Province) you know Lyes [P. 399] in a miserable condition, nor are you ignorant how often I have prest the Repaire of this Fortress

upon the Assembly here, altho' it has forty Guns yet it has for a long time had only a Cap^t a gunner and two centinels belonging to it. I hope your own safety as well as his Maj^{ties} Hon^r (at this critical juncture) will put you up on doing what is absolutely necessary in this important affaire.

I have, Gen^t frequent Complaints of the ruinous condition of the Goale of the Province which will Require a large Repaire or Rather Rebuilding as soon as may be, their being continual Hazards of Escapes thro' its present Deficiency.

Gen^t of the House of Representatives.

You verry well know there has been no money in the Treasury of the Province for neare three years past, which has greatly Exposed & dishon^d the Kings Govern^t and has been a Publick Injustice & oppression—this with the threatening aspect abroad (I have no doubt) will lead you to make ample Provision for what I have now mentioned as well as for all the other Exigencies of the Govern^t.

Gen^t of the Council,

& House of Representatives,

Upon my meeting of the Ass^m of the Mass^a Bay in April last I earnestly recommended to them the passing an Order (agreeable to what had been done in this Province) for putting a stop (at present) to any process in the Law ag^t the Borders on the disputed Lines of the two Provinces, But the Public Prints have long since told you it had not the desired Success.

In January last, I wrote verry fully to the Right Hon^{ble} the Lords of Trade, praying them to Represent this long unhappy Dispute to his Maj^{tie}, that there might be an end put to the Contention; to which letter I have rec^d the Hon^r of their Lordships Answer, saying they hope upon the return [p. 400] of my answer to their letter no further delay may be occasioned to the accomplishing a matter of so much advantage to both Provinces, and my answer to their Lordships Letter is Long since gone forward, and I shall rejoyce in seeing this troublesome affaire bro't to a happy conclusion.

Gen^t In whatsoever you can project for his Maj^{ties} Hon^r & service and for the Prosperity of his good subjects in this Province you shall have my hearty assistance and consent.

Jan^y 1st 1733-4.

[The following is a Copy of Gov. Belcher's Letter above referred to, and which has never before been published. It was found by Hon. C. H. Bell, of Exeter, among Papers of Secretary Waldron.] ED.

Although I have wrote you pr. this Conveyance of 5th, 8th & 12th Instant, yet the ship being detain'd, I think it my Duty to say to your Lordships, that I have taken all possible Care and Pains, ever since my Arrival, to have the long contested Boundaries betwixt the Massachusetts and New-Hampshire adjusted, agreeable to His Majesty's Royal Orders to me, but I can see no prospect of its being accom-

plish'd, and the poor Borderers on the Lines, (if your Lordships will allow me so vulgar an Expression) live like Toads under a Harrow, being run into Goals on the one side & the other, as often as they please to quarrell, such is the sad Condition of His Majesty's Subjects, that live near the Lines. They pull down one another's Houses, often wound each other, and I fear it will end in Bloodshed, unless His Majesty in his great goodness gives some effectual Order to have the Bounds fixt.

Although, my Lords, I am a Massachusetts man, yet I think this Province alone is culpable on this head. New-Hampshire has all along been frank and ready to pay exact Duty and Obedience to the King's Order, and have manifested a great Inclination to Peace and good Neighbourhood, but in return the Massachusetts Province have thrown unreasonable Obstacles in the way of any Settlement, and altho' they have for 2 or 3 years past been making offers to settle the Boundaries with New-York & Rhode-Island in an open, easy, amicable way, yet when they come to settle with New-Hampshire, they will not do so with them, which seems to me a plain Argument that the leading men of the Massachusetts Assembly are conscious to themselves of continual Incroachments they are making upon their Neighbours of New-Hampshire, and so dare not come to a Settlement. I say, my Lords, in Duty to the King, and from a just Care of His Subjects of New-Hampshire, I think myself oblig'd to set this matter in the Light I now do, nor do I ever expect to see it settled, but by a peremptory order from his Majesty appointing Commissioners to do it, and those agreed to by both Assemblies Februa 1730-1.

Joseph Talcott Esq. Gov. of Connecticut,

Joseph Jenks Esq. then Gov. of Rhode Island, &

Adolph Phillips Esq. Speaker of the Assembly at N. York, are Gentlemen of good Ability and Integrity, and altho' the Massachusetts, I fear, will still decline joining in the affair, yet I believe New-Hampshire from their Desire to Peace and good Order, would rejoice to see such a Direction from the King, & be glad to be at the whole Charge rather than the Dispute should still continue. I therefore humbly pray your Lordships so to represent this affair to His Majesty, that there may be an End of Strife and Contention.

And if your Lordships approve of the Bill I now send you for emitting Bills of Credit on a Foundation of Gold and Silver, & that I may have His Majesty's Leave for doing it in the Massachusetts, I pray I may also have the same Liberty of doing it in New-Hampshire, where they are in great Distress for something to pass in lieu of money, and without speedy Help it will be almost impossible for that little Province to support any Trade.

I have the honour to be with all possible Esteem and Respect

My Lords

Your Lordships

Boston,

Most obedient and

Janua 13th 1732-3

Most Humble Servant

J. B.

These may certify that His Excell^y the Governor, sent me this paper from Boston, and assured me that the contents of it were a genuine copy of what he had wrote and sent to the Lords of Trade & Planta-

tions: and also that he afterwards shew me an original letter from the secretary of the Plantation Board, which acknowledged their Lordships' receipt of the Governor's said letter. As witness my hand August 1st 1739: Rich^d Waldron.

It stood nearly on the ground where St. John's church now stands. It was called Queen's Chapel in honor of Queen Caroline, consort of George II., who gave the books for the altar and pulpit, the plate, and two elegant mahogany chairs, which are still in use every Sabbath in the altar by the rector. Mr. Thomlinson contributed liberally towards the erection of their church, and procured the aid of persons in London to complete it. It was consecrated in 1734; and in 1736, they obtained Mr. Arthur Brown for their minister, with a salary from the Society for propagating the gospel in foreign parts. The answer to his Excell. Speech Read as followeth, viz.

May it Please your Excellency

What fatall consequences the French King's Proclaiming War with the Emperor of Germany may produce and how far it may affect the tranquillity of Great Brittain time only must discover; but we hope Great Brittain & the other Powers of Europe may mediate and divert the War with which we are alarm'd & conclude it in a happy and lasting Peace, and this we believe in as much as your Excell doth not mention in your Speech that the advice you rece^d in the last ships was from the ministry of Great Brittain who this House apprehends would have sent forward their Directions had they conceived any immediate Danger of a War.

The supplying of the Treasury with such a sum as would be sufficient for the Repairing Fort Wm & Mary, Rebuilding the Province Goal & other necessary demands, together with the Tax already laid by the

several acts for repaying and sinking the several sums Borrowed in the late War ag^t the Indians These would require a larger sum than is Possible to be raised upon the Poles and Estates of his Maj^{ties} subjects within this Province, and such an Act would be as distressing as y^e callanities of a War, which should this [p. 405] House be instrumental in would not only dishon^r his Maj^{tie} but be the greatest piece of Publick Injustice & oppression imaginable—things this House always have and we hope always will be strangers too: And to prevent any imputation of this kind Did in their Sessions in December 1730 pass an act for the emitting £6000 for Repairing the Fort Wm & Mary and for a further supply of the Treasury, w^{ch} said Act past both Houses together with the Act for Removing the Courts then held at Portsmouth to the several Towns where they are now held and that the House imagined both these acts would have met the same fate, either both assented to or both rejected. But your Excell^y was pleased to pass the Act for removing the Courts and to put the other in your Pocket till his Maj^{ties} Pleasure should be known; since which the House have heard nothing of it. This House hath several times made an exact estimate both of the Debts and Credits of the Province and voted into the Treasury what was then found due to the Province to discharge the several claims then made which votes was sent down from the Council non-concurr'd & a mess^a to the House in writing wherein they say the House had nothing to do with that money which this House thinks a very extraordinary Mess^a and by which means that money is still out of the Treasury, as is also the Interest of the 1730£ which the last Assembly voted into the Treasury & if any Borrowers of that money refused to pay the Interest then due and renew their Bond then such delinquent Bonds to be put in suit at June Court then next Ensuing by the Speaker of the House for the time being, to whom those Bonds are made payable. But your Excellency was pleased to Dissolve that House, by which means the Speaker was rendered incapable of demanding that money according to that vote, which hath occasioned a loss to the Province. We hope this will take of any imputation of Injustice or oppression & confirm your Excell^y in the [p. 406] good opinion which you Expressed towards this House by saying we had always done every thing that a Gracious King could expect from a dutyfull and Loyal People—a charrector we have always been so fortunate as to have and what shall always Endeav^r to deserve: And therefore we think it highly expedient to address his Maj^{tie} for leave to Emitt from time to time such sums of money on the Credit of this Province as he in his great Clemency and goodness shall think sufficient for those things mentioned in your Excell^s Speech, in which we hope for the concurrence of the Council.

Your Excell^y receives the thanks of this House for recommending the Distressed Circumstances of the Borderers on the controverted Lines and a stay to any Process ag^t them to your other Govern^t tho' it had not the desired effect: Some of those Towns being by those Law Suits Extreemly reduced: some of them having expended neare a 1000£ in the Law besides their loss of time and Improvm^t But this by what your Excell^y mentions and by the success Capt. Rindge (the Agent to this House) had while at the Court of Great Brittain. gives us great hopes that That controversy will be speedily determined, understanding a copy of his memoriall to the King in Council has been

transmitted to the Mass^a for their answer, by the beginning of November last, at which time we hope there will be no further delay. We beg leave to assure your Excell^y that this House are met determined to act every thing in their power for the Hon^r & service of his Maj^{ty} which we conceive can by no means be severed from the true Interest, Prosperity and Safety of his good subjects we Represent.

Andrew Wiggin, Speaker.

Voted accepted and sent up.

Inasmuch as this house may not be destitute of an agent at the Court of Great Brittain in this difficult time & in a time when we have the greatest occasion for a proper p^{son} to Represent the Circumstances of this Province,

Therefore Voted, That Capt. John Thomlinson be agent [P. 407] for this House of Representatives to all intents and purposes & as fully as in the Power of this House to appoint him, hereby giving him power to transact any affaire y^t may be transmitted him from this House relating to the Lines of the Province.

The reason why the Councils voting the payment within 1742, is because they well know (as they suppose the Hon^{ble} House or the major part of them are well acquainted also)

That his Maj^{ty} has Prohibited his Excell^y to signe any Emission of Bills to be outstanding beyond that year.

Whereas the Gen^l Ass^m of this Province in order to secure the same from the Depredations of the Indian Enemy, Did make and emitt sundry sums of money on the credit of this Province, which said several sums were expended in his Maj^{ties} service in defending the same from the Indian Enemy and which said sums were by several acts to be repaid into the Treasury by a Tax on the Inhabitants of this Province and burnt in order to sinck the several Funds on which they were emitted, which said acts for several years pass^d have [not ?] been comply'd with and being nine years behind & each yeare between this and the yeare 1742 being loaded with as much as is possible to be raised by a Tax Renders this govern^t uncapable of Raising such sums as were they able they would cheerfully do in order to support the Hon^r of the Province by paying all their just Debts & allowances and Repairing and providing for the Fort Wm & Mary and other necessary Expences of Govern^t. Gentlemen of the House of Representatives

You have now been Conven'd in Gen^l Assembly the usual length of a Sessions, and altho' I laid before you at your first meeting the necessity of the repair of his Maj^{ty}'s Fort and the Goal together with the payment of your just Debts, yet you have not to this day made the least provision in these important articles; but in duty to the King I am still waiting on your further deliberations and wish they may be to your own honour & to the safety, peace & good order of the Governm^t yet if y^e are come to a resolution not to pay the debts of the Province but by Extending y^e funds beyond y^e year 1742, which for me to consent to would be a manifest violation of the King's royal orders, I say, if you are so resolved I shall expect your direct & final answer, that the good people of this province may know who are accountable for any mischievous consequences from a neglect of so high a nature, and which I shall faithfully represent to his Majesty.

J. BELCHER.

The vote on the other side being read but Mr. Rindge's proceedings not having been laid before the Board neither a copy of his Petition to his Maj^{ty} The Council are not capable of making any Judgm^t thereon, who must judge for themselves, however satisfied the House may be in the affaire; & whereas the Council have no personal acquaintance with the gentleman proposed for an agent, neither knowing of his abilities (however capable and worthy he may be) and moreover for as much as there is an average yet due to the two former agents and no supply yet made either to pay the old or a new one, and besides notwithstanding the great assurances & raised expectations of many touching the settlement of the line the Council cannot be of opinion that the present scheme can possibly succeed, and therefore are necessitated to non concur the vote which they do hereby accordingly,—pass^d unanimously & ordered to be sent down.

In the House a memorial was drawn up & read and voted to be drawn up Plaine to be sent home from the House.

May it Please your Excellencie,

Your Excellys Mess^a to the House of Jan^y 18th curr^t has had its due weight & consideration and this House begs leave to Inform your Excell^y that they have by their vote of the 16th curr^t directed to the calling into the Treasury all the money due to the Govern^t and appropriated the same to the paym^t of the soldiers & Repairing the Goal & paying other Debts due from the Province, but the Council past such a vote thereon as intirely defeated the end proposed by the House in said vote. And this House haveing voted to address his Majestie for Liberty to Emitt a further sum of Paper Money in order to repaire the Fort & other contingent charges of the Govern^t, and inasmuch as we may Reasonably Expect his Maj^{ties} Royall Pleasure thereon sometime in the Spring, & your Excelly having inform'd the House that you cannot postpone the paym^t of any money already Emitt^d nor Emitt any further sum but which must be repaid in some of the years between this and the years 1742, which years are already saddled with as much as the People can pay, which are the only ways this House can at present propose for [P. 418] rebuilding the Fort, &c. Communication of Gov. Belcher to the Council Jan'y 22d 1734.

[Copied from the original in Secretary's office.]

Genⁿ of his Maj^{ty}s Council

You may recollect that some time in Dec^r 1732, Capt. King arrived at Boston from London and bro't his Maj^{ty}s Royal mandamus for admitting Josh^a Pierce, Esq., Mr. Benning Wentworth and Mr. Theodore Atkinson to be of his Majestys Council for New Hampshire, which mandamus's were directed to me as his Majestys Governour of this Province, and the Gentlemen above mention'd in violation of their duty withholding them from me, I ordered Mr. Secretary Waldron to notify the detention of them in the publick prints, after which Mr. Peirce wrote me a dutifull letter pleading ignorance in the affair, upon which I directed his being sworn; but so far were Messrs Wentworth & Atkinson from a sense of their duty that they went on with their rudeness and ill manners in detaining his Maj^{ty}s commands to me for a fortnight after my being in the Province last year when they bro't them desiring to be sworn, but after such an insolent behaviour I could not think it for his Majesty's honour to admit them at that time, and represented to his Majesty's ministers what had pass'd in this affair; and notwithstanding what has been suggested by one of these Gentlemen of my receiving fresh orders to admit him, I take this opportunity of declaring that to be a great mistake, for that I have not to this day rec^d any fresh order in this matter, & yet you are sensible, Gentlemen, that I sent for Mr. Wentworth and Mr. Atkinson the 1st of this month before they had taken their oath in the House of represent^s and told them that I was ready to admit them to be of his Majestys Council & had ordered the Secretary to administer the oaths to them, which they finally refused to take (for the reasons enterd on the Council Book) I therefore desire your advice and opinion on what has passed in this matter, and what may most conduce to the King's Honour as to my future proceeding in it

January 22^d, 1733-4.

J. BELCHER.

Pro. N. Hamp^r. At a Council Jan^y 22^d 1733-4 (being Tuesday) at the house of Mr. Gambling in Portsm^o.

Present, his Excell^y the Gov^r

Shad ^a Walton	} Esqs	Benj. Gambling	} Esqs
Jotham Odiorne		Josh ^a Peirce	
R. Waldron		Jos. Sherburne	
	Ellis Huske		

In answer to his Excell^ys representation relating to y^e conduct of Mess^{rs} Wentworth and Atkinson touching their admission to the Council Board, & his demanding of our opinion, and advice thereon, We say it is our opinion that their behaviour on that occasion was in the beginning very indecent, and at least highly contemptuous of his Maj-

esty and his royal orders, and do therefore humbly advise that their behaviour & refusal may be laid before his Majesty in order to his Majesty giving such direction thereon as may best consist with his honour & wisdom.

Pass'd unanimously.

R. W. Secy.

Wednesday January 23^d A. D. 1733-4.

Voted, That the Borrowers of the £15,000 that hath not paid in their Respective Sums according to the acts and [p. 419] votes made thereon do forthwith pay into the Treasury for one year at 6 pr ct. to the first Monday in March 1734-5, and that such Interest be for the paym^t of the Publick Debts of the Province as shall be ordered by the Gen^l Assembly and all such as do not comply with this vote & do not bring in the Interest for one yeare by the first Monday in March next Extents shall forthwith be Issued against their lands, and all such as do comply with this vote Extents shall be stayed for one year. Sent up.

Post Meridiem.

Mr. Secretary came with a Mess^a that his Excell^y Required the attendance of the House in the Council chamber. Mr. Speaker and the House went up accordingly. His Excell^y made a Speech. Mr. Speaker pray'd a Coppy and had it, which is in the words following, viz.

Gen^t of the House of Representatives.

I shall be heartily glad that the fears of war (by the advice from Europe & other parts) may finally vanish and that a Lasting Peace may be Established by y^e mediation of our most Gracious Sovereign. But should it happen otherwise you must witness for me that I was desirous to have Rouz'd you to make the best preparation for the safety of his Maj^{ties} good Subjects of this Province. To say you are not able to Repaire the only Fort in the Province or to make the Goal secure is trifling with things of the Greatest Importance, and againe to refuse paym^t of your Debts is a great dishon^r to his Maj^{ties} Govern^t, a manifest violation of the publick faith & an act of high Injustice to all those to whom you are indebted. I must, Gentlemen, correct y^o in a gross mistake when you call yo^r selves the same House of representatives that sat here in the year 1730; whereas y^o had not a being 30 days agoe tho' many of you were members of the House then that are so at this time [p. 420] which makes it the more surprising to me that y^o should be guilty of so gross a misrepresentation (not to cal it a name it more justly deserves) as to presume to say that there was an expectation of the same fate of both the two Acts then projected, one for removing the Courts, the other for Emitting £6000. because at the opening of that sessions I laid before the House his Majestys royal

orders, forbidding my Giving my assent to any bill of the nature of that for £6000, but yet I call'd up the House of Representatives to y^e Council Chamber before they had pass'd the Bill, & told y^e whole Court, If they pass'd such a bill I w^d write home in favour of it & Endeavour to get leave to sign it: To which I rec'd from the R^t Hon^{ble} the L^{ds} of Trade the following Answer, dated at Whitehall July 6th 1731:

Whitehall, July 6th 1731.

We have considered the N. Hamp^r bill "for Emitting £6000 in bills of Credit & postponing y^e paym^t of y^e money that shall be due on y^e 25th April 1731, but we can by no means advise his Majesty to allow y^e to pass any such bill as it must in consequence lower y^e credit of the Province whereby their Trade must greatly suffer."—which being a further Prohibition I tho't it to little purpose to communicate it. y^e say this House had several times made estimates of y^e debts &c. How can this be since y^e never had but one opportunity to do it. As to the 1730£ w^{ch} has been outstanding for neare 20 years at only y^e small Interest of 2½ pr Cent, you have never yet voted it to be call'd in but by a renewing y^e Bonds to a longer time, altho' y^e well know that the King's orders to me are y^t all the outstanding moneys of y^e Province shall be paid in according to y^e several periods at which they become due. If therefore any loss happen on this [P. 421] account y^e are chargeable with it.

I must observe to y^e the great absurdity of your laying claim to what I said to the House of represents, 3 years agoe, who did every thing in their power for his Majestys honour and for y^e good of his people, and you have been acting the very reverse in this Session by Exposing the King's Government, by leaving his subjects naked and insecure & by a cruel oppression in withholding (after near 3 years) the just dues of all those to whom the Province is in debt.

The singular rudeness contain'd in your answer to my Speech I suppose is not to be match'd unless by a memorial sent from a neighboring Province to the Hon^{ble} the House of Commons of Great Brittain & by that August Body Voted an high Insult on his Maj^{ty}s Government; and that was relating to the same affairs you have been upon this Sessions, (viz.) the supply of y^e Treasury & protracting the funds: And his Majesty upon an Address from y^e Same Province on those heads declared in a fresh order to me his high displeasure at such their proceedings.

I have now been waiting on y^e beyond the common length of a session and finding you are determined not to do one act of safety to the Province or justice to those to whom you are indebted, I have order'd this Court to be dissolved, hoping an other may come together well disposed to the service of their King and of their Country.

Jan^y 23, 1733-4.

J BELCHER.

Then Mr. Secretary in his Maj^{ties} name declared the Ass^m
DISSOLVED, ACCORDINGLY.

In Council.

After the General Assembly was dissolved Mr. Atkinson made a motion to his Excellency in Council that as the rea-

son of his refusing to be admitted into the Council the 1st Instant was removed he was now ready to take the oaths, to which the Governor answered as follows:

Sir,

Your refusing to accept the royal favour of being of his Majesties Council when I offered to admitt you three weeks ago, I look upon so great a disrespect to his Majesty as makes it necessary for me to represent home your Contemptuous behaviour before I admit you to the honour of being of his Majesties Council of this Province.

In Council Voted That the Gov^r draw for his next half year's salary when it becomes due, viz. 25 Feb. next.

In Council Advised that his Excellency Issue a writ for convening an Assembly when he shall think proper.

Gov. Belcher's Order about £15,000 loan.

[From MS. Corr. in Secretary's Office, p. 79.]

Gent'm Ye Act for y^e Emission of y^e £15,000 loan provided y^t y^e same should be paid & burnt in y^e year 1728, and y^e after Law for post poning y^e pay^{mt} of it (w^{ch} was an Act of great indulgence to y^e borrowers) enacted that y^e utmost farthing of that sum should be consumed to ashes by y^e 25 Ap^r 1731, since w^{ch} y^e have had my repeated orders to do your duty on that head, & been once & again Informed that it was His Majestys Express Command to me to take especial care that all publick bills should be call'd in & sunk according to the Periods and Provisions of y^e respective Acts, & yet between 6 & 7000 of y^e 15 remains still unpaid, which is a great injustice to the possessors of the bills of y^t loan, a breach of your trust, & a contempt of his Maj^{ty}s Royal order to on that head, whereupon I am obliged in duty to His Majesty and faithfulness to y^e Province once more to require you, and you are hereby strictly required & commanded w^{thout} any further delay or Excuse immediately on rec^t hereof to put the laws relati^{ng} to y^e above mentioned loan in Execution on pain of his Majesty's highest displeasure, and as y^e will answer y^e contrary at y^{or} peril. You are alike required forthwth to send me the exact account of y^e state of that loan from your last account & what payments have been made in Mass^a Connecticut or Rhode Island bills & by whom.

Given under my hand y^e—day of March, 1733, & in y^e 7th year of his Maj^{ty}s Reign.

To y^e Gent^t Comittee for managing y^e £15,000 loan in N. Ham.

Indorsed.—“ Gov. Order ab^t 15000£. loan, sent March 4, 1733—[4] copy.”

Letter from John Sharp (1) to Gov. Jonathan Belcher.

[Original in his own hand.]

[From MS. Corr. in Secretary's office, pp. 81-83.]

Hon'ble Sir—

I beg leave to acknowledge the Favour of your very kind & obliging Letters, & to return you my best thanks for your generous Present of Green Wax Lights, than which nothing could be more agreeable to me. I am greatly concern'd that Mr. Dunbar should prove so troublesome a Substitute; but I have had an opportunity of seeing something of the Temper of his Brother, & if his is the same, I don't at all wonder at any Embarrassment he would endeavour to throw in the way of your Excellency's Administration; but your Excellency's superior Genius can look down upon these Attempts with their deserv'd contempt, & whenever you are pleased to exert your Power, moulder the authors of them into Dust. You know his Patron at home, & Mr. Dunbar pleasing himself with being secure in his Protection, vainly imagines that Gentleman's Countenance is sufficient to put him on a Level with his Governour; but I hope & am fully persuaded a very little time will show the egregiousness of his Folly, & humble him to that Rank which he ought to be contented with.

The first Degree of Power in every Province ought only to be intrusted to those of great & exalted minds, & will always, by a wise Prince, be kept at a distance from or out of the reach of all, who are of a grovelling & mean Disposition; & I am therefore fully convinc'd your Excellency will continue to hold your Reins of Government, without a possibility of their being snatch'd out of your hands by this vain aspiring man; & that he will Phæton-like fall in the Attempt he is now making for that purpose; for he has presented the most extraordinary Petition, the end of which is to obtain two very modest Requests, tho' intirely inconsistent one with the other: to wit, that he may be made Governor-in-Chief of New Hampshire, & that he may have a moiety of your Excellency's Salary as such; but men of poor & low talents will always blunder in this manner. I would have sent your Excellency a Copy of his Petition, but that I had not notice of this ship's sailing, till within this half hour; & I presume you will receive it from the ingenious young gentleman, your son, or Mr. Partridge. Mr. Paris, who is employed by Capt. Thomlinson for Mr. Dunbar, has given me notice to move the Lords of the Committee tomorrow night to take the Petition into their consideration, when I shall pray their Lordships to suspend proceeding on the said Petition till a copy of it can be *first* transmitted to your Excellency, & your Answer can be receiv'd; & in which I make no great Question but I shall prevail: And your Excellency may be assured, that in this, as also in the affair of the Naval Officer, & in every other matter wherein your Excellency is any ways concern'd, every Assistance in my Power shall be always at your service, being with the greatest Truth and Respect

Hon^{ble} Sir, your Excellency's most obliged &
most obedient, faithful humble servant,

JOHN SHARPE.

His Excellency Gov^r Belcher.

The Speech was read as follows, viz.

[p. 425.] *Gent. of the Council & House of Representatives*

Understanding that a number of the members of the House of Representatives had not taken their places till yesterday, has been the reason I have not told you before that I am glad to meet you at this time in Gen^l Assm. hoping you are come together full of inclination & resolution to advance the King's Interest and Hon^r by falling into the best methods of promoting the substantial good of his People in this Province. The difficult situation of the affairs of Europe should make us tho^tfull & attentive how we may most of all contribute to y^e Publick safety in case we should be surprised with the alarm of war.

I am much concern'd at the decayed condition in which the onely Fort of the Province lyes and to consider how slenderly it is provided with powder and other stores of War.

The onely Prison also of the Province is in absolute necessity of a speedy Repaire.

That law and justice may obtaine their Effects, I have it, Gen^l in comand from the King to Press your calling in the Publick Bills of Credit agreeable to the several Acts & Laws by which they have been Emitted.

Gentlemen of the House of Representatives,

I have so often urged on former Assemblys the necessary supply of the Publick Treasury, That I hope a bare mention of the following things will readily Induce you to make that your first care in this Sessions. It is now going on of four years since there has been any supply made. The Fort & prison as I have observed, demand a present

Repaire and a payment of the Public Debts will show your care to preserve the Credit & Hon^r of the Govern^t, the moneys due from the Province are in Exact conformity to the Laws, and how hard & severe is it, Gen^t, that your own Laws should take place upon Private p'sons while the money that should pay their just Debts is withheld from them by the Supreme power. I shall not therefore doubt [P. 426] of your giving the best dispatch to what is so Reasonable and Just.

Gent. of the Council & House of Representatives

A diligent application to the affairs of the present Sessions will be an instance of your carefull expense of the Public money and to Endeavour after unanimity in all your proceedings must have the most natural tendency to the Peace and welfare of your country; and you shall find in me a sincere disposition to do every thung in my power for the Prosperity of the Province.

Samuel Gilman of said Exeter (who kept a public house in said town) and did then fall upon Beat wound & terribly abused a number of men hired & employed by the Hon^{ble} David Dunbar, Esq. as Surveyor Gen^l of his Maj^{ties} woods, as assistants to him in the execution of said office, many of which were beat and so abused that they very narrowly escaped with their lives (as appears by Examinations taken by power of his Maj^{ties} Justices of the Peace for said Province) all of which is a very great dishon^r to this his Maj^{ties} Province and contrary to all Laws and Humanity, and ought to be detested and abhor'd by all parts of the Legislative Power. In order therefore to the finding out & bringing to condine Punishm^t the transgressors & abettors of so vile a piece of disobedience, and in order that so great an odium may not rest upon this Province, and to convince his Maj^{ty} that such villainies are abhorred by the Province in gen^l, Therefore In the House of Representatives voted, That his Excell^y the Gov^r and Council be earnestly desired to order a strict Examination into that affaire that the utmost Justice may be done to his Maj^{ty} and that the p'sons concern'd therein may no longer Escape the Punishment they have by their actions so justly deserved. ⁽¹⁾

Tuesday, Oct. 22^d A. D. 1734.

Early in the morning before the hour of meeting, Mr. Secretary came with a Mess^a from his [p. 431] Excel^y Required the attendance of the House in the Council Chamber. Mr. Speaker being there and but few members he answered the Secretary as soone as a few more members came he would attend. Mr. Secretary came imediately down againe with a Message that his Excel^y required their imediate attendance. Mr. Speaker and the few members went up. His Excel^y made a Speech. Mr. Speaker obtained a Coppy which was as follows, viz.

Gen^t of the House of Representatives,

I have now been waiting on your deliberations the usual time of the sitting of a Gen^l Assembly of this Province to see whether you would make any supply to the Publick Treasury for the uses I mentioned at the opening of this Sessions, which affaⁱre I understand came in Debate in the House the eighteenth of this Inst. and the Question being put, it passed by a considerable majority to make no supply. This resolution obliges me, in duty to my Royal Master & in tenderness to his People to put an end to the being of this Assembly in the same manner as I did the last, altho' there has been in it a greater number of gentlemen than in the other, who have been well disposed to his Maj^{ties} service, and to the welfare of this Province, yet others have been once more able to defeat every thing that had a tendency to those good ends by their continued resolution of making no supply, & thereby keeping Fort Wm & Mary naked and defenceless as to its works and stores of war. The Prison also is in a posture liable to continual escapes which happening must be made good by a tax on the People and what is of a piece with these things is your suffering the cry of injustice and oppression thro' out the Province by not paying the debts that have been due now upwards of three years. With what face gentlemen can the officers of Justice put the Laws in execution or why should a goal be the portion of the Private men for not paying his debts, while you whose duty and province it is to raise money for the paym^t [p. 432] of those of the Publick (knowing that the sufferers cannot compel you thereto) have openly declared you will not pay even the lawful Debts of the Province, with how much contience, with how much Hon^r can you justify such proceedings I must submit to better judges than I can pretend to be.

I am also obliged to mention the injustice done by you (and former Assemblys) to the People by adding a new load of Debt of the Province in the sitting of Assemblys from time to time for three or four years past, for no other purpose than to the increase of the public taxes. To prevent my being more particular I would refer you to what I said at the close of the sitting of the last Assembly a great part of it being applicable to yourselves, and Pitty it is but that the good people of this Province should know who are the imediate authors (as snake in the grass) of their present troubles and difficulties, that they may wisely avoid the one at their next Election & always have a just abhor-

rence of the other, and then they will send such to represent them in after Assemblys as being free from sinister views and party designus, will steadily act up to their duty to the king and with hearty concern for the best interest of the People.

J. BELCHER.

Then Mr. Secretary by his Excellys order Declared the General Assembly—DISOLVED.

P. M. A Mess^a pr Mr. Secretary, viz. That his Excell^y directed the House *Immediately* to make choice of a Speaker & present him.

Mr. Secretary came with another Mess^a viz. That there was some mistake about the Mess^a sent up in the morning—and that the Mess^a sent his Excell^y tooke no notice of being a Blank, and that his Excell^y Directed the House to make

choice of a Speaker. A Mess^a sent to his Excell^y, viz. That they were directed by the House to inform *to inform* his Excell^y, That the House still continues of oppinion, that they can't without giving up their Priviledges go upon any business till all the members present are quallified that are legally return'd and are present.

Mr. Secretary came down and by command of his Excell^y adjourn'd the Assembly to the 2^d currant.

Friday, May the 2^d A. D. 1735.

Mr. Secretary bro't down a Written Message from his Excell^y & read it as follows, viz.

Gen't of the House of Representatives.

I have considered the Mess^a you sent me yesterday and have ordered the Sec^y to read you that clause of the King's Comissⁿ to me which I apprehend gives me the Power of Judging who are duly elected and who are not, to be Representatives in order to my giving directions for administering the Oaths to such as are returned for the several Towns. I am far from having any inclination to invade the least Priviledge of your House, yet it is my Duty to support his Maj^{ties} Authority and I hope upon your considering what I now communicate, you will proceed to the choice of your Speaker & give the best dispatch you can to the affairs of this Sessions. May 2, 1735.

J. BELCHER.

[P. 436.] Then the Secretary laid the above on the Table and read the Parragraph of his Excell^{ys} Comissⁿ referr'd to and carryed it up with him.

The house sent up a Mess^a to his Excell^y desiering a Copy of the Parragraph read in the house. Mr. Secretary bro't down the Paragraph and left it, which was read in the House and is as followeth, viz.

“ And we do hereby give and grant unto you full power and authority with the advice and consent of your said Council from time to time & as need require to summon and call Gen^l Assemblies of the said Freeholders & Planters within y^{or} Government in manner and form according to the usage of our Province of New Hampshire—And our Will & pleasure is that the Persons thereupon duly elected by the Major part of the freeholders of the Respective Counties and places and so return'd shall before their sitting take the Oaths appointed to be taken by the said Act, entitled, An Act for the further security of his Maj^{ties} P'son and Govern^t and the succession of the Crown in the heirs of the late Princess Sophia being Protestants, and for extinguishing the hopes of the Pretended Prince of Wales and his open and secret abettors, as also make & Subscribe the fore-mentioned Declaration, which Oaths and Declaration you shall comissionate fitt Persons

under our Seale of New hampshire to tender and administer to them, & untill the same be so taken and subscribed, no person shall be capable of sitting tho' elected, and we do hereby declare that the Persons so elected & Quallified shall be called and deemed the Gen^l Assembly of that our said Province and Plantation."

A Message sent to his Excell^y, viz.

May it Please your Excellency,

The House of Representatives have considered your written Message sent down this day and also the Parragraph in your Excell^y's Comissⁿ therein referred to—and upon the whole can not but continue of the Same opinion in as much as your Excell^y is thereby referred to the usage and customs of the Province, which has alwayes been to administer the Oaths to such as are return'd by the Sherriif, and [P. 437] for the House of Representatives to judge of the due or undue Elections of any of the Members upon complaint made to them, and if your Excell^y's Comissⁿ or the Law was silent in this matter, it is no more than Reason itself requirs.

For if the Gover^r for the time being hath authority upon pretence of undue Elections to prevent any member from acting in the House, it would be a power in a manner equal to that of choosing the Assembly himself. Upon the whole, we humbly pray your Excell^y to reconsider the matter and in as much as you have declared yourself farr from inclining to invade any priviledge of this House, and as the King himself (as far as we can learn) never pretended to examine the due or undue Elections of the Members of Parliament, We hope your Excell^y will be of opinion that no such power was design'd to be conveyed to your Excell^y by that Paragraph and that you will accordingly order the Representative for New Castle to be qualified, that the House may proceed to business, which they would have done before now, according to your Excell^y's direction, if they could have done it without giving up the Rights and priviledges of the People they represent.

Sign'd in the behalfe & by direction of the Rest of the Members.

May 2^d, 1735.

Paul Gerrish.

While the above Mess^a was writing, Mr. Secretary came with a Mess^a viz. That his Excell^y was of opinion that the House might make choice of a Cler. or any Member might signe in behalfe of the Rest. Then the above was sent up.

Then Mr. Secretary and Theo. Atkinson, Esq. came and administered the proper oaths to Mr. Joshua Pierce and he took his place accordingly. A message from his Excell^y directing the House to make choice of a Speaker.

By balloting Andrew Wiggin, Esq. was chosen Speaker. A Mess^a sent to his Excell^y by four members to signify to him that [p. 438] Andrew Wiggin, Esq. was chosen Speaker.

Mr. Sec^y came with a Mess^a viz. That his Excell^y required the attendance of the Speaker and the House in the Council Chamber. Mr. Speaker and the House went up accordingly. His Excell^y made a Speech. Mr. Speaker obtain'd a Coppy & then with the House return'd. Then the House made choice of James Jeffry for their Clerk and he was sworn accordingly. The Rules of the House read, voted, accepted. Then the House adjourn'd to May 3^d curr^t.

Saturday, May 3^d A. D. 1735.

His Excell^{ys} Speech was read as follows, viz.

Gen^t of the Council

§ House of Representatives

The last accounts by the ships from Great Brittain leave us still at a great uncertainty with respect to the War & comotions in Europe, and time alone must discover how the present Ruptures may affect his Maj^{ties} Kingdoms at home and his Plantations in America: Yet I think in duty to the King, as well as from a tender regard to this Province I am obliged to say, it will be a point of wisdom in you to repair Fort William and Mary, and to put it into a good posture of defence, and you cannot, Gent^t, be ignorant of the unsafe and miserable condition of the only Goal in the Province, and how necessary it is that it be speedily repaired.

Some good laws to encourage the Husbandry of the Province, and more especially the giving a handsome Bounty for raising Hemp and Flax would be a likely method for recovering your Commerce from the difficulties it labors with at present & all proper frugality would still add weight to the scale in favor of this Province.

I cannot but observe to you, Gent^t, as I said once and again to the Assembly of the Mass^a Province, on an occasion something like this, of the unwarrantable attempt made here [p. 439] by a set of private Gent^t to strike & Issue paper notes or Bills to pass in lieu of money. If the Legislature are restrained by his Maj^{ties} Royal Orders from a Practice of this Nature any otherwise than may be for the necessary charge of the Province, surely private persons ought not to presume upon it.

Gentlemen of the House of Representatives

It is now upward of four years since there has been any supply made to the Publick Treasury. When you consider how much the Province is exposed on this Head and how unrighteous and oppressive it is to all persons that have just and long standing demands on the Govern^{mt} I hope you will make it your first care (in this Sessions) to recover the Hon^r & justice of the Govern^{mt} by making ample provision for paying the publick Debts and for repairing the Fort and the Prison.

Gent. of the Council

§ House of Representatives

I shall be glad to se[e] you Industriouslly pursuing the business I have now laid before you, that this Sessions may be short and thereby create the least expence to the good People of the Province.

May 2, 1735.

J. BELCHER.

The Committee for answering his Excell^ys speech bro't in their Draught which was read & some amendm^{ts} made and read as follows: viz.

[p. 442.] *May it Please your Excellency*

We beg leave to assure your Excell^y that this House is met with full inclination to do every thing in their Power that shall tend to the Hon^r of his Maj^{ty} and the Prosperity of his subjects whome we represent. We have given your Excell^ys Speech its due weight and consideration & are not unsensible of the uncertainty with respect to the War & Comotions in Europe, where tho' at present in a difficult situation, yet we hope will not terminate in a war with Great Brittain. We are very sensible of the Ruinous posture and defenceless state of Fort Wm. & Mary as also of the insufficient condition of the Prison, which together with the Treasury we shall take under our immediate consideration & shall endeavour to supply the one and repair the other in such a manner as may be least greivous and Burthensome to our Constituants according to our present circumstances. We are likewise very ready and willing to come into the making and encouraging a manufactory by giving a Bounty on Hemp and Flax, if we can find a way for raising Money for that purpose, by which we are very sensible the Trade and commerce of this Province wou'd be revived & industry encouraged. As to what your Excell^y was pleased to mention in relation to a set of private Gentlemens striking & issuing paper notes or Bills to pass in lieu of money, this House is not sensible wherein such an attempt is unwarrantable unless some notorious Fraude or Cheat might be design'd & discovered therein, inasmuch as we can't apprehend his Maj^{ties} Royal Instruction to your Excell^y upon the head of Province Bills was ever intended to extend to negotiable Notes amongst merchants and Traders, and we are not a little concern'd to see your Excell^ys Proclamation Publishing an Act of the Province of the Mass^a against taking those notes prefaced thus—"least Some unwary persons be imposed upon by the said notes or Bills," Your Excell^y is pleased to observe that it is full fower years since there has been a supply made to the Publick Treasury, and when we consider how [p. 443] much the Province is exposed, It is with the utmost concern we are obliged to take notice of an expression in your Excell^ys Speech charging the Representatives of this People with unrighteousness & oppression, when your Excell^y can't but remember that the former Assemblys did vote sundry sums of money into the Treasury in order to pay their debts, and the last Assembly was prevented by a suden Disolution, before the accounts of the Province were compleated, and we must needs think that the repeated Disolutions, which seems to compel us to a way of acting contrary to the interest of the People we represent, whatever different sentiments your Excell^y may entertain, are very unhappy presidents, and that such a method wou'd be tho't a Grievance not only by the representative body of this People, but by Assemblys of the neighboring Provinces. We assure your Excell^y that we shall industriously pursue the Business now before us, as we have nothing more at heart than his Maj^{ties} Hon^r & Interest which is inseparable from the Prosperity of the People we

represent. And we resolve to do all in our Power to shew convincing proofs of our sincerity therein.

May 8th 1735.

The same read a second time.

Mr. Secretary Bro't down the Treasury Bill with some Written objections ag^t some parts of the Bill

Then the House adjourned to the 17th Curr^t

Saturday, May 17th A. D. 1735

The Council's objections to the Treasury Bill read as follows: viz. 1) No Provision for his Excellency's Salary to the 25th of August next as pretended in the Bill For ther's an average of Excise in the Farmers hands of £515, and to make up that sum which will be due the Governor the afore-said 25th August the Council apprehend there must be provided a £1000.

[P. 451.] 2) The Council are of the opinion that the allowance of the Fort officers & soldiers ought to express the sum due to each, to prevent any after dispute on the Dividend.

3) The Secretary's yeare Ends 15th April, not May.

4) The Council don't concur in the paym^t of £300 to Mr. Thomlinson.

5) There is no act for giving bounty on hemp, and therefore the Council don't think it proper to grant a Bounty. Some however are ready to come into a Bounty.

6) There's no Provision for a Fund for the intended Emission, for that the Bill says "to be levy'd on the Polls and Estates Real & Personal, according to the Proportions as shall be agreed upon by this Court at their Spring Sessions in the yeare 1741. Now whether there will be a Spring Sessions in 1741, is uncertain, and againe if there should be, who knows that the three parts of the Legislature would certainly agree; if they should not agree, then the bills could not be called in.

7) The Council cannot consent to the calling in of the intended Emission in any but New Hampshire Bills, nor in Hemp nor in Flax, for its vastly uncertaine when foreign Bills or Flax or Hemp will bring them into the Treasury to be burnt, which must be consumed within the yeare.

The Answer of the House of Representatives to the Council's Objections to the Treasury Bill.

1) The £515 due from the Farmer of the Excise, and the £285 in the Treasury Bill maks up his Excelly's Salary in full to the 25th of August next. The Excise being appropriated by the Act of the settlem^t of his Excelly's Salary Its out of the Power of this House to appropriate it to any other use, and 'tis not reasonable they should make two Funds for the paym^t of any one of the Establish^{ts} until there is a Total failure or Insufficiency.

2) It has been usuall for all former Assembly's to make the allowaunces to the Fort Officers and Soldiers generally £151 : 10 pr annum and for the Treasurer to pay each respectively for the time of service according to the Estab- [P. 452.] lishm^t the House not knowing (nor having time to inform themselves) when any officer or soldier has been altered, But say that every officer & soldier be paid according to Establishm^t for the time of his service.

3) The article for the Secretaries service is now entered y^e 15th of April and the Dore keeper.

4) The House adheres to the article of £300 to Agent Thomlinson.

5) With this goes an Act for a Bounty on Hemp.

6) If there's any doubt of a Spring Sessions &c. and whether the three parts of the Legislature may agree (indeed a thing that lies in supposition may as well not be as be) But instead of the words referred to It may be said to be Levyed on the Poles and Estates &c. according to the last Proportion, for as the Gen^l Assembly shall come into any new Proportion by an Act to be made at any sessions between this and the yeare 1742 for before that time the House supposes there must be a new Proportion and most Towns taken in.

7) The House is of opinion that 'tis not possible to get in all the Bills of credit of this Province exactly to the day or time limited and tho' they'le leave out the receiving any other money but New hampshire yet they think Hemp and Flax such staple Commodities that they'l be a good Fund to redeem our Bills there being an allowance made for that Trouble and the House not being willing to oblige their constituents to do that which most think impossible For many of the Bills will be inevitably lost and some in the farthest Governments.

The Act for a Bounty on Hemp read a 3^d time & past to be enacted & engross'd. The Treasury Bill with the Answers to the Council objections voted and sent up. The Bill for a Bounty on Hemp sent up.

A Mess^a from his Excell^y pr Mr. Secretary that his Excell^y required the attendance of the House in the Council Chamber. Mr. Speaker and the House went up accordingly. His Excell^y made a Speech. Mr. Speaker obtained a Coppy which is as follows—viz.

Gentlemen;

[p. 453.] This is now the 7th sessions of a Gen^l Assembly of this Province that I have attended in the course of near five years & no supply has been made to the Treasury for the payment of the Publick Debts or for the support of the Governm^t. How much the proceedings of this and former Assemblys may convince the King of your inclinations to do every thing in your power that shall tend to the hon^r of his Majesty and to the prosperity of his subjects whome you represent I submit with great duty and Deference to his Maj^{ties} wisdom.

Had you any concern for justice and righteousness instead of making the trifling answer you have done to me on these heads you would have made ample provision for paying all the Debts of the Province; wth w^t face can you hold up y^r heads before God & y^e People while Poor men are hal'd to a goal from their wives and families for want of the money you unjustly withhold from them & how much do you act up to the Hon^r of his Maj^{tie} & to the safety of his People while the only Fort you have lies in ruins naked of men, Powder and all other stores. Methinks Gen^t. you should be a Little Roused with the fears of an alarm to War when you consider in how defenceless a state you are by Sea & Land, nor is the only Prison in the Province in any better condition to answer y^e Ends of Law & Justice.

I think it not worth while to say any thing more in answer to the mention you made of any former house of Represent^s voting Sundry Sums of money into the Treasury than that I have never yet refused my assent to any vote of a House of Representatives that has been concurr'd in his Maj^{ties} Council (excepting a Bill for Emitting £6000, and of which I declar'd to both Houses before their passing it that I could not consent to it as being inconsistent wth y^e King's Instruction) but that upon obtaining his Maj^{ties} leave I would gladly do it. I am sorry you have given me occasion to mention againe the unwarrantable Practice of a set of Private p[']sons striking and issuing of papers to pass or money. Instead of saying anything to justifie y^e chimerical projection I wish you had past a Law upon it in that wise and Laudible man^r the Massachusetts Bay have done. [p. 454.] But since you have not I am obliged to let you and all the good People of this Province know how just my fears were when I issued the Proclamation you speak of. In that I have had several complaints made to me since my coming into this Province from some unwary People who have been Impos'd upon by these paper notes that some of the Principle founders or undertakers in the scheme have Refused to give credit to those their own notes by which they must become a dead loss in the hands of those who have parted with their substance for them and this doubtless must discover to the world a notorious fraud (which I hope was not originally design'd) and I would further observe to you gen^t on this affaire that I can't see why your House (or the p[']sons concern'd) should take a miss that the Massachusetts assembly have not tho't with you in this new scheme, for if there be a real intrinsick value in the notes (as the undertakers ought to believe there is) the act of the Massachusetts can't take it away & then what they have done must be of service to this Province by confining these notes to a currency or circulation here because I have had constant complaints from the People of this Province how they have been drain'd from time to time of their Bills of credit from the currency they have had in the Mass^a.

As I would Gen^t always be tender of the Priviledges of your House so I shall be carefull to maintaine his Majesties Prerogative in using the Power he has delegated to me of adjourning proroguing & Dissolving of General Assemblies.

And this I shall do from time to time as I shall judge may most of all conduce to the Kings Honour & Interest and to the good of the People. Nor do I see any great Inconveniency in the dissolution of an Assembly since there are but twelve Towns in the Province that send Representatives and of which the most Remote is not a days Journey from the place where you commonly sit and an Assembly according to the Law of the Province can always be conven'd in the space of fifteen days from the date of the King's Writ. But be this as it [p. 455] will as I have at no time invaded the Rights of your house I think it had well become you not to have mentioned any thing to me that carries the face of Bearing upon his Majesties Just Authority. The Assemblies of the Province have at one time & another sat neare Seventy weeks & the supply of the Treasury (an affaire of the first and highest nature) has been neglected & the time spent in matters of Little or no consequence & the good people you Represent loaded with a great charge to no purpose, and as to the assurance you made me at the *opinions*? (1) of this Sessions of Industiously pursuing the Business then before you & of having nothing more at heart than his Majesties Hon^r and interest & the prosperity of the People you Represent. You having now sat the usual time of a Sessions of an Assembly and having done nothing more than passing a Bill for a Bounty on Hemp must convince the world that you have in your whole proceedings given proofs of a pretended Sincerity & that you have been Actuated & Deluded by such as have no regards to the Kings Hon^r & Interest who have it not in their Power and (if possible) less in their nature to do an act of Goodness or Respect to this People: But are playing mean Low games to accomplish (if they cou'd) their sinister views, while you therefore and the good People you represent suffer yourselves to be Imposed upon from time to time by the notorious falshoods such persons bruit about you cannot practice your duty to God to your King nor to your Country.

I have therefore on consideration of what is now laid before you directed the Secretary to dissolve this Assembly hoping the Electors in the several Towns will for the future act with their eyes open and be no longer abus'd by designing men who have no complaints to make within the Rules of truth and justice and who have nothing at heart But to gratifie their Ill nature from a disapointment in their private views: I say when the People calmly consider these things I believe they will hereafter send such to Represent them as will [p. 456] honestly pursue the Real Happiness of this Province and People.

May 17th 1735.

J. BELCHER.

And then Mr. Secretary Declared the Assembly.

DISSOLVED ACCORDINGLY.

The answer to his Excell^y Speech Read & accepted and is as follows, viz.

May it please your Excellency—

We the Representatives of his Maj^{ties} Province of New Hampshire now met in Gen^l Assembly having received your Excell^y Speech wherein you only in a few words refer us to what you have once & againe mentioned to other Houses assure you that we shall take all these things into our consideration & whilst we looke back upon what has been laid before former Assembly's we cannot forbear taking notice of what you was pleas'd to offer at the Dissolution of the last, to which we had most of us the Hon^r to belong, as in that Speech of your Excell^y a very heavy charge was drawn up against us, which we think ourselves innocent of, were we wholly silent we might well be tho't destitute of the first Principles of Nature, and be guilty of such a neglect of ourselves as would be culpable in [P. 466] the sight of God and man.

One thing your Excell^y there accuses us of, is the being void of justice and Righteousness, and having no concern at all for it, an odious imputation we confess, and what we trust we shall always abhor. But how we can be tho't to fall under it is very surprising to us, when to say nothing of what was done by former Assembly's (which we think if set in a true light wou'd be sufficient for their defence) We then voted an ample supply of the Treasury & made provision for the payment of all the just debts of the Province within our knowledge. Indeed it was delayed for some time, But for no other reason but for feare of laying oppressive Burdens upon the People, and in hopes of being relieved from the limitation we were under by the Royal Instruction to your Excell^y as to the time of paying in our Publick Bills, and that y^e Period fixed to that purpose might be prolonged. But being disappointed in our Expectations, We at last broke through all difficulties to comply with your Excell^y in making provision for the supply of the Treasury, in which supply Bill there was a small matter voted, viz. £300 of this currency to a Gen^t we had made use of at home as an agent in settling the Boundaries between this and the neighboring governm^t. Your Excell^y very well knows that we have always looked upon this as a thing of considerable consequence to us. And that we have tho't ourselves great sufferers by its being so long delayed, and your Excell^y may remember that we have done every thing in our Power to have that Business accomplished among ourselves. And when despairing of having that affaire determined any other way we applied to his Maj^{tie} in order to do it, and Employed a Gen^t to assist us in the Business, of whose inclinations & capacity to serve us we are verry well assured, and who has accordingly been at considerable cost and paines in [P. 467] order to do it, & we have reason to think

has brought the matter to a Conclusion. We cannot but look upon this charge he has been at among the Publick Debts that ought to be defrayed. And if your Excell^y and his Maj^{ties} Council Rather than consent to the paym^t of this, will not allow the other Debts to be discharged, we cannot think it possible for us for the future to heare you Expressing any pitty for those that are sufferers for want of what is due to them from the Publick. As to your Excell^{ys} solemn expostulation how we shall be able to hold up our heads before God and the people, we shall only say, that as to the People, we shall always be able to hold up our heads before them, as long as we never betray their Trust, and very well know that it's the opinion of the generality of them, as well as of our own that we are pursuing their true Interests. And as to your Excell^{ys} knowing how we shall hold up our heads before God, we must pray your Excell^y to waite till that time, when you and we shall appear before him without distinction, and when our talking never so much of God and religion without something answerable to it will turn to no account to us.

To pass by a great many Reflections which we think undeservedly cast upon us in the Body of that Speech, your Excell^y is pleased to close it with a Charge of being actuated and deluded by those that are playing mean and low Games & have it not in their Power (and if possible) less in their nature to do an Act of Goodness & Respect to this People.

To which we say, that in what we have done, we have pursued our own sentiments; that we know of none that have sought to mislead us. That had any attempted it, It would have been to no purpose. That whoever your Excell^y may aime at we think it pitty but that so severe an aspersion upon them and us had been spared. Did your Excellency receive no more influence and impression from such as you describe (than those against whome [p. 468] you Lay so heavy a charge) we doubt not but that there might have been a better agreem^t between your Excell^y & his Maj^{ties} good subjects of this Province, who have always been Remarkable for paying a due deference to their Respective Governors, and for doing every thing they could reasonably expect or desier of them. And now whatever may be insinuated to our disadvantage, and after all the prejudices that may have been conceived against us, we assure your Excell^y we are come together with a disposition to do every thing (if any remains that have not been done by former Assemblys that was in their power to do) for the Hon^r of his Maj^{ty} and for the true Interest of the People we Represent.

That we no sooner made a reply to what was laid before us at the opening of the Sessions was because the House was divided into Committees and had passed into a Resolve agreeable to a Mess^s sent up to your Excell^y the 24th Aprill last, they would do nothing till they had made provision for the supply of the Treasury.

Andrew Wiggin, Speak^r

May the 4th Read and voted to be sent up with the Treasury Bill.

Wednesday, May 5th A. D. 1736.

A Mess^a from his Excell^y pr Mr. Secretary, viz. That by his Excell^{ts} order the assembly was adjourned to Saturday next.

Saturday, May the 8th A. D. 1736.

Province of New hampshire: In the House of Representatives :

Whereas the House of Representatives for this Province hath from time to time for sundry years past, authorized and imployed John Thomlinson Esq. as their agent at the Court of Great Brittain, to solicit and use his utmost Endeavor to obtaine a settlem^t of the Boundary Lines Between this His Majest^{ies} Province, and the Province of the Mass^a Bay, which we are [p. 469] informed he is in a fair way to effect, and inasmuch as the said Ass^m could never obtaine a concurrence at the Council Board on any of their votes, for raising or paying any small sum of money towards the defraying the charge the said Thomlinson has been at in that affaire, and to enable him to proceed further therein, By reason as we conceive of the great and undue influence his Excellency hath over a Majority of the Council, most of whom have been Imployed & put into posts of Profit & Honor by his Excellency ; Wherefore, voted the same to be a grievance, and that Andrew Wiggin, John Rindge, James Clarkson & Ebenezer Stephens, Esqs. Capt. Edward Hall, Capt. Ichabod Roby & Mr. Samuel Smith, be a Comittee of this House in the Recess of the Assembly, and in case there be a Dissolution, to address his Majestic in this and such other affairs as may be necessary, to set the state of the Province in a true light before his Maj^{ty} and that they transmit also all such votes and Papers of this House as they think necessary to the Right Hon^{ble} the Lords Commiss^{rs} for Trade and plantations, humbly praying their good offices in Redressing the grievances That his Maj^{ties} Govern^t labors under.

A Mess^a from the Council, viz. In Council May 8th 1736.

[p. 470.] 3^d That there be an amendm^t of the Bill at Article (A) as follows, viz. to be paid Jotham Odiorn & Ephraim Dennit, Esqs. & Andrew Wiggin & John Rindge Esqs as a Comittee of this Court to be employed by them for and towards the carrying on the affaire of the Lines, they rendering an account thereof to the Gen^l Court.

Memo. There was Bro't in and Burnt by Coll. Henry Sherburn as Trustee for exchanging the old Cyphered Bills, the sume of £20 : 5 : 9.

A Mess^a from the Board to know if the House would pass upon the Treasury Bill. The House debated on the Mess^a and sent up a Mess^a that the House desier'd to consider thereof till Monday.

A Mess^a from his Excell^y viz. That his Excell^y desiered the House to meet on Monday early for that he intended for his other Government.

Then the House adjourned to May 10th 1736.

Monday, May 10th A. D. 1736.

The Council's amendments Read: The House voted they adhered to their Bill, and sent it up againe.

Then the House adjourn'd to the 11th curr^t.

Tuesday, May 11th A. D. 1736.

No Council being satt in the Council Chamber, at 5 o'clock P. M.

The House adjourn'd to the 12th curr^t.

Wednesday, May 12th A. D. 1736.

Mr. Secretary & Joshua Pierce Esqs came down, Mr. Secretary said he had a Mess^a from the Council which he read as follows, viz.

Gen't of the House of Representatives

We could hardly think it consistent with [p. 471] the Trust reposed in us by his Majesty to join with you in any acts of Govern^t after your unparalleled and unrepresented answer (so full of first Principles of Nature and void of those of Grace) to his Excellency's Speech had been read at the Board. But breaking through the difficulty we have tho't proper to make some concessions, which we trust will evince to the world, to whom the odious imputation of Injustice and unrighteousness (which you say you abhor) does belong. Had the guilt as well as the imputation been abhorr'd, It is likely our Public affairs had not been in their present unhappy situation. There has been no supply in the Treasury for five years past, and as there is now due from the Province between four and five thousand pounds by your own computation & settle^t and no Provision made for the paym^t Now where the fault lies is the Question and that must be on you or us, His Excellency having nothing to do with the affaire till the two Houses are agreed. For the three first years of the five, the cry of the Representatives was the Extreme Poverty of the People, their disability to pay their debts (when the sum amounted not to a thousand pounds) and the inhumanity of filling the goal with poor prisoners, these were the compassionate groans of former Assemblies (to which some if not the most of you had the Hon^r to belong) and thus were the honest Creditors sigh'd & sob'd out of their just dues for some years. When these melancholy storys of Poverty and prisons were worn thredbare 'twas then Briskly reported that there was advice from Whitehall that the next ship would certainly bring an order for Emitting £40,000 & Extending the funds beyond 1742, & the next Post, and then the next Carrier would certainly bring it, & the application of this piece of Whitehall intelligence was, what pitty it would be to Tax the People or to make a new Emission to be repay'd within the year 1742, when so fine an order was so near at hand. But tho' the said next ships long since arriv'd and the [p. 472] said next Post and next Carrier long since came to Town, it seems the order is yet behind, agreeable to which are your own words (speaking of the supply of the Treasury) viz. "Indeed it was delay'd for some time but "for no other reason but for feare of laying oppressive burdons upon "the people and in hopes of being relieved from the limitation we "were under by the Royal Instruction to your Excell^y, as to the time "of paying our Publick Debts, and that the period fixed to that purpose might be prolonged," and then you go on ingeniously to own what is the cause there is no Provision for the payment of the debts, for speaking of the Treasury Bill you say "In which supply Bill was a small matter voted £300 of this Currency to a Gen^t we perceive has not been well accepted." Now after the solemn crys of Poverty, Prison & oppressive burthens for you to endeavour to enhance those oppressive burthens, & subject your principles to a greater danger of the Goal than when Prison was the cry, and at the same time to boast of not betraying the Peoples trust is to us irreconcilable.

You have observed Right that the Gen^t to whom you have voted £300 is not well accepted (& well you might perceive it) who has lately signed a Petition to his Maj^{ty} in behalf of a person here Proposing to have this Province under a separate Govern^t from that of

the Massachusetts, which we Esteem a most pernicious Essay tending to the Ruine and destruction of the Province, and moreover in the said Petition are suggested sundry things, which we know are not true, and besides the attempt made by that Gen^t against the interest of this Province, in the aforementioned Petition, we have great Reason to believe he has been busy too in getting one of our Laws repealed, Either of which we think sufficient Effectually to disqualifie him from being an agent for this Province and consequently from having any Remittance from us. Besides all this [p. 473] in the yeare 1731, the then House of Representatives (to which some if not most of you had the honor to belong) Desierd the Council to joyne with them in Chusing an agent to get the Line settled, and for the Council's Encouragement therein Represented to the Board that there were a certain number of Gen^t who would subscribe considerable sums out of their own private purses for carrying on the affaire, upon which the Council made a Message to the House in the following words: "The Council desier to be informed who the Persons are that are so bountifully dispos'd, what sums they will advance, and when it will be paid, and whether the House has yet gotten any security for the same." To which the House reply'd: "In case the Council should see meet to Joyne with the House in those affairs, we should readily convince them that we had the offer of a private subscription to the value of two or three hundred pounds sterling, from the members of this House from whome this House desires no other security than their own Bill payable to some suitable person in Great Brittain." How then can you Insist upon the security of an act now, for money to carry on that affaire so contrary to the declaration of that House: and besides has'nt the undertaker in that affaire solemnly declared in the House of Representatives once and againe that he would demand nothing of the Province towards the settlem^t of the Lines till the business should be accomplished & that then he would rely on the generosity of the Province; why will you then burthen the Poore People with sums that are neither due nor so much as askt for, & why won't you let the generous Gen^t that subscribed to carry on that affaire have the honor of accomplishing it at their own cost, and if they should desier a Reimbursm^t, let the Gen^t Court take it under consideration when the work is done. [p. 474.] However, notwithstanding all these things, We have consented to the Treasury Bill with an amendm^t, by which you might have had the sum you desier'd & disposed of it as you should see meet, tho' we could not joyne with you to own an agent when we had none.

May 12th 1736. Voted in Council & ordered to be sent to the House of Representatives.

Rich^d Waldron, Secy.

Then Mr. Secretary Read a Mess^a from his Excell^y in the words following.

Gentlemen of the House of Representatives—

Your indecent answer to what I said at the opening of this Sessions is such an Insult on the King in the Person of his Governor, whom he is Pleased to call the Representative of his Royal Person, and your unreasonable Refusal to supply the Treasury (notwithstanding the con-

cessions made of his Maj^{ties} Council) make it inconsistent with his Majesties Honour as well as with the Interest and safety of his People of this Province, that I suffer you to stand any longer as members of a generall assembly.

I have therefore ordered the Secretary to declare my Pleasure to you that this Assembly be Dissolved. J. BELCHER.

May 12th 1736.

Then Mr. Secretary according to his Excellency's order and Pleasure,

Declared the Assembly to be
DISSOLVED.

BURNING OF THE SECRETARY'S OFFICE—1736.

[Copied from Coll. N. H. Hist. Soc., Vol. V., p. 22.]

Letter from Hon. Richard Waldron, Secretary of the Province of New Hampshire, to Governor Jonathan Belcher, at Boston.

Portsmouth, May 21, 1736.

May it please your Excellency.

I am obliged to beg pen, ink and paper to tell your Excellency I received your favor by the Post, and how heavey the hand of heaven lyes upon me. A Tuesday between 8 and 9 o'clock in the morn, a spark of fire from my kitchen chimney (as I suppose) kindled a flame in the roof of my house, which in forty minutes laid it in ashes (the wind being very high. I esteem the burning of my cottage no great loss; but what was consumed within it makes a deep hole in my little fortune, which I never expect to see mended. All my clothes and linen, with my wife's geer and appurtenances, are laid in the dust. We had only time and presence of mind enough to save our lumbering stuff, such as tables and chairs. We are almost reduced to the same degree of nakedness as when we came into the world; and to aggravate my sorrows, my poor wife is almost inconsolable. But I desire forever to remember with great thankfulness the mercy I have experienced in the visitation—namely, that no life was lost, and that my flight was not in the night. I hope the Infinite God intends me good from the repeated strokes of his irresistible arm, and that they will be productive of the peaceable fruits of righteousness.

Most of my books and papers are lost, and what of the public records and files are saved, I cannot say as yet, but believe hardly any of them, I had begun to copy for Whitehall, but copies and originals are both consumed.

[From the Boston Weekly News-Letter, No. 1683, May 20th to May 27, 1736.]

Portsmouth, May 21, 1736.

Last Wednesday morning, about 8 o'clock, a violent fire broke out at the top of the roof of the Hon. Sec'y Waldron's dwelling-house, situated on the plain, within a mile of this town. The wind being high,

and but little help near at hand, 'twas consumed to ashes in three quarters of an hour. 'Tis judged the cause was from a spark falling out of a lantan chimney (which was lower than the house) among the shingles, and kindled. The fire was so furious and quick that nothing could be saved out of the upper rooms. The whole family (through mercy) was saved. The flames consumed all their apparel, &c. excepting what's on their backs. Seven feather beds were saved, with *most of the books, papers and plate.*"

[Copied from MS. Corr. in Secretary's Office, Vol. 1, p. 90.]

To his Excellency JONATHAN BELCHER, Esq. Gov^r and Commander in Chief, in & over his Majesty's Province of New Hamp^r, the Hon^{ble} his Majesty's Council and House of Representatives.

THE PETITION of sundry of the Inhabitants of Chester in the Province of New Hampshire.

Humbly Sheweth,

That your Petitioners tho' at present Inhabitants of Chester afores^d formerly belonged (most of them) to the kingdom of Scotland & Ireland, where they were Educated in the principles of the Kirk of Scotland, for which they have a great veneration—That while Mr. Moses Hale was the minister of the Town your Petitioners paid taxes towards his support tho' they went many of them to Londonderry to meeting, & most, if not all of them constantly to receive the sacraments, not being then in a condition to settle a minister of the Presbyterian order:—After Mr. Hale's misfortunes had necessitated him to lay aside the work of the ministry, the Town being Destitute of a Gospel minister, your Petitioners proceeded to call & ordain a minister of that Denomination among them, tho' scarce able to defray the charge, that they might worship God & enjoy the ordinances of the Gospel in a way (which they apprehend) more agreeable to Script^e & the primitive pattern, at least more agreeable to their consciences, than they could among the Congregationalists:—That during the time that y^e Town was destitute of a minister of the Congregational order your Petitioners often Invited their Brethren of that Denomination to joyne with them, if not longer, at least till they were better provided for, & that such conformity should be no Expence to them, for that your Petitioners would support their own Minister themselves; But they refused to accept the offer.—That about two years after Mr. Hale had left Chester those of the Inhabitants who differ in sentiments from your Petitioners in conjunction with the non-resident Propriet^{rs} proceeded to call & settle in the Town a Congregational Minister who is still there—That your Petitioners apprehending that those who had called & settled such a minister would be for supporting him by a tax on all the Inhabitants represented to them in their Public meeting & to the Select-men of the Town, that it was highly unreasonable and unkind, all things & cir-

cumstances considered, to oblige your Petition^{rs} to pay towards the support of a minister they did not call nor hear when settled, &c. & prayed they might be exempted, & the rather because they conceived themselves to be such Persons as were intended & Exempted by the Proviso in the Law of the Province Entituled *an Act for maintainance & supply of the Ministry within this Province*: But all would not prevail. The Selectmen of the Said Town have rated all the Inhabitants without Exception of any Sect, & have Distrained & Imprisoned some of yo^r Petitioners for such Rates.

Your Petition^{rs} therefore pray the aid of this Court as the Dernier resort of the Distressed that you would be pleas'd in yo^r great wisdom and Goodness to Explain the Proviso in the afores^d Act, & say whether yo^r Petition^{rs} are Exempted thereby from being taxed to the settling & support of the said Minister. And if your Excellency & the Hon^{ble} the other Branches of this Court shall not think the Law already made excuses your Petition^{rs} from the afores^d Charge, that you would be pleased to Commiserate the case of yo^r Petition^{rs} (seeing as it now stands, they must either act against their own judgment, or dearly purchase the liberty of the contrary) and make a special act whereby they may be discharged & Exempted from bearing any part of the Burthen of settling & supporting any minister except their own, & from pay^g the afores^d Rates already made, and that such may have their money allowed them from whom the same has been distrained by virtue of the afores^d Rates: And yo^r Petition^{rs} as in duty bound shall ever pray, &c.

We also humbly offer a Draught of the River Newitchwannock to the furthest head thereof which we apprehend contains a true Platt of said River as it was [p. 504] formerly taken and lately surveyed by Mr. Cyprian Jeffry,—all which is humbly offered and submitted to the Consideration of this Hon^{ble} Court, By

Pursuant to the Recomendation of the Hon^{ble} court of Comiss^{rs} for to agreee upon a Plan or Draught of the River Merrymack to be laid before them & having now before this House a Plan or Draught presented by Gen^l Court of the Mass^a for this Court to agree with them upon to be present-

ed the Hon^{ble} Court of Commiss^{rs} and upon Examination of the aforesaid Draught we find the compass on said Draught not to be true, But in as much as it will not be of any great importance, the Mistake of the Compass, by Reason his Maj^{ties} Commiss^{rs} Requires a Plan or Draught not for marking out or settling the Boundaries between the two Provinces by, But to give a Right understanding of the Controversy between the Provinces only:

Therefore voted, That the annexed Plan be presented the Hon^{ble} Commiss^{rs} to give them an Idea of the Course of the Water from Winnipissiokee Pond to where it emptys itself into the Atlantick ocean. But we know of no such name as Merrimack River any further than from the Rivers mouth as far as the salt water flows, or to the first Falls about a mile above Haverill Meeting-house and from thence a Plat of the River Winnipissiokee till it comes to the head thereof viz. the Great Pond Winnipissiokee; and as to the Channel at the Rivers mouth where it Emptys itself into the Atlantick, we know of no such alteration [p. 505] that it is to the southward of where it used to be formerly, nor do we know of any such thing as the Black Rocks or Indicots tree ever to be any bound mark between the Provinces.

And it is also voted that the Plan of Newitchwanock River, taken by Mr. Cyprian Jeffry be allowed by this House to be a true Draught of s^d River to the Ponds & direct the same to be laid before the Hon^{ble} Court of Commiss^{rs} for the ends above said.

Fryday, October the 14th A. D. 1737.

A vote of Exceptions to the Judgm^t of the Hon^{ble} Comiss^{rs} relating to the Boundary Lines was drawn up and Read, as follows, viz.

Province of New hampshire, Oct^r the 14th 1737.

To the Hon^{ble} the Comiss^{rs} appointed by his Maj^{ties} Comissⁿ under the Great Seale, to settle the Boundary Lines between his Maj^{ties} Province of New hampshire and the Province of the Mass^a Bay in New England:—

Forasmuch as his Excellency Prorogued the Gen^l Assembly of this Province at their last sitting before they could know the Judgm^t of the

Comiss^{rs} Respecting the Boundary Lines of this his Maj^{ties} Govern^t & Province to the day before the said Court of Comiss^{rs} by adjournm^t were to meet in order to receive [P. 513] the appeal of Either Province, that should think themselves agrieved, at which last meeting of the Comiss^{rs} Either Party agrieved, was to give in y^{re} appeal from which part of the Judgm^t as they should think eronious & not afterwards, and this Province, being thereby stript of the Bennefit & advantage of appealing from such part of the Comiss^{rs} Judgm^t as they should think unreasonable and Prejudicial, and that his Majesty might not think this House satisfied with all parts of the said Judgm^t

Voted, That his Maj^{ties} Province think themselves agrieved by said Judgm^t in the following particulars, viz. On the Southern Boundary, in that the Judgm^t says, Beginning at the Southerly side of the Black Rocks so called at Low Water mark, when those Rocks are about a mile from the mouth of the River Merrymack, and neare three Quarters of a mile north from where it Emtys itself into the Atlantick sea or ocean. 2^{dly} From a Parallel Line with the River in case a crooked Line should be run (which by no means we are humbly of opinion ought to be admitted) For we object against the runing a Crooked line Paralell to the River it being founded upon the old Charter of the Corporation of the Mass^a Bay long since vacated.

Yet in such a case it ought to begin three miles to the north of the mouth of the River Merrymack at Low water mark where it Emptys it self into the Atlantic sea or ocean, & in that manner to run no further than the River hath a Westerly course and not to run Paralel to the River where it runs north & south, at three miles distance from the River and far beyond where wee apprehend it was formerly called Merrymack and more Particularly because the Province of the Mass^a Bay [P. 514] now holds under the Charter of Wm & Mary which never intended a Crooked Line.

3^{dly} As to the Northern Boundary we object against that part of the Judgm^t that says "through the mouth of Piscataqua Harbor & up the middle of the River," Because we humbly conceive that Mr. Gorges Patent by which the Mass^a claim, doth not convey any Right to the River, for the whole of that River and the Jurisdiction thereof hath ever been in the possession of this Province, & never claimed by the Massachusetts, and this Province in order to preserve & safe guard the same have alwayes had a Castle and maintain'd a garrison there. And the Committee appointed by the Gen^l Assembly of this Province to lay all papers and Evidences relateing to the affaire of the Lines before the Comissioners are hereby directed to p'sent this vote immediately to the Court of Comiss^{rs} for settling the Lines & pray that the same may be entred at Large in their Minutes & made part of their Records.

By order of the House of Representatives.

[P. 518.] The above vote of the 15th curr^t with the Councils vote thereon Relating to the Agent was sent down viz.

In the Council, October 17, 1737.

Whereas the Board has never been acquainted in form that the Mass^a has appealed nor that Mr. Thomlinson has hitherto mannaged the affaire of the lines with such Extraordinary care as mentioned in the above vote, and besides the said Mr. Thomlinson neither is or ever was an agent for this Province and the Council are of opinion That it is not for the Interest of this Province to Appeal or defend against any appeal made or to be made from the Judgment of the Hon^{ble} Commiss^{rs} But that it is best humbly to submit the matter as it now stands to his Maj^{ties} Royal Pleasure, Therefore voted a non concurrence wth the above vote.

To which the agents of the Mass^a objected and took exceptions for that it was only a vote of one part of the Legislature which does not Represent the whole Province, Whereas by the Royall Commission constituting this Court the Exception to the Judgm^t of this Court on the said Boundaries and appeal from the same ought to be taken by and come from the whole Legislature which is the Province, and after hearing the said Committees on the objection and exception aforesaid the Court continued the matter for consideration till the next adjournm^t of this Court & ordered the clerks to Inform the Committee of New Hampshire of the Resolve of this Court thereon, and as the Gen^l Court of New Hampshire is now sitting the said Committee might apply to the Gov^r & Council for their concurrence with the said vote if they see cause & then the Court adjourn'd to Monday next at 3 o' the clock P. In Council, 8, 18th 1737.

Whereas the Committee chosen by the Gen^l Assembly to attend the Hon^{ble} commiss^{rs} appointed by his Maj^{ty} for settling the Province Boundaries have presented an account to the Gen^l Ass^m amounting to £703:17:7. But not producing Receipts in support of the said account for so much as one halfe of the sum of the £500 which the said committee have already rec^d. Rich^d Waldron, Sec^r.

In the House of Representatives.

The articles of the within account Read and the Return of the committee thereon and also the vote of Council thereon of 8^r 17th 1737.

Voted, That the Return of the Committee be received and that the account be accepted and the Ballance paid as soon as Provision is made for the same.

Whereas this House on the 17th day of [P. 522] August last past presented a vote for the sum of £500 for the paym^t and defraying the charges that hath acerued in settling the Lines, which said vote was non-concurr'd by his Maj^{ties} Council, and as this House then apprehended it was for that the charges were not bro't in to the gen^l assembly for allowance. since which an account of £703:17:7, part of the expence hath been laid before the gen^l Court and allowed by the committee of audit of both Houses to be well vouch'd & Right cast, so that all his Maj^{ties} council (Except two) hath allowed under their hands the said account to be just and Right :

Yet so it is that the said account is disallowed by a vote of his Majesty's Council, and inasmuch as the said account of Expenses seems to be just and Reasonable & every article expended according to the true Intent of the gen^l assembly, This House has allowed and voted the same accepted, and there will yet be wanting neare a £1000, and in as much as his Maj^{ty} in Council the 9th of February 1736, by consent of the agents of bothe Provinces did order the charges of the comission and the Execution thereof to be equally boarn by both Provinces agreeable to which the Hon^{ble} Court of commiss^{rs} hath passed their judgm^t, and in as much as this House thinks it a great Indignity to his Maj^{ty} and an abuse to his Maj^{ties} Commiss^{rs} that have with great fatigue & trouble

attended on the said service of settling the Boundary lines if their Expences should not be paid and they Hon^{ble} recom-pensed for their time and trouble :

Therefore that the Fault may not lye at the door of this House, voted that the [p. 523] £5000 Blanck Bills—now in the Treasury be sign'd off by the [signers of the last] emission and put into the Treasury for the paym^t of £202:17:7, the Ballance of the acct. past this day in this House and the remainder of the said £500 be for paym^t of what is yet unpaid by the Committee on the part of New hampshire to the Commiss^{rs} after the rate of twenty shillings pr day for each Commiss^r for each day they have been in Execution of the said Com-issⁿ and that for paym^t of the Clerks and surveyors as far as the said £500 will go, and that the Treasurer be directed to pay the same to the Committee that attended the affaire of the Lines for the paym^t aforesaid as soon as may be.

And further, for paym^t of the said Commiss^{rs} the Clerks, Surveyors and others charges there be a new Emission of the sum of £500 struck off of the new Plates the $\frac{1}{4}$ pt. thereof on the small Plates and the other $\frac{3}{4}$ on the Large Plate & sign'd off by the same Signers that sign'd the last Emission and put into the Treasury & that the Treasurer be directed to pay the same to the Committee aforesaid for the paym^t of the said Commiss^{rs} &c. as aforesaid, and that they render an account to the Gen^l Assembly how expended in that affaire. And for a fund for paym^t of the same, That it be paid by a Tax on the Poles and Estates of the Inhabitants of this Province and paid into the Treasury—the one halfe on the 25th of December in the yeare 1739, the other halfe on the 25th of December, in the year 1740 and that an Act be drawn up accordingly.

8r, 19th, 1737.

The vote of the 19 curr^t for the Committees of New hampshire & Mass^a to account,

The account as audited & votes thereon [p. 524] and the above vote all sent up for concurr^e.

Whereas the Hon^{ble} Commiss^{rs} have now given in their final Judgm^t and Determination on the affaire of the Lines and have received the Appeals and Exceptions of the Provinces and their is money wanting to carry on the affaire before his Maj^{ty} in Council,

Therefore, Voted, That besides what is mentioned in other votes of this day there be the sume of £1000 in Bills of

Credit Emitted & Struck off on the new Plates, $\frac{1}{2}$ part thereof on the Small Plate & $\frac{3}{4}$ parts thereof on the Great Plate and sign'd off by the Signers that sign'd the last Emission & put into the Treasury, and that the Treasurer be directed to pay so much of the said sum of £1000 to the Committee appointed to manage the affaire of the Lines as will purchase a Bill of Exch^a to the vallue of £100 sterling, the remainder to lye in the Treasury for further Supply if wanted and if not wanted then to be for the paym^t of other Debts as the Gen^l Assembly shall order, and that as the aforesaid Committee is very well acquainted with all the Papers and Records relating to the affaire of the Lines that they still proceed in the affaire & transmitt the Case home to the agent with the Bill aforesaid & proper Instructions to proceed as the affaire may Require and for a fund for paym^t of the same into the Treasury againe, That there be a Tax laid on the Poles and Estates of the Inhabitants of this Province payable into the Treasury on the 25th Day of December 1740, the sum of £500 and the like sum of £500 payable into the Treasury on the 25th day of December [P. 525] 1741, and that an Act be drawn up accordingly.

8^r 19th 1737 Sent up for concurrence

Then the House adjourn'd to the 20th Curr^t.

Thursday October the 20th A. D. 1737.

The following vote was Bro't down from the Council and Read. viz.

In Council 8^r 20th 1737.

Voted That the £500 Blanck in the Treasury be imediately Sign'd off by the signers which sign'd the last Emission and put into the Treasury and that the Treasurer pay the Hon^{ble} the Commiss^{rs} so much out of the same as to make up twenty shillings pr day for each day of their being in the Execution of their Commissⁿ for settling the Lines.

R. Waldron, Sec^y

The same day read in the House and non-concurr'd

The above vote of Council Read and find the Council by this vote & a former has seem'd to make Provision for paym^t of the Hon^{ble} the Commiss^{rs} for each day of their being in the Execution of their Commissⁿ for settling the Lines and in neither of the votes taken any notice of the charges & pay-

m^{ts} to any of the Clerks, Surveyors, doare Keeper &c.— Which in the Judgm^t of the said Commiss^{rs} says shall be equally boarn by the Respective Provinces, and whereas there are votes of this House that have been some time with the Council which makes Provisiion as well for the officer as Commiss^{rs} (and all money Bills first proceeds from this House according to all Parliamentary proceedings) Therefore this House non-concurs [p. 526] the above vote of Council and adheres to their own votes for the raising money for the paym^t of the Commiss^{rs} (who are gone before the above vote of Council came to the House) and for paym^t of the officers & charges accruing by Entertaining said Commiss^{rs} &c.

The vote of the House of the 19th curr^t for the Committees of New hampshire and Mass^a to account sent down non-concurr'd.

Whereas the Hon^{ble} the Council on the 17th Curr^t sent a vote to this House “That they are of opinion that ’tis not for the interest of the Province to appeal or defend against “any appeal made or to be made from the Judgm^t of the “Hon^{ble} Commiss^{rs} in the affaire of the Lines, But that it is “best humbly to submit the matter as now stands to his “Maj^{ties} Royal Pleasure;” and since the Mass^a has made their Appeal in Form, and this House has put in their paper of Exceptions & that the agent may be well Inform’d of the matter & the proceedings about the same, and to prosecute the affaire to effect before his Maj^{tie} in Council until ’tis finally ended, And Whereas the Committee that has managed that affaire has full knowledge of the same. Therefore *Voted*, That they are hereby fully Impower’d as this House can do to transmit all the case and further *Places* as the same may require to Mr. Agent Thomlinson and to prosecute & defend the same and to give him such directions & Instructions as they shall think best. Voted unanimously.

Voted on Portsmouth South Parish Petition that it be heard the 2^d day of the Sitting of the [p. 527] Gen. Ass^{yn} next sessions.

Voted that Rye and Hampton affaire be continued to the 2^d day of the sitting of the Assembly next Sessions.

Whereas the Hon^{ble} Commiss^{rs} has now made an end of their Court & made up their Judgm^t and finall Determination from which the Mass^a Bay has filed their Appeale in Form, and this Province of New hampshire (That is the

Comittee by direction of the House of Representatives) has filed their Exceptions to what they tho't convenient and whereas the affaire has been attended with great expense and this House has endeavoured to Raise money on the Publick, But the Council will not come into Raising any money or to prosecute any appeal or Exception or defend against the Massachusetts Appeal: But that the affaire may not fall through after so much Expence and so faire a prospect of obtaining our desiers, This House has tho't fit to appoint & authorize the Comittee that has mannaged that affaire before the Commiss^{rs} to transmit the copys of the case home to the agent & to prosecute and defend the same to finall conclusion, and since his Maj^{ties} Council will not come into any measure to Raise money to carry on that affaire nor to pay what is already Expended, Therefore this House thinks it very reasonable to Recommend it to the several Towns in this Province for the Inhabitants to contribute what they please to carry on the affaire before his Maj^{tie} in Council (which they may put into the hands of some of their Inhabitants to be paid said Comittee for the use afforesaid) & that an Acc^t be kept of each man's subscription that if the Publick shall [p. 528] hereafter pay the charges each p'son may and shall receive his money againe or some other ample satisfaction.

JOURNAL OF THE GENERAL ASSEMBLY

UNDER THE ADMINISTRATION OF

GOVERNOR JONATHAN BELCHER,

From August 25, 1730, to October 20, 1737.

[Copied from "Journal of Council and Assembly, 1729-1742," in Secretary's office.]

[NOTE BY THE EDITOR.]

The following Records of the General Assembly from the beginning of Gov. Belcher's Administration, August 25th, 1730, to the determination of the Boundary lines by the Commissioners, or to October 20th, 1737, are very scanty. During the abovesaid period, the Council, or a majority of them, with Gov. Belcher at their head, opposed all the measures of the House in relation to the boundary lines. Consequently, the House was obliged to assume responsibility and in a degree to act independently of the Council: but with ability and persistence worthy of the cause, they carried most of their measures through, and with the aid of their wise and distinguished agent, John Thomlinson, Esq., of England, finally gained their object. In transcribing this "Journal of the General Assembly" the Editor has made an exact copy of all the proceedings, but has taken the liberty to omit the *frequent repetition* of the names of the Governor and Council, at the several sessions, instead thereof often saying, [Present as before]; to avoid *duplicating* the record, frequent reference is made to the "Journal of the House."

His Excellency was pleased this day to appoint Richard Waldron, (1) Sec^{ry} and accordingly signed his Commission

In Coun. Dec. 1, 1730.

Upon reading the report of the Committee appointed to examine Dover Town-book.

Voted, That another Committe be chosen to make a more Exact and particular Inquiry into the several grants and returns in said book, supposed to be corrupt and vicious; and that they have full power to summon & examine [P. 48] any Person or Persons upon oath, in order to discover the truth as far as may be, and any Person or Per-

(1) RICHARD WALDRON [jun.] above named as Secretary, was the son of Richard Waldron Esq. who died Mar. 30, 1730, aged 80, and grandson of Major Richard Waldron, of Dover, who was killed by the Indians, 1689. He was born February 21, 1694, and graduated at Harvard College in 1712. He first resided on his paternal estate in Dover, but removed afterward to Portsmouth, and lived on the plains. On the decease of his father he was appointed Secretary of the Province and soon after, Councilor. In 1737 he was appointed Judge of Probate. He retained these offices as long as Gov. Belcher was in office; but, soon after Governor Benning Wentworth commenced his administration, he suspended Mr. Waldron as Councilor, removed him from office, and appointed Theodore Atkinson Secretary, and Andrew Wiggin, Judge of Probate. In 1749, he was elected a representative of Hampton, and when the Assembly met, was unanimously chosen Speaker but was not accepted by Gov. Benning Wentworth; hence arose a conflict between Gov. Wentworth and the Assembly, and a conspiracy to remove the Gov^r from office. Mr. Waldron was a person of distinguished talents and literary acquirements. A strong friendship existed between him and Governor Belcher, which continued through life. He died in 1753, aged 59.

(1) NOTE. In the proceeding pages of this volume (as also in vols. II and III) the name of *Plaisted*, particularly that of Col. John Plaisted, frequently occurs. Since those pages were struck off, the Editor has received from a correspondent the following notice of Col. Plaisted:

COL. JOHN PLAISTED was the son of Lt. Roger Plaisted, of Kittery, in the Province of Maine, who, with two of his sons, was killed by the Indians, Oct. 17, 1675. Jn. was born about 1660. His father was a Lieutenant under the authority of Mass., and had command of the Garrison at Salmon Falls at the time he was killed. He had been a Judge upon the Bench of Common Pleas for York County twelve years; a Representative from Kittery to the General Court, at Boston, five years, and "was highly respected for his uncommon valor, worth and piety."

Col. John P. went to Portsmouth about 1679. He married in 1685 Mary, daughter of Capt. John and Mary (Stanyan) Pickering. He was Judge of the Superior Court of N. H. twenty years, 1699 to 1719; Chief Just. in 1716. He was member of the Royal Council from 1702 to 1716. Was many years member of the N. H. Assembly, between 1692 and 1727, and Speaker of that body in 1696, 1717 and 1727.

Col. P. was an officer of distinction during the Indian Wars, from 1690 to 1712. He was the brother of Capts. Ichabod and James Plaisted, and father of Capt. Elisha Plaisted, of Berwick, Me. No other name at this period in the Province of Maine was more distinguished for military intrepidity than that of Plaisted. The children of Col. Plaisted were John, Joshua, Mary, Elisha, James and Mehitabel. He died at the age of about 85 years.

THE THOMLINSON CORRESPONDENCE.

CORRESPONDENCE, chiefly between Theodore Atkinson, Esq., of Portsmouth, and Capt. John Thomlinson, agent of the Province in London, relating mostly to the settlement of the boundary lines between the Massachusetts Bay and New Hampshire: This Correspondence is of great historical value, and should be carefully examined. Ed.

[Copied from "Belknap Papers" in a MS. volume belonging to the Library of the New-Hampshire Historical Society, in Concord.]

No. 1.

[P. 1.] *Letter from Theo. Atkinson, Esq. to Capt. John Thomlinson.*

Capt. Thomlinson—

Sir—The last from you was by Capt. Ring, since which we have heard nothing from London but transiently by the Man of Warr who gave us some acc^t of the resentment of the House of Commons of Mr. Dunbars treatment, offered by the House of Representatives at Boston, & if a strict Enquiry should be made into that affair I am of opinion his Excellency would be brought in for parte—which I believe Mr. Cook would Declare, having lately been displaced from the Judge's office of the Inferior Court by the Gov^{rs} Influence. We are impatient till we hear what success the affair of the lines will meet with, tho' can't expect a determination till the Mass^a hath had time to answer, who Boast much of their Interest agst New Hamp^r which still we disbelieve: this Govern^t having never in one article disobeyed the Crown but have in every thing complied with the King's Instructions, however the Dispute on the controverted Land will increase I suppose. *Coll. Dunbarr who is now with us*, & was an Eye witness of the Haverhill peoples behaviour the last week hath represented the affair home to the several Boards, how they came with fire arms &c. to take away grass at least Ten miles from the river—I wrote you how we Mr. Wentworth & myself were rejected by the Gov^r upon showing him our Mandamus (1) which I think very Extraordinary he not assigning any reason when he took them 'tis impossible for me to say any more than that he hath disobeyed the King's positive comand, & I imagine will not receive thanks therefor, 'tis probable he will send home some reasons but must make them himself, otherways he would have Entered them with the Secretary which he never did and which his Instructions in case of a suspension of any [p. 2] member of that Board obligeidges him to do, however tis *vic Volo sic Jubeo*, however I never desire to sustain any post of that nature longer than I am determined to act & speak my opinion which I am determined shall always be rectified by the dic-

tates of a right reason & a good conscience, & God forbid I should live to see the day when such a voyce should either dishon^r my Sovereign or injure my country however I think it hard as well as Extraordinary to be rejected after obtaining a positive *mandate*? upon a solemn hearing at home, but those extraordinary acts here are now a days to frequent to be call'd a rarity. I should be glad if you'd pay my Hon^r to Coll. Bladen, that Gentleman I am inform'd th^t... spoke favorable of me in the affair of the Petition before their Lordships & gratitude will always oblige me to make a hearty acknowledgment of such an hon^r.

I have not to this moment heard one single word from Antigua & know not whether the ship Antigua gally be arrived here or not but hope if she did not miscarry in her passage Capt. Sutcliff hath wrote you to make Insurance for my interest which I would have you do in case she is at Antigua which you'll know by Capt. Ring or some other vessel. I would insure the value of my concern which you are as good a Judge as I am. I am Determined to sell my part & do desire you'd get her of for the most you can & receive the freight & settle with Capt. Sutcliff. You have my full power to act in any affairs with you: you I acknowledge have been verry good & I as troublesome, I think I have been mightily treated by the Gentlemen in the West Indies & therefore have followed your advise in sending a Power to Capt. Sutcliff to settle my accounts having not rec^d one [p. 3] Penny since last fall, & all the wines she carryed there the last year behinde yet as he will have the comand my parte I have ordered him to put the ship & freight into your hands I am this moment informed that this ship by whom this goes, goes via Lisbon but makes no tarry there & will be consigned you if she delivers at London. I have alsoe seen Mrs. Rindges letter from you giving an acc^t of Sutcliff's arrivall at Antigua, which as I mentioned is the whole acc^t I have had but hope he hath not omitted writing you for Insurance.

We shall send what we think necessary relating to the Lines by a ship from hence in about fourteen days, I mean as a Committee appointed for that end to write to Capt. Rindge or whom he should leave the affair with. We all heartily rejoyce that 'tis placed in your hands, 'tis the person I advised him too, I have often told the Assembly so who are very well pleased. I shall write you by Collins and in the mean Time subscribe myself your very humble serv^t.

No. 2.

[Probably from the same, to Mr. Thomlinson.]

28th Feb^{ry} 1733-4, by Capt. Collings

[p. 5.] S^r

With this you'll receive the House of Representatives address to his majesty as alsoe their Committees Letter by way of address to the L^d Commissioners for Trade & Plantations. Likewise several votes of

the House in y^e Late Sessions in this Province & some of the votes of the Massachusetts Assembly, and as all those will go open to you 'tis needless to mention any thing in them again, & I would observe that the Township No. 4 mentioned in y^e votes at a place called Amoskeag is about 15 miles at least above Dunstable on the river described in Capt. Rindge's draught so that their Lordships may see how that Govern^t is dayly Encroaching upon the Kings Province besides that very land hath been granted by this Govern^t above 12 years and doth belong to the Town of Chester which is a regular well settled town & hath an ordained minister there, but they imagine the settle^{mt} of the lines will not affect property & so are determined to take possession of almost all the Kings Lands, however we are in great hopes that controversy is Determined ere this & in such a manner as will Quiet this Province from any disturbance of their neighbors.

You'll observe by the several addresses that we have still one more favour to ask of his Majesty, that is a Permission to Emit about 50 or 60,000 this currency for which we propose this skeem that by the act of Gen^l Assembly the whole Province shall be security & the money so made shall be Let out to any Borrowers at 5 pr ct pr annum upon good improved Land security of Duple the value of the money each person takes exclusive of any buildings thereon, this 5 pr ct to be annually paid into the Treasury for & toward the support of the Govern^t & for no other purposes whatever & after a certain term of years the Borrowers to pay in the Principal at 25 pr ct. in four successive years without Interest in order to sink the fund on which the money was Emitted; now it may not be Improper to inform you how the Province came into the Present difficult circumstances. The late war with the Indians was so long & vigorous that we could not maintain it by a [p. 6] Poll tax which was the only way except a small Excise which in the war time scarcely amounted to one hundred pound we had to supply our Treasury, and the charge of the war together with the support of Govern^t amounted to twice the sum we could raise, so were obliged to Borrow money on the Cred^t of the Govrm^t & pass acts for repaying the same in sund^{ry} successive years as for Inst. the money we borrowed in the year 1720, was to be repaid by a Tax in the year 1730, and when bro't in to be burnt in the sight of the Gen^l Assembly, and thus our then condition obliged us year after year to Borrow in order to save the Province, & all this money was *Bona fide* expended in the payment of our souldiers which we were so generous as bear what the Massachusetts called our Quota which far exceeded our Proportion for we sent 50 men of 500 as a travelling army through their Govern^t & in all the last war had not one souldier in our frontiers nor one shilling of support from them—this together with the Bounty upon Indian scalps was the charge by which we came so much in debt, & now those years being devolved upon us we have the whole support of the Govern^t to pay, which since we settled the salary on the Govern^r & other officers the Fort at the entrance of the river & other necessary contingent charges about 1500 pr annum & a 1000 at least on each year to the year 1743 towards sinking our fund, which to raise by a Poll Tax would be utterly impossible—the biggest rate we ever made being 1500 & that being attended with so much difficulty & hardship & that it held but I think one year, & a man in this Province thus paid more than Double what a man of equall circumstances did in the Massachu-

setts—now we hope his Majesty will not suffer this Province that is Immediately his both as to Govern^t and soil be intirely ruined & lost, which is as necessary as fatall without his royall Licence to make paper money, you know we have no other currency & tho' Private persons may get money at 6 per cent. at Road Island yet the Publick as a Govern^t if it was [P. 7] consistent with its hon^r can have no redress there, now such a sum as I have mentioned would not be a Proportion to this Govern^t compared with any other Govern^t for we shall have but about 10,000 out next May & that all bro't in by the year 1743, and Rhoad Island hath at least 300,000 out & I can scarce believe his Majesty will deny this Province a Priviledge of that nature and at the same time allow it to a Charter Govern^t that hath so many other advantages that we can't expect: besides we are the only Govern^t that hath not great sums of money out at 6 per ct. Interest & we never made one penny for that end. You'll have a vote of the House for choosing you their Agent & I dare be answerable had there been any money in the Treasury you would have had an ample satisfaction & if we can obtain this favor from The King it will enable us to reward you handsomely. I assure you you have the hearty consent of nine tenths of the Province in the choice & I hope shortly to see the day when it will be in your friends power to recompence your Expence & Trouble, but at present whatever is proposed by the house for the good of the Province is not concurred by the Council who is so intirely swayed & Influenced by the Gov^r that any thing that seems in the least to clash with the Massachusetts Interest is Immediately rejected & this we fear will always be the case while we are governed by a Massachusetts man, which we are fond of beleiving is near at an End & should be I beleive Intirely content to be govern'd by Coll. Dunbar who is a gentleman that the more knowledge we have of him the more we are attached to him & we flatter ourselves he will be the man at least the Govern^r of this Province.

Our people many of them would gladly goe upon raising hemp & if we had the liberty of making such a sum of money we should Immediately grant a Bounty upon that Comodity sufficient to Encourage ah Experiment of that kinde, this would be a good argument to obtain that Lycence: besides the want of a medium keeps back our [P. 8] inland settlements which I doubt not would produce large quantities of potash, our wood in those Tracts we are now settling being too farr from a market for wood & then as we clear our Land are obliged to burn the wood on the ground but in such small quantitys for want of money that the Inhabitants are forced to spend one half of their time on the old settlements in raising corn & other Provisions & a small matter of the money we propose, let to those persons in the new Towns, would enable them to clear their Land so fast that it would be well worth their while to save their ashes.

I have here inclosed you a copy of a Letter I wrote the Govern^r about 3 weeks before he came into the govern^t, and had no answer notwithstanding we had 3 posts & 3 carri^{es} after he rec^d it before he came into the Govern^t & he came to this town on Fryday the 28th of December last, & the Monday following I was chose a representative for New Castle. I was in the Town with him the whole time & on Tuesday while I was in the Assembly house waiting to take the oaths I was send for by the Govern^r & past what you have copy from the

Secretary of— with this difference, I desired to be excused for that sessions or till another member might be chosen in my room which the Council entered as a peremptory refusall. I have taken my oath the copy of my Letter was genuine & if there was occasion I would prove he rec^d the second day after I wrote it. I should not have mentioned any thing of it to you but was loth to be tho't ungratefull for such an Hon^r don me, tho' to perswade myself of this I am obleiged to look at the Intent of the thing rather than the thing itself & was it not for the Hon^r of the Comis^a more than the Company I should gladly be excused for the Govern^r hath recommended such persons & got them established at that Board as some of them cannot write their names & pers' that were never accounted worthy of any publick Employment till in this reign which God forbid should be long.

[p. 9.] I have one thing more to mention, that is the Parrish of Rye in the Town of New Castle hath some time since discovered their minister whose name is Nath^l Morrell to be one of the greatest villains in America,—having got his servant girl with child was Prosecuted from Court to Court & appeared a very rogue, many of his parrish having sworn to his attempts of the like nature & is since silenced by the Desenters at a meeting of them for that purpose & some few of his people standing by him 'tis reported he's gone for England to take orders, he haveing made his escape before the Sup^r Court sat when his finall Tryall was to have been. If this suggestion be true & he gon Doubtless you'l hear of it & I assure you it will Do more Diservice to the Church than is posable to conceive, & this leads me to tell you our Church now wants glass which if we had would be fit to preach in by midsummer, & we have a prospect of a person that I am sure will be agreeable & bleive very serviceable, his name is Brown—he is now a missionary at Providence in Road Island Govern^t, we have heard him preach at Kittry to admiration & he is an unexceptionable man in his Carrectar & behaviour & I believe might be obtained if the Bishop & Society would allow of it. We propose to write to him shortly on this head & in the mean time if any opportunity presents should be obliged to you if you mentioned to those that can forward his removall not as from him but from us, he is a Perticular favorite of Dean Berkly's & believe he would assist in his removal to this place.

Sr. If you at your leisure Time in perusing this should furnish yourself with any argument for the service of this province I perswade myself you have its Interests so much at heart as to forgive the length. If it should prove altogether useless I flatter myself you'l believe it was the good of my Country was the Inducement and I am sure you have goodness Enough to forgive this trouble without any other apology. I had almost forgot to mention to you that Mr. James Jaffrey who hath been long notary Publick and being one of the subscribers to the church, tis tho't the Gov^r will Dismiss him & I suppose he hath wrote to [p. 10] get him appointed by the Bishop if so we all heartily recommend him as the most suitable man in the whole Province for that Post—the Govern^r may make what pretences he pleaseth but he is the greatest Enemy the Church of Engl^d hath upon this Continent, I beleive & had it not been for him I beleive ours in this Place would have been finished but he upon being asked whether he would contribute towards it s^d not as a Church, but if the Proprietors would make a Stall-house of it he would give Twenty or Thirty pounds.

I hope you settled & finished my acct^s with Capt. Sutcliff & sold & the Ships & got the N^t proceeds of my part of vessell & freight into your hands, tho' I declare I have never rec^d one line from Capt. Sutcliff while in London which is too long a neglect to be accidental. If he hath left any thing with you I believe I shall draw on you believing as Bills are now 'tis more advantageous than good bills being now upwards of 300 pr ct. but if I do shall take care that the bills shall be Drawn payable to yourself. I suppose Capt. Ring hath wrote you that I would gladly be concerned in the ship with him which I would heartily do in case of Peace but must get clear of the Antigua Gally first.

[Probably written by Mr. Atkinson to Capt. Thomlinson.]

[p. 11.] Capt. Thomlinson.

Sir, I acknowledge the rec^t of your favour by Roby of the 25th June last & observe you had receive mine by Capt. Noble & must tell you I am now in the same condition about my affairs in the West Indies having not heard only by your Postscript to Capt. Rindge of Capt. Sutcliffs arrivall in Antigua nor have I had one scrape of a pen from him or any person there this 12 months past I followed your directions & send Capt. Sutcliff my power attorney what he hath Don I know not he had my positive orders to put my whole affairs into your hand upon his arrivall in Engl^{la} to which place I hope he hath advised you of his coming & that you have made Insurence for my Interest on board which if he hath neglected I beg you would do you know my Intrest no least better than I therefore leave it to your Description I would have the Ship sold by all means I wrote you some time since that I was the builder myself & only hired the carpenters by the Job to build her So there can be no other Bills of sail then what I gave to Capt. Sutcliff & Mr. Stephens & I will warrant her to any person that will buy.

I take notice alsoe what you write about the Publick affairs of the lines between the Two provinces The Massachusetts Assembly are now Sitting I have rec^d the copies of the memoriall &c. I have made choise of the Comittee to Answer the severall parragraphs therein contained and as what that Court will write will be kept as a secret from us it will not be Expected we can regularly answer it and we have had no Assembly since the beginning of March last when we were Dissolved & there is no precepts out as yet so as a Govern^t we can write nothing, tho' the last Assembly confirmed Capt. Rindge & whom he should leave that affair with & chose a Committee to give Instructions I have sent for s^d Comittee & most of them will be in Town timely to [p. 12] write by Capt. Bush when we shall endeavour to give you all the arguments & proofs of that affair we can come at. I presume you are furnished with as many already as will be sufficient & dare say they can write nothing (that they can prove) agst that memoriall their comon arguments were for I have been always upon the Comittee to meet them for many years past hath been, viz.

1. We must goe to the northermost Branch of Merrimack, which some of them would allow to be that Branch in the map called Pemigewasset others said & insisted for 3 miles to the north of the Great Pond & then Draw a line from that point to a point 3 miles north from the entrance of the river which you'll see takes of all most all the Govern^t besides that destroys the Lines of Latitude & Longitude which must be streight & Parallel with the Lines between them & Road Island &c.

2. They would sometimes pretend to a crooked line & that this Province could not come within three miles of the river or any of the branches any w[h]ere & then they would call it Merrimack from the mouth of the river unto the Pond, which is so wild & Proposterous that I need not answer it for how Impossable would be to follow every little branch & creek or brook where are as many as the branches of a tree besides w[h]ere would be their Latitude & Longitude Lines—but I can scarcely believe they will offer such arguments in England as they made use of here, but then—

3. Their third & greatest argument agst was what was call'd the great River Merrimack they say is the northermost Branch tho' you'll observe many Branches runing to the west ward & goes thro' Concord & Sudbury &c which you cross with a west line from Boston at Sudbury now their Charter says 3 miles to the northward of Merrimack the great river Merrimack now *that was never call'd by the Indians Merrimack* [p. 13] *further then the water flows which is no further than Haverhill*, nor no vessell can or ever did pass above that Town—then comes the Indian names again tho' they are not mentioned in the Draught yet now they goe by the names given by the Indians as soon as you get above the English settlements as you see Sowhegan, then there is at the next Branch Amosceek then Suncook then Pennicook Contoocook Pemigewasset Winnipisiockee &c. So that the Indians who gave the very name intended no further then the river flow'd should be call'd Merrimack The Charter could mean no more but I think it can't be better Explained then by their Charter upon the Est side—there it says if I mistake not. Thro' Piscataqua river into the river Newichwannock & thro' the same to the furthest head thereof—here tho' the whole river goes in comon descriptions by the name of Piscataqua river yet realy & by their Charter 'tis call'd so no further then where the rivers parte & Branches out & from that place the lesser rivers as Newichwannuck Cochecho &c take their names & all these are Indian names then it says thro' this little river Newichwannuck & to the furthest head thereof doth it say any thing like that in Merrimack—no only 3 miles to the northward of the great river Merrimack.

Perhaps they may say something of Equivalent Land that is w[h]ere they have any Land in Possession to the north ward of our Line they will hold it & give us Equivalent Land in the room of it that would at first seem more reasonable then realy it is for we have given their people (at Pennicook who went on there to settle before ever the[y] did so much as Lay out their Township) (1) fair warning & they were told in the name of the Govern^t that it was the King's land & that it was granted to his subjects of New Hamp^t & that they would certainly loose their Possessions & labour if they were so hardy as to settle there & our Grants & theirs are so Interwoven & laid one upon another that

(1) See pp. 11, 12, 206, this vol. Ed.

there would be as great a difficulty to know [P. 14] who's the Land should be afterwards, as there is now unless the Boundary lines determine it & besides the Possessions & Improvements are vagrant & but of yesterday I make no question but the Province would be willing to let every Person that hath had an actual Possession by fencing or building for fifteen years last past Injoy their Lands and hence Equivolent lands therefor but for a few years past they have granted allmost half our Province or at least sold it to their Inhabitants & they have laid our their Lands upon our grants that were Prior & if we build a fort or Church tis burnt as soon as finished so I apprehend no Equivolents will answer unless w[h]ere a man in his own right had build'd & lived for more then 12 or 15 years & in that case I believe it might but not by antient grants or surveys only by an actuall possession.

I am now to acknowledge yours of the 8th of Octo. last by Eggleston & observe what you say relating to Mr. Joans's answer to Coll Dunbar's letter about Mr. Slade, that affair was first mentioned to me by the Coll. with whom I often went into the Country he being obliged often to ride into the woods himself & he found he could by no means trust Mr. Slade he having been bribed by allmost all the Govern^t many Towns raising a generall Contribution among the Logers for him but the Coll. did not dismiss him till he openly Quarrell'd with him & without the least reason for he Lived with the Coll whenever in Town yet he reported every where that he was Independ^t & had his Comission from home & hath said with in this Ten days it is so. But as to this affair I suppose the Coll writes you fully upon it besides neither he nor Mr. Jacobs is at present capable of riding being both Laid up for the winter if not for life. *The Coll. hath been as illy treated both by Superiours & Infer's as perhaps any man ever was, the Govern'r still not only Insisting upon all POWER & SALLARY even when at Boston* (1) that he in all Companies Ridicules & Denys that there ever was any thing said at the Board of Trade, that really Coll Dunbar is no more then a Cypher not one of the Gov^{rs} officers ever comes near him either Civill or millitary the militia often meeting & beating Drums about the Town without his knowledge or consent if they are asked by any indifferent person why they don't pay that Compliment they will tell you 'tis to obleige the Gov^r the Council sett in the same house where the Coll. lives & are sumoned by the President by orders from the Gov^r & there transacts the affairs without even taking the least notice of the Lieut Gov^r. These transactions renders the Coll Intirely uncapable of doing any service either as Leut. Gov^r or as Survey^r General for now if he gets decrees from the Admiralty the People will mob & murder his men that will venture to put in Execution such Decrees & if they apply to the Gov^r he will forward their Comp^t agst the Coll. & will at the same time refuse to call those rioters to an acc^t or make any Inquiry into it tho' desired by a large part of the Lower house—

(1) Thus underscored in the Copy. Ed.

indeed he *many months after* (1) put out a Proclamation but offered no reward & Endeavours by all ways & means he can to render the Coll odious, who notwithstanding the nature of his Employment being what the people ignorantly think detrymental to them yet was there an Election tomorrow for Comander in Chief I am sure he would have three to one agst Gov^r Belcher. The Gov^r told me that those persons that were the Coll^s friends could not nor should not be his & now all the officers that are attached to him will aske in a jeering way, w[h]ere is the halfe Sallary, were is the Letters from the Board of Trade, so that its necessary Something should be done We have had many Tryals put by this Court in December for want of the appointment of a special Judge, the Standing Court being related to the Causes & this is because they will not allow the Liut. Gov^r to appoint a Judge, but at most be at the charge to send to Boston & have a Comission [sent here (2)] tho' signed as if by consent of the Council & Dated at New-Castle. [p. 16] I would leave the reason of the affair to any rationall man if the Comission & Instructions did not make it plain. Suppose a pirate should infest our Coast and we had advice of him in a harbour were we could surprise him in twelve hours must we send to Boston to the Gov^r 60 or 70 miles for orders, or a thousand Instances of the like nature so that at present *this Govern't is a farce & we are Laugh'd at by every body.* Now all the Gov^{ts} Pretence to favour the Survey^r of the woods is shew only, for *his greatest friends are those rioters at Exeter* & he saw four or five hundred thous^d feet of boards Lay at the shore-side the other day when he came from Boston, he choosing that way now rather than thro' Hampton In shorte the very Tempers of the people are now as much altdred since he became Govern^r as is possible for you to conceive. I suppose you'l have a Letter from the Comittee chosen at the late Assembly to write you I know they have one prepared I wrote you by your kinsman that the last assembly were dissolved as all have been for severall years past & I am well assured it was because the then Assembly talked of passing such Acts as would render the Survey^r Generall of the woods post more effectual having taken that matter under consideration before I left the house & passed the vote about the riot at Exeter, but the Gov^r Dissolved them early in the morning & thereby put a stop not only to that but to all other business that was then pass'd by both houses so that 'tis now Two years since we have had any more than one Act pssed which Act too I conceive absolutely contrary to his Instructions being a private Act for bring^g forward a Tryall between two private persons at Dover so that *that one Act hath been all that has been done in Two years tho' at each Sessions many publick acts hath been voted by both Houses so that we are worryed to Distraction with this Govern'r & the Lord send us a Deliverance.* I warrant you hear nothing from Him to the Massachusetts about the settlem^t of the Sallary while this Assembly subsists for now he could have it for asking for if he was hearty in the affair.

We are now in hopes of Mr. Browns consent to move to us having made him an offer agreeable to his request as soon as we have his

answer shall authentically apply to you in order to facilitate & finish that matter we want about 1500 squares of Glass 8 by 10 Inches square & hope by midsummer next to have it completely finished. There is a new Church erected at the South end of Boston & they are laying in for Mr. Brown but as they can't expect any assistance from the Society we hope they will not prevail if we miss that man it will much retard our settlement I fear now here is a Congregation on the other side the river at Kittry who Imbrace the Church & we should for the present satisfy them & Mr. Brown would do this in case he could [with the] Same Sallary from the Society that he now hath I doubt * * * eavours in this affair Especially if Bishop Berkly is in England will Prevail [p. 17] with the Bishop of London & the Society.

I wrote you by your kinsman & Copy by one other vessell with Duplicates of my Acc^{ts} with Capt. Sutcliff & ship Antigua Gally since which I have heard nothing from him nor do I now know were he is nor can't advise for Insurance having heard nothing from him since he left Antigua I rec^d a pipe of Madary wine from him by Waterhouse this year if he charges the Pipe as they told I must be allowed the Draw back I have only to beg your favour in settling this affair for me & I'll Endeavour for the future to Employ men less troublesome.

I take this opportunity of thanking you for your kind offer to my kinsman Robert Pike to besure I'll readily be concerned one q^r Part in a vessell as you shall direct & I hope he will turn out an honest & industrious man & I believe a man of good capacity & I hope will give good Satisfaction to his Employers I suppose he writes you by this opportunity acquainting you of his voyage in the *Snow* your Brother left.

I am, Sir, with best respects to yourself and

Lady, your most humble & obedient Serv^t

Portsmouth, December 10th, 1734.

Theodore Atkinson.

P. S. December 12, 1734.

Since the above I have seen a man from the County of York who tells me the Gov^r hath received Letters from the Board of Trade or D^r New Castle he could not tell which relating the Tryalls there between Mr. *Gulstons* workmen & the Inhabitants of which Tryall I suppose you have heard & those Letters I perceive hath been shewn to the Judges & what pass'd upon them I can't tell but something to the great satisfaction of Prosecutors & the person told me if any of those work men should cut a tree they would be Immediately Prosecuted that those former Tryalls would never be canvassed in England that the Gov^r and Judges made very light of what came from those offices now you may see how he stands affected by his putting the whole county in such Prosecuting condition.

I have left the affaire of the Lines to the Committee appointed to write you tis reported at Boston that no money hath or shall be wanting to cause Delays in that affair till they have Tired your patience but I hope ere this that affair is at an end I am still fond of what I wrote to you about formerly with respect to a grant of his Maj^{ty} of some of the unappropriated Lands or at Least an order to the Gov^r & Council to make such here I am so fond of it that I can't omit it & no person could object for it would be of service to the Province in generall

Yours, ut supra.

Sr. If it should hapen in your way without Laying under any obligations to get a List of the Council as Entered at home I should be glad for tho' I demanded my place at the Board I was refused & the Gov^r told me I must be content to set lowest be my last sworn in. The thing I don't value but the creature thinks he can degrade a Councillor at pleasure & I am sure he will not alter it without the King's Immediate Comand neither will he submit to the * * officers without it. Let their Lordships do what they please. (1)

Prov. N. Hampsh^r — 1735.

[Indorsed—"Copy to Mr. Thomlinson, 1735. Publick Letter."]

Sr—You'll see by y^e Inclosed votes of y^e Assembly of this Province that you are continued their agent and we are appointed a Committee to write to you and send you the thanks of the House for your good services in y^e affair of y^e Lines between this and y^e Massachusetts Government which we hope will be settled before this reach you & that the northern Line will be but a few Degrees to y^e westward of north that this his Majesty's Province may include the greatest number & best Mast Trees for his Royall navy.

When the line is settled we apprehend it will be necessary that a new Comission for Govern^t be made out, for if it Runs West from three miles north of y^e mouth of Merimake River sundry Towns that the Massachusetts exercised Dominion over will be without their line and not Included in y^e Present Comission for this Govern^t and as we are appointed to write to you in Behalfe of the late Representatives of this Province We desire you will Endeavour all you can that the same Person may not be Governor over both Provinces, for many and great are the Inconveniences that attend it. The Gov^r Residing in the Massachusetts occasions great charge to this Prov. for frequent Expresses to him and attendance upon him by great part of the Millitia whenever he comes into and goes out of y^e Province tho' in time of Peace, and will be much more so in case of war;—as Capt. Generall he having y^e sole Power of the Millitia nothing can be done for the Defence of y^e Province in case of an attack without sending above sixty miles to him at Boston by which means many an opportunity of overtaking y^e enemy [p. 20] has been lost, and this present Govern^r Imagines himselfe always virtually present here and that no affair of Government can be acted but by his particular order which must come from Boston when he is personally out of this Province so that here is not Power to Issue out so much as a Proclamation or make an order upon any Extraordinary Emergency till an Express is sent to him and the Return of an Instrument signed by him at y^e Council Chamber at Portsmouth tho' really done at Boston, many instances of which might be enumerated—but we mention only two; viz. When ye survey^r of his Majesties Woods was Insulted at Exeter and the People he Employed for his Majesty's service in a Rebellious & Riotous manner abused & Resisted. (2) as Lieut. Gov^r he cal'd a Council and Proposed Issuing a Proclamation giving Incouragement to any that would discover y^e Rioters, But a

majority of y^e Councillors were of opinion that it could not be done but by the Chief Govern^rs order which occasioned so great Delay as that y^e actors in that great Disorder escaped with Impunity. *The other Instance is in Relation to his Majesties order in Council Repealing ye Law abt ye Courts at Hampton, Exeter & Dover.* The Lt. Gov^r ordered y^e Council to meet that it might be Published as usual in such cases. But y^e Cheife Gov^r not being personally here a number of y^e Councill would not consent to it untill the originall order was sent by Express to Boston and they had Direction or Leave from his Excellency to obey the King's order and make it Publick.

[p. 21.] We apprehend as he is a Resident in the Massachusetts and his principall support arising from thence and his Estate and Interest in that Government and *not so much as a freehold in this Province,* He has not bin so impartiall as a Govern^r ought to have bin, *but has bin much attached to the interest of that Province in ye affair of ye Lines as has obstructed ye settlement from his first Entrance upon the Govern^t:* first by Passing an act in y^e Mass^a that prevented y^e settlem^t by Commission^rs to be chosen by both Provinces Pursuant to his Majesties Instruction for that purpose, and he has ever since at almost every session of that Gen^l Court consented to the selling and granting y^e Lands in Dispute (w^{ch} are much within this Province) to y^e People of y^e Massachusetts who have thereby Raised considerable Sums of money which in a great measure has enabled them to Encourage their agent to Protract the Dispute that they might continue their Incroachments and opportunities to sell & grant more Townships—and that we might have no agent at all he has as much as in him lays Disparaged the person chosen by the Representatives by Influencing the Councill (many of whom were of his own Recomending and absolutely under his Direction) not to concur with the Assembly in their choyse nor in allowing any money to Enable him to Prosecute y^e Dispute about the Lines; an Instance of which was in May last (1) *when the assembly prepared an act for the supply of the Treasury—and because there was a very small sum appropriated for the Agent the Bill was Rejected—tho' Provision was made therein for payment of all y^e Province Debts, and for Repairing the fort & Prisson which was absolutely necessary—and upon it Dissolved the Assembly as he always dos when he goes out of y^e Province, and tho' they [p. 22] have bin Disposed and actually Doing every thing for the Honour & service of the Govern^t, yet if it was not done with precipitancy and Dispatch as he and his party in the Councill Directed they have been reproached with obprobrious Reflections and insulted in Dissolution Speeches which we apprehend were calculated to make Divissions and Partys in the Govern^t which we were always strangers to untill his administration, and yet he has never obtained one Election to his purpose, for always the greatest part of the same members have bin chosen & Return'd which is a plain Demonstration that his Conduct & administration has not bin pleasing and acceptable to the generality of his Majesties good subjects of this Province. Tho' we hear he has very lately obtained a subscription in his favor which was clandestinely handed about by his officers who have an Influence generally over the meaner sort of people of which sort are most of the subscribers, many of whom they have imposed upon not leting them know the Designe of the subscription as appears by the Deposition of*

one of them, and without doubt many more may be had. If the Govern^s friends make use of it, you'll find many of y^e names of those that Petition'd against y^e Lt. Gov^r, surveyor of the woods, upon or soon after the Riot at Exeter, and none of the Council but those that Refused to joine with y^e Lt. Gov^r in a Proclamation about it and voted against y^e Kings Interest in the affair of y^e Lumber made out of Timber condemned to y^e use of his Majesty. The frequent Dissolutions & calling new assemblys, sometimes twice a year has bin very chargeable and grievous—and his late attempt to invade y^e Priviledge of the House of Representatives by Depriving them of Judging of y^e Dueness of Election and the qualifications [p. 24] of their members has very much alarmed the good people here and is Resented by all except his own Sicophants & Creatures who are passively & blindly led by him. We could add much more, but fearing we have already trespassed too much upon your Patience, In behalf of our Constituents we subscribe ourselves, Sr.

Inclosed you have Mr. Brown's Letter to Doctor Humphreys by which the Society hath his free consent & Desire to remove amongst us & tho' we hope that affair is Decided in our favour yet possibly the Society may hesitate for want of his conent being signified. You'll observe by the Date it was Designed upon Long since but some perticular affairs then on the anvil not being ripe was what's Detained it in our hands, which being now over hope it will answer all the Desired Ends. I observe what you wrote me of y^e Difficulty you met with in this affair & that the chieff objection to Mr. Browns removal was y^t Providence must be provided for by a new missionary which the Society at Present was not able to Do. That Society I apprehend has allways made it their practice to send their missionary where there was the greatest Prospect of success & if they^r made (as I doubt not you have don) sensible of the difference of the places—this being a sea port the metropolis of the Kings Govern^t in which this is the *first Church ever Erected* & this carried on *by the Cheif people* in the whole Province, whose good Example will I hope be very prevalent in all the neighboring Towns as well as Portsmouth, & upwards of *one hundred familys of the best sort of* [p. 26] *People already Declared their fix'd & Determined Resolution & such as without whose help this Town will scarce ever be able to maintain another Desenting Minister when either of those now here shall be removed,*—who because we were under obligations to at their first settlem^t think ourselves obleiged still to contrIBUTE for y^r support. Now Providence being a country town & but very few Professed Churchments there & those too more so in Profession yⁿ reality, of very different behaviour, scarce any stranger, & but a small distance from Road Island where there is a Church established,—& I believe were Mr. Brown to write his own sentiments he could give but a very Indifferent carracter of the people there, & such an one as would scarce deserve the Society's care.

Besides as we have built a church which hath already cost us near if not quite two thousand pounds 'tis natural to suppose every subscriber would desire a vote in recommending the first minister at least & I Question Possability of ever thinking they should fix upon any one man by even a major vote, and yet ever[y] individual person concerned are heartily Intent upon Mr. Brown's removal & tho' we have subscribed some thing very handsome to Mr. Brown considering the Expense of the Building & what we annually pay to the Desenters yet not one subscriber but hath confined his [p. 27] subscription to Mr. Brown only, so that if we miss Mr. Brown our whole subscription Drops—he hath been Two Sundays with us & our house so crowded that the Isles were Intirely full & many people could not be comfortably accomodated. Under these circumstances we Desire you would recomend us to the Society. I write this as the mind of the whole Society & I beg leave to subscribe, your

You'll receive this by my good friend Mr. Waldo who is soon Bound for London & is Determined to represent to his Majesty the Injuries he hath rec'd from Mr. Belcher, Perticularly in the affair of his Estern Settlements. When you [see] the severall Evidences to support the Compl^t he lately forwarded to you you'll see Gov^r Belcher Drawn to the life. I have taken an affidavit before Mr. Jaffrey of what once passed at the Coun^t Board here in relation to Mr. Waldo's settl^{mt} at St. George's but I Imagine he will not be able to get the Prov. Sir—My last was by Shiperdson, Since which I have yours by Capt. Eastwick with the Inclosed votes as for what Relates to the province affairs I must Reffer you to Mess^{rs} Wiggan & Rindge, and Coll. Dunbar will show you how his affairs are, and you must assist him all that lyes in your power. As for your own affairs I Received for you the 5th instant ninety two pounds six shillings for your Sallary and Traveling charges and shall ship you by the next ship as you Direct, and shall continue from time to time to follow your Directions, as I shall receive your Sallary.

I have took a great deal of pains with the Bishop of London, Doct. Humphreys, Mr. Tryon and others of the Society, and said as much to all of them as I could say, and did not only give them the Committee letters directed to them, but shew them the letters to me, but as yet have not had a direct answer from the Society, the affair being referred to a Committee who have not yet made their report, but the Bishop and some others of the Society gives me but bad Encouragement, they say *If they remove Mr. Brown they must make an other Missionary* to stand in his stead, and they are not able to make any more: I have pleaded with the Bishop as much as possible, and shall not yet give it up untill I have the Committee Report.

The affair of a Track of Land I have mentioned it privately to Coll. Bladen, but he doth not think it consistent with his duty to engage in it. And before such a grant can be solicited for here must have the particular parcell of land specified with the Bounds and Extent thereof, which if you have still thoughts of you must look out and send me the Extent and bounds and conditions or proposalls. I would not have you Exceed ten miles square and the nearer such lands are to the sea or navigable rivers it will be the better.

I am sorry you cannot get my twenty guineas of Mr. Clarke. I think it very hard that I alone should suffer. I would have you dew what you can for me in it which will very much oblige—

Sir, your most Hum^l. Serv^t.

P. S. If Mr. Strangways makes any Application to you at Portsmouth for any advise or assistance in the Expedition he is upon, he

being on an affair for the account of his Grace y^e Duke of *Chauldoes*? Coll Bladen and some other gentlemen, I hope you and Coll. Dunbar and my other friends will Render him all the service you can.

[P. 34.] To the Right Hon^{ble} the Lords of the Committee of his Majesty's most Hono^{ble} Privy Council.

My Lords—

Pursuant to your Lordships ord^r of the 16th day of April 1733 we have examined the Peticon of John Ringe of the Province of New Hampshire in America, Esq^r complain^g in behalf of the inhabitants of that Province of *great Encroachments upon their Land* and other oppressions w^{ch} they have suffered from the People of the Massachusetts Bay, both in matters of Property & Govern^t *for want of fixed & known Boundaries* betwixt the said Provinces w^{ch} the People of New Hampshire have in vain used their best endeavours to settle in Conjunction with those of the Massachusetts Bay—wherefore he most

humbly prays his Majesty to declare and ascertain the several Boundaries of the Province of New Hampshire & to afford his oppressed subjects of that Province such Relief in the Premises as to his Majesty in his great wisdom & justice shall seem meet.

We thought proper to communicate a Copy of this *Petition (and of Eight others upon the same subject from the Inhabitants of the several counties of New Hampshire)* to Mr. Wilkes, agent from the Province of the Massachusetts Bay, who having taken time to transmit the same to his Principals, did on the 14th day of February 1733-4 lay before us a Memorial in Relation to his submitting the Determination of the Boundaries between the Provinces of the Massachusetts Bay & New Hampshire to such Commissioners as should be appointed by this Board. But his Memorial not containing so full a submission to the Determination w^{ch} we sh^d make upon this matter as Mr. Wilkes had before promised, he desired leave to withdraw the same in ord^r to lay another before us w^{ch} should be more to our Satisfaction; and agreeable to this we received the next day a Letter from Mr. Wilkes in y^e following words:

“My Lords—Pursuant to Instructions I have received from
“the Great & General Court or Assembly of his Maj^{ty}s Province
“of the Massachusetts Bay in New England, in America, in Relation to the Petition of Mr. Ringe touching the Controversy between the said province of the Massachusetts Baye & New Hampshire about their Bounds, & praying a settlem^t thereof, I do hereby,
“as agent of the said Province of the Massachusetts Baye for & on
“their behalf, humbly submit it to your Lordships, & do hereby consent & agree, [p. 35] that the said Boundaries may be Determined &
“Settled by wise disinterested persons of the Neighboring Governments to be nominated & appointed by his Majesty or your Lordships for that purpose, and I do further agree & consent for the Province of the Massachusetts Bay that the Said Commiss^{rs} shall have the
“matter in controversy left to them fully and without any limitations
“*saving only that the Lines, however they may happen to run, do not affect*
“*the property of Particular p^{rs}ons.*”

A Copy of this L^re having been communicated to the petitioner
“Mr. Rindge, we received the day following a second Peticon on his behalf from his Solicit^r Mr. Parris setting forth, “That he had nothing
“to object against Commissioners being authorized to set out the
“Boundaries betwixt the two Provinces, But that he was under a
“necessity of representing to us, that the Question w^{ch} had been so
“long depending was, at what place the South Boundary of New
“Hampshire (or w^{ch} is the same thing the Northern Boundary of the
“Massachusetts Bay in that part w^{ch} bounds to the Southward on
“New Hampshire) shall begin, & what course it shall run?

“That this Question must receive its Determination from the true
“& legal construction of the Charter granted to the Massachusetts
“Bay & may not therefore be proper for the Determination of meer
“Surveyors or Mathematicians in America, but may be proper for his
“Majestys own Royal Determination here, with the advice of his
“Privy Council, w^{ch} being once done & the place of beginning the
“Bound Lines & likewise the course they are to run being fixed, the
“matter w^{od} then be clear, & his Majestys Commiss^{rs} would have but

“very little trouble or difficulty in running the Lines, Wherefore he
 “humbly prays us to hear all partys by their Council upon the Ques-
 “tion where the Boundary Lines ought to begin & what course they
 “ought to run.”

Hereupon we thought proper for our better information in a matter
 of this Consequence to communicate to his Majesty's Attorney & Sol^r
 Gen^l a copy of the charter granted by their late Majestys King Wm. &
 Queen Mary to the Province of the Massachusetts Bay 1691, & desired
 their opinion from what point of Merrimack River the dividing Line
 between the Province of the Massachusetts Bay & New Hampshire
 ought to begin according to the intent & meaning of the s^d Charter.

In answer to this Query the Attorney & Sol^r Gen^l have acquainted
 us by their Report Dated the 19th day of March last “That they had
 “been several times attended by the Council and agent of the s^d
 “Provinces.

“That the Council for New Hampshire offered several arguments to
 “prove that the said dividing Line ought to be taken from three miles
 “north of the Merrimack River.

[P. 36.] “That the Council for the Massachusetts Bay would not
 “say what it was they insisted on, or give any answers to what had
 “been urged by the Council on the other side, But declared that in
 “their opinion the Question w^{ch} was proposed to the Attorney &
 “Sollicitor General by this Board would not Determine the matters in
 “Dispute & that therefore they thought it unnecessary to say any
 “thing upon it.

“That whether this be so or not they are not able to judge. But as
 “to the Question referred to them they are of opinion

“That the dividing Line between the Province of New Hampshire
 “& the Province of the Massachusetts Bay is to be taken according to
 “the Intent of the Charter of William & Mary from three miles North
 “of the mouth of Merrimack River, where it runs into the Atlantic
 “Ocean.”

Since this Report we have been again attended by the Sol^r for the
 Petitioner & the agent of the Massachusetts Bay, and have heard what
 either side had to offer by their Council upon this occasion, And upon
 the whole we take leave to offer our opinion to your Lordships that his
 Maj^{ty} sho^d be graciously pleased to appoint & authorize Comiss^{rs} to
 be chosen from out of the neighbouring Provinces in America, to meet
 within a limited time & mark out the dividing line between the said
 Provinces of the Massachusetts Bay & New Hampshire, and we shall
 take care that a copy of the above said opinion be given to each of the
 said partys for the Information of the Comiss^{rs} in case any doubts
 should arise amongst them upon the Construction of the said Charter
 granted by King Wm. and Queen Mary to the Province of the Mas-
 sachusetts Bay.

I have not had any of your favours for some time or indeed from your place not so much as one line by the mast Ship which I am really surprised at, however I have now to tell you that I have finished with Capt. Sutcliffe both the ships and his private account with you (he is since gone a voyage for three years) As I formerly writt you it is a sad affair but something better than it appeared at first sight, for when he gave me the ships accounts there was £500 or £600 sterling coming to him from the owners besides what y^e ship sold for, we had three worthy Gentlemen abitrators and after they had been as indulgent as possible to him they make a ballance coming from him to the owners of £141 : 6 : 0, of which I have Rec^d for your account £35:6:6 and for the Ballance of your private acc^t £51 : 6 : 8 both which I have carried to your credit and it is Just so much more than I expected I Assure you I had so much trouble in the affair that had their been a Thousand pound coming to you, I should have charge you at least £100 for my trouble and dearly earned too. I hope by Shepheardson to be able to ship you in such goods as I think will best answer what I may have of yours in my hands. *I am very glad to find that the Society has at last given leave to Mr. Brown to remove to your place.* I shall be glad to hear his good success amongst you.  Gentlemen,

My last to you was y^e 14 August last, wherein I told you that I was in hopes by some of the fall ships to give you an account of the success of a hearing that was appointed before a Committee of his Maj^{ty}s Council in October, on the affair of the dividing lines, and you will find by the Inclosed papers the said hearing was on the 26 Oct. Allso the success of y^e s^d hearing, which was to our Wish, as you may see pr the copy from our Brieff sent you here & copy of the Committees order on s^d hearing. I have sent you allso a copy of a *petition to my Lords Commissioners for Trade & Plantations praying for a small quorum and some other things necessary which we hope to obtain & then I think there can be no great difficulty on your side the water.* And I hope you and all your friends will do every thing in your power to assist such Commissioners that they may be enabled as soon as possible to send home their Report according to his Maj^{ties} orders and Instructions, and notwithstanding either Provinces has y^e liberty of appeal from y^e Determination of such Commissioners, and it is very likely to be the case, yet I am pretty well assured that any such appeal will not occasion much Trouble and very little delay, for this will be the case *If ye Commis^{rs} settle ye lines according to his Majestys Instructions & the Intent and meaning of the Charter, I am sure you will not appeal; and notwithstanding any other appeal from ye Massachusetts, his Maj^{ty} will confirm such settlement, and should such settlement be made contrary to his Maj^{ty}s Instructions & the Intent and meaning of the Charter, upon your appealing properly, and as the Instructions shall direct you need not doubt but his Maj^{ty} in Council will undertake the affair without any more delays: and we are pretty sure that y^e Charter is construed HERE as it is with you* Indeed it can bear no other construction. [r. 43.] To the R^t Honourable the Lords of the Com^{tes} of his Majesty's most Honourable Privy Council,

My Lords—

We have had under our consideration your Lordships order of the 26th of Octo^r last approving our nomination of the 5 Eldest Councillors in the Provinces of New York, New Jersey, Nova Scotia and Rhode Island (excepting Major Mascarine one of the Council in Nova Scotia who appeared to your Lordships to be a p^{er}son interested in the Massachusetts Bay) to be the Com^{rs} for settling the Boundaries between the Provinces of the Massachusetts Bay & New Hampshire, and requiring us to prepare, and lay before your Lordships such Directions as we shall think necessary for his Majesty to give to the s^d Com^{rs} for this purpose, specifying the time before w^{ch} the said Com^{rs} shall hold their first meeting, the most convenient Place for such their meeting, and of what number the Quorum should consist.

Upon this occasion we have been attended by the resp^{ive} agents for the Massachusetts Bay & New Hampshire & have given them an opportunity of laying before us any Proposals they might have to make to further the settling & marking out the Lines in question, Whereupon the agent for New Hampshire laid before us a Memorial for the purpose aforesaid: The agent for the Massachusetts Bay only raised some trivial objections to the place of meeting & to the Quorum men^d by the agent for New Hampshire, but offered nothing further to us upon the subject.

As we are informed that the most proper time of the year for running the Boundary Lines in Question is between the beginning of June & the end of September, we take leave to propose that the 1st day of August in the year 1737 may be the day on w^{ch} the Com^{rs} may be directed to hold their first meeting, from w^{ch} they may adjourn to such times as may be most convenient for them: For, altho' your Lo^{pp}s did direct us to consider of a time before w^{ch} the s^d Com^{rs} should hold their first meeting, yet upon considera^{con}, we found it convenient to appoint a Positive day because the great distances the Com^{rs} live from each other would otherways make their first meeting very uncertain.

And as the Town of Hampton, in New Hampshire is situated according to the best Drafts we have been able to Procure of that Province, very near, if not upon, the Place thro' w^{ch} one of the Boundary Lines is at first to run, we are of opinion that the first meeting of the Com^{rs} sho^d be appointed to be held there.

With regard to the number a Quorum of the Com^{rs} sho^d consist of, we take leave to observe, that altho' there are Twenty Com^{rs} to be appointed, yet several of them from different occasions, may not be able to attend this service, and, as the want of a sufficient Quorum, supposing it sho^d be appointed too large, might prevent the fixing these Boundrys & occasion a fruitless long Journey to such of the Com^{rs} as shall undertake the same, *We are of opinion that five* [p. 43] *of ye Com^{rs} sho^d be deemed a suffic^t Quorum*, and that all Determinations shall be by a majority of the Com^{rs} present. We are the rather of this opinion, because, each Province will have the liberty of appealing from any sentence given by these Com^{rs} to his Majesty in Council.

The agents for these Provinces having agreed that the charge attending this Commission & the Execution thereof shall be equally born between each Province, we have nothing to offer you upon that head but that we think it highly reasonable it sho'd be so.

As these Com^{rs} must be appointed under the Broad Seal, we are of opinion that the above men^d Propositions with regard to the time & place of meeting & to the number of w^{ch} the Quorum is to consist ought to be expressed in the s^d Comission & a liberty thereby granted to either party who may find themselves aggrieved by the Determination of the s^d Com^{rs} of appealing to his Maj^{ty} in Council, from such Determination, and that the Com^{rs} may be impowered & directed to administer an oath or affirmacon to such p^{sons} as shall be found necessary to be examined before them.

And, that the good Purposes Proposed by this Comission may not be frustrated by any failure in the Execution thereof, we take leave further to propose—

That notice be given by a Circular Letter to the resp^{ve} Gov^{rs} of the Provinces where these Com^{rs} do reside, of his Majesty's Intentions to settle the Boundaries of the two Provinces afores^d by Com^{rs} to be appointed by his Majesty & that the resp^{ve} Gov^{rs} of the s^d Provinces upon rec^t of such notice, do acquaint such Com^{rs} of the time & place of their first meeting, strongly recommending it to such as are able to go, to attend this Duty.

That the Com^{rs} be directed at their first meeting to make choice of one or more able clerk or clerks to enter their minutes & proceedings, as also of one or more skillfull p^{sons} to prepare Dr^{ts} or Plans of the Boundaries according to the Determinacon of the Com^{rs}, who are also to administer an oath or affirmacon to such clerks or other p^{sons} as they shall employ for the due & faithfull Execucon of their Trusts.

That each of the two Provinces, whose Boundaries are to be settled do send to the s^d Com^{rs} at their first meeting *the names & places of abode of two of their Publick officers, whom they shall appoint for that purpose, residing in the s^d Provinces, on either of whom, or at whose Place of abode, any notices, summons, or final Judgment of the s^d Com^{rs} may be served or left.*

That each of the s^d two Provinces do send to the s^d Com^{rs} at their first meeting, *a Plaine full state of their Demands or Pretensions in writing*, describing where, & in what places the Boundaries on the southern & northern Part of New Hampshire ought to begin, what courses & how far, the same ought to run resp^{ively}, and that copys thereof may be [P. 44] mutually exchanged in ord^r to prevent an unnecessary Delay & that each Party may come fully prepared.

That the Com^{rs} be directed to use all convenient Dispatch in the Execucon of this affair.

That the Com^{rs} present at any meeting, He, who is first named in the King's Comission shall Preside at such meeting & shall Issue out the necessary summons for such Witnesses, as either party shall require.

That no Evidence be allowed of by the Com^{rs} but such as shall be sworn or take an affirmation before them in open Court, and that the whole of what such Evidence shall offer to the Com^{rs} be put in writing by the Clerk & in presence of the s^d Com^{rs}.

That Entries be made of the Papers, Evidences, Deeds, Charters & Proofs received by the Com^{rs} in this affair, & of all their Proceedings & Resolutions throughout the same, & that the Plans or Draughts of the Boundary Lines, as agreed by them, be annexed thereto & made Part thereof.

That when the Com^{rs} shall have made their final determination & signed the same, a copy thereof shall be sent to such Public officer in each resp^{ive} Province as before men^d, as likewise notice of another meeting, to be within six weeks after the delivery of such copy, or such other reasonable time as the Com^{rs} shall appoint, at w^{ch} either of the Provinces, who shall find themselves aggrieved, may enter their appeal, with a Declaration what part of the Determination of the s^d Com^{rs} they abide by or Appeal from, and that each Province be allowed true copys of the whole Process, to be attested by 3 or more of the Com^{rs}.

That if, at this last meeting of the Com^{rs} neither Province do enter their Appeal, the Determinacon of the Com^{rs} do then become final & conclusive to all Partys.

And that, during the meeting of the said Com^{rs} the Gov^r of the two Provinces do keep their resp^{ive} assemblys sitting or under short Prorogations, that they may meet within Twenty days after such Determination, delivered as afs^d, in ord^r to Determine what to do thereon. for his Maj^{ty}s Province of the Massachusetts Bay

Sheweth—

That sometime since John Ringe of his Majestys Province of New Hampshire as Agent of the House of Representatives of the said Province preferred a Petition to his Maj^{ty} humbly praying that his Majesty wo^d be pleased to declare & ascertain Sevⁿ Boundaries between the s^d Provinces of the Massachusetts Bay & New Hampshire.

That your Pet^r having sent a copy of the s^d Petition to the said Province of the Massachusetts Bay & received their Instructions thereon & apprehending he was thereby authorized thereto & to avoid further Litigation & Expence he did (amongst other things) consent & agree for & on behalf of the s^d Province of the Massachusetts Bay that the said Boundaries might be determined & settled by wise disinterested p^{rs}ons of the neighbouring Governments *to be nominated & appointed by his Maj^{ty}*

That for the reasons men^d in a former Petition most humbly p^{rs}ented by yo^r Pet^r to his Majesty, your Pet^r apprehended his s^d Proposal to have been disagreed to & rejected, & so he acquainted the s^d Province of the Massachusetts Bay in answ^r whereto the s^d Province acquainted your Pet^r he was not warranted by his Instructions in making the s^d Proposal, *they only authorizing him to submit to have the Boundaries determined by wise disinterested p^{rs}ons to be chosen on the behalf of the*

(1) Paris.

Province of the Massachusetts Bay *by the Assembly of that Province out of the neighbouring Governm'ts.*

That hereupon you Pet^r conceived himself bound in Duty to lay before his Maj^{ty} by Petition the mistake he had comitted, before any thing was finally done herein, w^{ch} your Pet^r accordingly did. But on hearing the s^d Petition before your Lo'dips to whom the s^d Peticon was referred your Lordships were pleased to report as your opinion to his Majesty, That it might be adviseable for his Majesty to appoint and authorize Com^{rs} to be chosen out of the neighboring Provinces in America to meet within a Limited time & mark out the dividing line between the s^d Provinces.

That your Lordships on the 26th day of Octo^r last referred it to the Lords Com^{rs} of Trade & Plantations to prepare & lay before your Lordships such directions as they sho'd think necessary for his Maj^{ty} to give to the s^d Com^{rs} specifying the time before w^{ch} the s^d Com^{rs} sho'd hold there 1st meeting, the most convenient place for such their meeting & of what number the Quorum sho'd consist.

[P. 49.] That the Lords Com^{rs} of Trade & Plantations have accordingly by their Report bearing date the 8th day of Dec^r last Reported to your Lop'ps as their opinion that the 1st day of Aug. 1737 sho'd be the day on which the Com^{rs} sho'd be directed to hold their first meeting & that the first meeting of the Com^{rs} sho'd be appointed to be held at the Town of Hampton in New Hampshire & that 5 of the Com^{rs} sho'd be deemed a sufficient Quorum.

That your Pet^r humbly insisted before the Lords of Trade that *Newbury* in the Massachusetts Bay *was a more Proper Place than Hampton* & that the Quorum ought *not to consist of less than a Majority* of the Com^{rs} nominated who are 19 in number & Insisted as a reason for this that by the Law of England no man's Property sho'd be affected by a less number than a Jury of 12.

That the Lords Com^{rs} of Trade then p^{ceed} to lay before your Lo'pps, such directions as they think necessary to be given to the s^d Com^{rs} & among the rest are pleased to propose that each of the s^d two Provinces do send to the s^d Com^{rs} at their first meeting a Plan & full State of their demands or Pretensions in writing describing where, & in what places the Boundarys on the southern & northern parts of New Hampshire ought to begin, what courses & how far the same ought to run resp^{ively} & that copies thereof sho'd be mutually exchanged.

That your Pet^r humbly submitts it to your Lop'ps consideration whether there be any Instance wherever an obligation of this kind was laid upon the partys in a case of the like nature & as there may be real difficultys in complying herewith your humble Pet^r hopes this shall not stand part of the Instructions.

That the Lords Com^{rs} of Trade & Plantations further propose that the whole of the Evidence w^{ch} shall be offered to the Com^{rs} be put into writing by the Clerk & in presence of the Com^{rs}

That your Pet^r humbly apprehends this ought to be done likewise in p^{sence} of the witnesses & that the Depositions afr^d so reduced into writing sho'd be read to the witnesses & then signed by them & that the reducing the Evidence into writing ou't not to be left to such minutes thereof as the Com^{rs} Clerk may take.

That in that part of the report of the Board of Trade w^{ch} directs

the Com^{rs} to adjourn in ord^r to give time to Appeal your Pet^r humbly apprehends it is not meant or intended that the Com^{rs} sho'd have Power to abridge the 6 weeks p^oposed to be given for that purpose, whereas if the direcons w^{ch} are sent to the Com^{rs} run in the General words of the Report "or other reasonable time" It may be thought there they have such a Power, to p^ovent w^{ch} yo^r Pet^r humbly submitts it to your Lordships whether it may not be proper to Express it such FURTHER REASONABLE TIME as the Com^{rs} shall appoint.

That yo^r Pet^r further humbly apprehends that by the said direcons p^oposed to be given to the Com^{rs} the copy of the Process is not ordered to be given time enough for the Assembly to see it before they must determine whether they will appeal or not, but only a Copy of [P. 50] the final determination, whereas the Evidence being what the case must be determined by your Pet^r humbly conceives it is reasonable they sho'd have that also before them for their consideration to form a right Judgment whether they ought to appeal or not.

That your Pet^r humbly Informs your Lp^s the Assembly of the Massachusetts Bay always meet twice in every year, viz. The Spring & Fall sessions—your Pet^r therefore humbly submitts it to your Lp^s consideration whether it be necessary to keep the Assembly sitting or und^r short Prorogations during the time of this Enquiry as it may be of great & general Inconvenience to the members & create great uneasiness in the Province.

That the Report of the Lords Com^{rs} of Trade & Plantations mentions that your Pet^r has agreed that the *charge* attending this Comission & the Execucon thereof sho'd *be equally born* between each Province, as to w^{ch} yo^r Pet^r begs leave humbly to represent to your Lordships that p^osuant to his Instructions he has in the strongest manner humbly insisted *that the Com^{rs} on the behalf of the Massachusetts Bay ought to be named by the Assembly of that Province* but as it has been determined otherwise & as it has been Ordered that a Comission sh'd Issue to the Com^{rs} w^{ch} have been p^oposed by the Lords of Trade your Pet^r did declare he co'd make no objection to the Expencess attending the Execucon of the Com^{rs} being born equally by both Provinces & that he thought it reasonable it sho'd be so, & he now offers nothing in opposition thereto, but yo^r Pet^r being no otherwise concerned than merely as an Agent for the Province of the Massachusetts Bay, & having had no Instructions from them in relacon hereto, so he cannot consent or agree to it but he does not oppose it, as thinking it reasonable it sho'd be so.

That your Pet^r most humbly Assures your Lordships he does not p^osent this his Petition with the least view to retard or delay this affair & as the strongest Evidence thereof he does not Insist to be heard by his Council, but is willing & hereby submitts the sev^l m^ores contained in this Petition to your Lordships great wisdom & Justice without desiring to be further heard thereon humbly praying your Lordships to make the Sev^l before men^d alterations in the direcons to be sent to the Com^{rs} with such

further & other direcons in relacon thereto as to
your Lordships shall seem proper & necessary.

And yo^r Pet^r shall ever Pray, &c

Francis Wilks.

No. 21.

Sir—

The Enclosed is just now sent to me from the Board of Trade. I hope it will come time enough to catch the Ship *Ceraus*? I am told it contains a severe reprimand to Gov^r Belcher (upon the Petⁿ of Mr. Graves who was p^rsecuted ab^t the Bounds & whose petⁿ I delivrd into the Board lately) and that Reprimand sent to Mr. Dunbar, for his own delivery into Mr. Belcher's hands, w^{ch} will be of pleasure & service too, to our friends in New Hampshire.

Mr. Wilks has given us a parting blow, by a Peti^{on} complaining of almost all the direcons proposed by the Board of Trades Report. We have just seen it & bespoke a copy of it, in ord^r to be heard to-morrow night upon it, but cannot yet send you a copy, having none my self.

I hope a l^re on Saturday morn^g may catch the ship, but however you may (now) venture to give yo^r Friends strong hopes, that we are at the end of the Line of oppositions on this side of the water, & that I am their, and also, Sir,

Your most obedient serv^t

Ferd. John Paris.

Y^e Packet above mentioned I have inclosed to Mr. Sam^l Wentworth, to forward to Coll. Dunbar or in his absence to Theo. Atkinson, Esq.

No. 22.

[P. 53.] Sir—

The Lords have neither altered time, place nor Quorum of the Com^{rs}, They think the Assembly should neither be kept sitting nor under prorogation, and they have enlarged the time for the p^{ty}s to declare whether they appeal or not, from the 6 weeks, to 3 months (if the Com^{rs} see fitt).

But they have added two notable matters, that if the Massachusetts do not name Attorneys (to be served with Sumons, &c.) at the first meeting of the Com^{rs}, or do not, at such 1st meeting, give in a plain state of their Demands, *then the Com^{rs} are to proceed ex parte.*

I have not more at present but remain

As the business now begins to encrease & the Fees likewise in a great degree, I shall be much obliged if you please to let me send to you, at yo^r best leisure for a considerable supply.

I enclos: you a copy of the last ord^s & shall wait on you at Loyds in a day or two.

We can not too soon apprise our Friends on the other side of what is done & doing.

The Board of Trade will presently prepare their Letters to inform the Gov^r & the two Provinces, & I should be glad to know whether an imediate opportunity offers of sending their Letters away.

I want to carry the ord^r to the present Att^y & Sol^r to prepare the Comission but our great loss (1) this morning makes me apprehensive of a change in those officers, so that one must wait (or at least it will be best to wait) two or three days first, to see what changes ensue.

[P. 56.] Sr.

I have the Honour to Enclose an ord^r of Council, That my Lords Com^{rs} of Trade & Plantations sho'd write certain Letters (relating to the affair of the Boundarys between his Maj^{ty}s Provinces

(1) In margin, "The Death of my Lord Chancelour very much lamented by every body."

of Massachusetts Bay & New Hampshire) unto the respective Gov^{rs} of New York, New Jersey, Nova Scotia, Rhode Island, Massachusetts Bay & New Hampshire, as proposed by a Report from the Lords of the Com^{tee} of his Maj^{ty}s most Hon^{ble} Privy Council, included in & approved by the s^d order.

And as these Letters from my Lords Com^{rs} are to precede & give notice of his Maj^{ty}s intended Comission, that the Com^{rs} & the partys may prepare against the 1st day of August next, when the Comission is to be opened, My humble request is that their Lordships will be pleased to write these Letters with what convenient speed they may, & this the rather, because I am very well informed that a ship departs from London for New England, on Saturday next.

In going through the Report you will observe that a former *proposal that the Assemblys* of the contending Provinces should be kept sitting or under short prorogations, in ord^r to receive & determine whether to appeal from the Com^{rs} final determination, *is not incerted*.

That proposal was objected to by the agent for the Massachusetts Bay as inconvenient for that Province, & it is no part of the present ord^r.

But by the p^{sent} ord^r & by the Comⁿ to be prepared in consequence thereof, if either Province to be aggrieved by the Com^{rs} determination shall not appeal from or except to the same, within a limited time, no Appeal or Excepcion is to be rece^d afterw^{ds}

The former conduct of the Province of Massachusetts Bay in this affair, the many endcavours used by them at least to delay if not to prevent, this Comission: *The Gov^r of the SMALL Province of New Hampshire being a native & Gov^r over, the other GREAT Province of the Massachusetts Bay*, also his late Declaracon that the Lines in contest wo^d never be run, and the consideracon that he only calls the Assembly of New Hampshire, who, alone can determine whether to appeal or not, if occasion shall require:—all these considerations make me exceedingly anxious, lest it should happen that an Assembly of New Hampshire sho^d not be called to determine upon this affair, & that, for want thereof, the Com^{rs} determination ag^t them sho^d become final.

[P. 57.] And therefore it is, that I am a most humble Petn^r to my Lords Com^{rs} for Trade & Plantations that they will be pleased to interpose in this matter, in such maner as to their Lo^{pps} shall seem meet, so that the Province of New Hampshire may not, by any means, be deprived of that great & valuable priviledge, most graciously intended them by his Maj^{ty} of appealing from the Com^{rs} Determinacon, if aggrieved thereby.

I could not omit menconing this to you, & am with the greatest respect,

Sir—your most obedient serv^t,

Ferd. John Paris.

Gentlemen—

I have but just Time by this ship to Inclose you the within papers, being of Mr. Paris's mind that *you ought to know as soon as possible what you have to doe*, that you may be making the necessary preparation to act conformable to the Commission & Instructions that will soon follow these, which I hope you will be very carefull to Doe, that you may continue in the good oppinion of your friends here; then may you expect you will have Justice Done you here, upon any Appeal from the determination of the Commissioners, by either Province, and speedily. I am satisfied that you will not trouble his Maj^{ty} with an A^ppeal if the Commissioners determine the affair in the manner you construe the Charter, and that all along appears to be the construction here; especially on your South Boundary, and for any triffling difference on the north, I hope you will be easy under: George Jaffrey & Theodore Atkinson, Esq. seems by their Letters to me to be masters of the affair, *I hope they may be your agents to attend ye said Comissioners* whom I heartily wish may determine the affair so that neither of the partys shall have cause to appeal, it will be a very great pleasure to

[P. 59.] Sir—

This encloses to you a Duplicate of the ord^r in Council under Seal, which you will please to forward to yo^r Friends in New Hampshire for their own use & service.

This is also to accompany 4 Letters from the Lords of Trade to the Gov^{rs} of New York, New Jersey, Nova Scotia & Rhode Island: Please to forward them with all speed to those Sev^l Provinces, & I beg the favour that you'll keep a mem'dum when & by what Ships you send each of them.

There are two other Letters from the Lords of Trade, One to Mr. Belcher as Governor of the Massachusetts Bay, the other either to himself or such other person as shall have the supreme comand & shall actually be in New Hampshire. These two Letters (last menconed) I beg of you to send to some very safe hand in New Hampshire, who must make an affid^t of the delivery of one of these Letters (that to Mr. Belcher as Gov^r of Massachusetts) into Mr. Belcher's own hands, & that affid^t should specify the time & place when & where it was so delivered; & the affid^t should likewise contain an acc^t when & where the other Letter to the Gov^r or Comd^r-in Chief of New Hampshire was delivered to the Comd^r in Chief of New Hampshire, in New Hampshire; and this affid^t should be sent back to you here as soon as possible.

I have bespoken Duplicates of all these Letters agst the next ships. The orders are left with the Att^y & Sol^r Gen^l who are preparing the Comission & you may rely on it that they shall have continual applications from me till I get the Comission from them.

I can only add here that it is thought by some very good Judges

that whoever is the Com'd in Chief resident in New Hampshire will be very well justified in calling the Assembly there on receipt of these Letters.

Sir—I have but just time to tell you that Coll. Dunbar has given Bail to Mr. Wilks and the other occation, And now has his Enlargement & about among his friends, he was very Imprudent at his first coming, not to take the advice of his friends, and the Board of Green Cloth would have protected him from any thing of that nature. I hope he will be more carefull for the future & I hope he will succeed in his solicitations. I see Gov^r Belcher has Rece^d y^e Packett containing his Maj^{ty}s Instructions from you, by his Proclamation, &c. Also that he has prorogued your Assembly untill 4 days after y^e meeting of the Commissioners, contrary to his Maj^{ty}s Design & Instruction, *Surely in order to prevent your choosing such Two persons properly Qual^d to*

attend the Commissioners on the first day of their sitting as his Majestys Instructions direct, and I fear hath thereby Defeated his Maj^{ty}s most gracious Intention of having the Boundaries fixt and settled. I have already laid those things before the Lords Commissioners of Trade and Plantations, and if he should by this or any other act obstruct the Speedy settlement of the Boundaries, I hope the Assembly will with all speed send me as stroug a Remonstrance to his Maj^{ty} in Council as possible, of any such Act, and allso of the many Grievances the Province hath and does still labour under, by his Administration; and as full proofs to support it as possible. I assure you I have not failed or shall I of Executing any commands the Assembly shall give me, and noe Remonstrance or complaint comes with that weight as from an Assembly. I think it more proper to communicate this to you Rather than y^e Committee, because it might look too much like my Directing them. You will only communicate this to a Friend or two. My last to you was 27th August pr. Capt. Eggleston & Stanney. Since which I have not had any of your favours neither are any of my friends at your place so diligent as to inform me any thing of your proceedings as they have frequent opportunities by way of Boston, *that I can know nothing but what I pick up out of the Boston prints*, Therefore I can not tell how you are like to succeed in running the Boundaries, but this I am pretty sure of That had you and Mr. Jaffrey, Mr. Rindge, Mr. Wigan, &c. took care that the Remonstrance of the Assembly to his Maj^{ty} setting forth your grievances under G. B. administration and the Bad consequences that must attend his Maj^{ty}s Province allways by being under the same Governour with the Massachusetts, I say had you Quietly sent home such a remonstrance (which I am told either was drawn up or was Designed) *you had been by this time been a sepperate Government*. I do every thing for you I can here, but if you will not assist when I tell you that Petitions or Remonstrance from a Body of men have a weight,—besides I can act with more assurance of success & courage and satisfaction to myself, I have not seen Col. Dunbar for some time, he is at *Hampton Court*, and Mr. Jones tells me he hath gott him out of all his difficultys and hopes he will succeed in his solicitations. I wish he may. I am,

THE BELCHER CORRESPONDENCE.

1731-1737.

Correspondence of Gov. Jonathan Belcher with Secretary Richard Waldron and others, of the New Hampshire Province.

NOTE. The Letters which follow are specimens of a Correspondence between Gov. Belcher when in Massachusetts, and Secretary Waldron, relative to affairs in New Hampshire. Letters were frequently passed between them. The Governor, on his part, indulges in a freedom and style of remark which can hardly be considered creditable to him. Should any person hereafter undertake to write the life of Gov. Belcher, he might, to advantage, consult the Waldron Papers now in the archives of the New-Hampshire Historical Society. For the sake of reference the letters are numbered.

§§ The Letters of Sec^y Waldron appear to be copies, or rather first draughts of those written by him to Gov. Belcher, and the Governor's letters all bear his signature in his own hand, tho' probably copied by his clerk. ED.

Letter No. 1.

From Richard Wibird and Henry Sherburne.

May it Please your Excellency—

A Saturday toward Eve being in Company wth sundry Gentlemen in Town a paper was produced in presented to us for our signing It had one or two cursory readings but our memorys are too frail for us to pretend to give a particular account of y^e contents but to y^e best of our remembrance It was in the nature of a memorial or Petition to y^e L^{ds} of Trade and Plantations. It was then subscribed in our Presence by Mr. Geo. Jaffry, Mr. David Jaffrey Mr. Ben^s Wentworth Mr. Atkinson & Mr. Wiggin & by whom since we know not but tis very probable the party will endeavour to get what additions they can. It mention'd the sudden proroga of the Assem by yo^r Excell^{ys} order which hindred an Address for y^e redress of Public grievances.

It treated of the affair of y^e line at large, showing y^e readiness of this Governm^t & y^e backwardness of y^e Mass^a to settle it & proposed y^e matters being laid before his Majesty forthwth.

It mentioned great disadvantages y^t this Province was under by reasons of the Gov^{rs} residing in another Province (viz.) That It prevents passing acts that might be beneficial &c. with Earnest prayers for a separte Government. Morover it mentioned something of a Disgust taken by your Excellency agst them & that therefore Constables were forced to ride 30 odd miles to be sworn, & to y^e best of our remembrance it said something agst advance payments of y^r Excellencys salary. These are but broken hints, but are such as we can recollect. We utterly refused signing, & tho't proper to consult Messrs Gambling

& Waldron upon this head & accordingly we did this morn who intirely agreed & joynd wth us in sending a dispatch to your Excellency wth an account of these things. There is a ship bound for England ready to sail & goes tomorrow if y^e weather favours—on board of which we suppose is to go this Petition. If an out wind or storm should stop her (w^{ch} we earnestly pray for) 'til Wednesday night. We hope your Excell^y will have an opportunity of counter writing by y^e same conveyance, for we shall hardly Expect to see our messenger till that time. We are

From Gov'r Belcher to Sec'y Waldron.

Sir—

Capt. Hopson bro't me yours Dated this month, and the Post yours of 9: current, with what past in the Assembly, By which I find the mal contents are Restless and uneasy, and very Ready to do Mischiefe, but Hate to do good. The part you acted was Exactly well—(Presuming it was all with good manners to his Honour). What shall we say, and how shall we help it! We are Miserably of it, att the Council Board. I never tho't one of my Treasury Commis^{rs} to be any match att argument. The Lieutenant Govern^r tells me he has had complaints, and that the People suffer for want of a Justice att Kingston, Chester, and Derry; and you mention Streatham. The King's qualifications for officers in my Instructions, are to be men of *good Lives, well affected to the Government, of good Estates and abilities.* Let me therefore as soon as you can have the names of persons for each of those Towns & such as are best qualify'd, and make out Commissions and send me to sign. This matter for some Reasons requires Dispatch. and you must be sure the Persons will accept, before the Commissions are made out.

I know no Foundation for the Faith you say three in four have taken up, and if People are so silly as not to hold up their heads and keep up their courage, there's no forcing them. I Return you the Military Commissions (sign'd) to be given Coll. Sherburn, and Deliver'd att such a juncture as he shall judge seasonable. Send me also Commissions for the two special Justices on the occasion you mention. Let them be the best men you can find. You must advise and assist Capt. Wibird about his Enclosed Collector's Commission. I send you also the King's Instruction in this matter, which you must Lodge with the other Instruction in the Councill Files.

I find the Gentleman very restless and uneasy. I don't altogether differ from you about his starting over the Atlantick. I believe Mr. Gambling may have given a hint of a complaint made against you by the Lieutenant Governour, which was in these words, viz. "I intended "to have sent your Excellency an account of what past Both att the "Councill Board and in the Assembly, but have not been able to get "one for myself, the Secretary and the Journals being in the countrey; "I do not say this by way of complaints of him, because if I was inclined to it, I could say something more material, but 'Tis not worth "my notice &c" The King having Done Coll. Dunbar the honour of a Commission for Lieutenant Governor of New Hampshire it is my order, that you never show him the Least slight or Disregard, but allways Treat him with all Possible Respect and Homage. This Letter goes as you Desire. And so I shall do for the future. If the Lieutenant Governor is not att Portsmouth, I have ordered the Post to give you my Letter for him—To be Delivered as soon as he may come.

From Gov'r Belcher to Sec'y Waldron.

Sir—

I have now lying before me yours of 12: present pr C^t Sherburne, & 16: Ditto pr Post—and particularly observe the Lieut. Gov^{rs} Letter to you and your answer—and am pleased the latter is so full of good manners. Its best to be patient & steady and to be very exact in every point of Duty.

I am glad my Letter per Sherburne got seasonably to go by the Ship from your River—(Pray who's the Capt.) as to the Justices for Kingston—Streatham—Chester & Derry, they must be men as near the King's Instructions as you can find 'Em, and so the Special Judges, and I desire their Commissions may be sent me, as soon as you conveniently can. I now return you the Commission for Coll^o Sherburne's Regiment, which shou'd be distributed at such a Time as may be most seasonable on all accounts.

Inclosed is Mr. Atkinson's Letter to me and my answer—return the original, seal and deliver mine & give me your Tho'ts.

Let Wibird be easy, and I think all will be right. If Atkinson has not recorded his several Commissions (or Powers) with you, you may say the Gov^r by his Letter depends they are so done, however let there be no Delay but authentick copies pr the Post.

I take Notice of every Particular relating to his Honour &c. Some People seem to be like a wild Bull in a Net, and perhaps may be by and by caught in their own snares. Its best carefully to watch all their steps, and counterwork their wlkedness for the Good of the poor People they would deceive. 25 or 30 make up but a small Number of Complainants, Especially if we consider how many Scrub, Paltry Fellows are among 'Em—I have wrote Coll^o Walton particularly about the Fort which I desire he would show you, If he be steady, he shall be Captⁿ of the Fort, Maugre the Lieut Gov^r and all his scycophantick adherents. I wish it may be so that he has sent my last letter to England.

I shall write pr Cary, for Mr. Denmet's Mandamus, & wish Coll. Gillman & Gerrish would order money for theirs. I fancy he will not return suddenly from his Dear Joyes.—Its best to give the Oaths to all the military officers—There's a clause in the Lieut. Gov^{rs} Commission that Tedders him,—“According to such Instructions as you shall receive from us, and from our said Capt. General and Chief Governour of our Province of New Hampshire, Now,” &c:

The Letter I have from Walton, Wibird & Sherburne have good spirit in 'Em you must often consult one another, & read to each other the Letters I write, you must not suffer yourselves to be bullied or frighted on any account but be steady and strong.

I beleive they they heartily repent their not coming into the affair of the Line. The Massachusetts will by no means abate the Course of the Law, since your Representatives were so stubborn & humersome—Its best the common People should know it, and let the blame lye on those busy wicked Instruments who have prevented an agreement between the Provinces. Consult all our Friends to make a good Judgment whether there may be a proper Juncture for a New Assembly, I would then dissolve this, and be at Portsmouth a few Days be-

fore the choice, But you must be able to make a shrewd guess before this matter be attempted.

Think and consult well, and tell me if any thing can be done to purpose. I say let your spirits rise with your Difficulties. I have done in the County of York as I told you—perhaps it may do good 'o your side of the River—I am,

Sir—your Friend

Let me have the Commissions for Justices at Derry—Kingston—Chester and Stratham and for the two Special Justices.

I have sent a Dedimus to Walton and Sherburne to administer the Oaths to Wibird, and have so wrote the Lieut. Gov^r and my Letter to Atkinson is open in Wibird's—I say be you all strong and steady, and get a Petition from all the officers in the Government to counterwork their secret Complaint. You must be indefatigable where the Enemy are so vigilant. I am really afraid great Inconveniences will arise on the Line, and who must be thank't but those who had wickedness and Influence enough to prevent the Committee's meeting. I wish the Lieut. Gov^r may be a true Prophet & that the Line may be fixt before Christmas, nor am I very solicitous how.

I know he has long talkt of this Province being put under another Form of Government, but this may'nt happen in his day. He wrote early for my leave to go out of the Province and he has it. If we could get a good new Assembly it would be a fine thing. When Coll^o Westbrook comes hither I shall consult him about the Troop you mention. I now return you the Lieut. Gov^{rs} Letter. He complains to me of the great Disorder in your office, that the Records are only on Scraps of Paper and that you have made a gross mistake in omitting in the Commissions to say *George the Second*, you must be careful and Thoughtfull in every thing of your office, he says he should suspend you 'till my Pleasure should be known—To which I have wrote pr this Post, I shall not allow him to do any such thing, But that I shall examine into all the matters, when I come to New Hampshire in September. It is my order that you do not deliver the seal to the Lieut. Gov^r or any Body else without my special order, and as soon as you can conveniently, I would have you come to me hither upon some particular Business.

Be all of you steady, strong and mannerly. Deliver my several Letters, and see by Wibird what I write

*Gov'r Belcher to Sec'y Waldron.*Hon^{ble} Sir—

The Post brings me your Favours of 22 : & 26 : P'sent. I hear not a word of Reynolds or old H—— and am still of opinion (as formerly) that Sancho (1) must consent to his Dismission, which I think he never will, because he can't expect any better Provision, my last Letters saying—"I believe D——r's character is pretty well known "with some of the Lords of the Council to be far interested"—and I am told he is greatly in Debt at Home: and by the appearance of all things, the Irish Wind-fall winds up to a Button. So you may be long plagu'd with him.

I assure you I have nothing but good news from Mr. Belcher. (2) If a new Gov^r be appointed, why won't they favour us with his name: I am not able to make any opinion about the Line. The Lords of Trade will favour New Hampshire all they can—But when the affair will be settl'd seems to me very uncertain—I most sincerely wish it was well over, and can't but think the Massachusetts have been very culpable or it had been done three years agoe.

I have the Same Sense of Sancho's Insolence that you have and the very same opinion of the man I always had, yet as it was the time for the Fast, how could I avoid the steps I took, and I am not displeased

(1) Sancho appears to be one of the epithets which the Gov^r applies to Lt. Gov^r Dunbar. Ed.

(2) Supposed to be the Gov^r's son or a brother in England. Ed.

that he treated the orders of the King's Gov^r with so much Rudeness & Impudence.

As to the pusillanimous Wretches ⁽¹⁾ from whom we want assistance What shall we say or what shall we do? five have been lately admitted by your approbation, but except yourself, you say no man open'd his Jaws—When our Friends have all the Places of Profit and Honour, & yet are useless, I again say, What shall we do? What made the old —go out of Town instead of being at his Duty; most certainly the mention of a Lt. Gov^r in the Salary but can have no other meaning than what you say. St. Pat^s constant course of Folly makes him contemptible. I have had the same thoughts about the Fort, Passes, &c. but am desirous to do things in the wisest manner.

The P—s—dt ⁽²⁾ is a despicable mortal, yet I now inclose him the Proclamation for a Fast, leaving it to the Council to set the particular Day; and the order to him I cover to you, to be deliver'd or sent him, as may be tho't most proper, when you have read & seal'd it—and after consulting Gambling & old H— & who else you please, I intirely submit it to your Prudence, whether to proceed in the matter or not. But if upon your own most deliberate consideration, you think it best not to go forward at present then it may be best not to open your lips to any body about it. On the other hand, if you think the Council will be strong enough, I should be best pleased with appointing the Fast in this manner.

The merchants private Bank here, and what they are bringing forward with you, bids fair to ruin this Country. Its too long a story to tell you how big these things are of fatal consequences.

I don't flatter you, but really Sir, you behav'd in Council like a Hero, upon every particular that hapen'd there.

I thank you for the accounts which I have also at large from Mons^r and the answer I have given him is inclos'd.

I shall write for the Carrier to Coll. Gillman for copies of his Orders without mentioning any Reason.

Old Slade ⁽³⁾ is a poor creature, yet if he comes this way, I will have some talk with him. The affair of the Excise man must rest for the present.

I remain with much Respect

Excell^y dated from no Place the 11th Inst. for convening the Council here, and asking their advice upon a Proclamation for a Gen^l Fast upon the 25th Inst. Dated also the 11: Inst. and said to be from the Council Chamber in this Town, when every body knows you were at Boston, and I know no Council was held here on that day—I have always been of opinion, and am confirmed in it by the advice of every Gentleman, except a few here under your Influence, that you have no Right to send—⁽¹⁾ ers hither in the manner you do, a few Days will convince—that you have not, in the mean time, I shall only say—to the Proclamation, that I can by no means be—in issuing of it, the Day appointed being a Festival—Act of Parliament. I was in hopes two or three mistakes your Excell^y had made at Boston in proclaiming a Feast on a Fast, & a fast on a feast Day of the Church wou'd have prevented any more such, except it was done in Contempt of Church authority, which may be reasonably suspected by your giving sanction to your Platform of Worship, where you say That Arch Bishops, Bishops &c. not being Plants of the Lord's planting shall be all rooted out & cast forth at the last. I don't doubt but you have or will hear from home upon that Act of Government.

As to your Warrant for paying your Salary in advance I must presume your sending it to me was in case I should offer it for the Councils approbation (tho' it is already sign'd & countersign'd as if by their advice) to make use of it as an argument against my demanding any Part of it, for which Reason I shall not only suspend offring it, but protest against paying it untill I know who has the Right to it, your Excell^y knows there is no money in the Treasury, and so delaying this for a few Days untill ships arrive can be no Detriment.

I did not intend to have troubled you with any Letter, at this time, but having this occasion, I can't avoid taking notice of your Treatment of me in sending your orders from Boston to the militia Officers here without any notice of me. This, Sir, is unprecedented & not like a soldier, and no man but yourself wou'd have done it; this and your other usages of me is in effect taking His Majesty's Comission from me, which I shall not give up untill it is his Pleasure to take it; yet your construction of my Powers has made it so contemptible here that I meet with all the opposition & Disregard in the execution of my Duty, & in support of the King's service as Surveyor of the Woods.

I presume by the time this reaches you our Dispute will be ended from Home. Your manner of sending your orders was I suppose to avoid saying,

Sir,

Your humble—

Sir,

I have yours lying before me of 24: & 27: p'sent. The Riot cannot be mention'd but with abhorrence. I send you another Extract out of a Letter last week Pr Prince. That from Sancho's must be treated with great Secresy, lest he should know I have the knowledge of what he writes, yet, you may in a prudent manner, let Coll. Jo; ⁽¹⁾ & Husk know his Baseness.

I think I have put matters relating to Mons^r into a Stronger method than you suggest. But I command you some way or other to quicken Coll. Gilman in what I believe he is earnestly ingaged In, and fail not to let me have the Copies I have desir'd as soon as possible.

I am well enough pleased at the Turn my order took about the Celebration, and have put into this Day's Print, what you sent. Gambling is a brave fellow, and I have taken an opportunity to school of Sh—r—ly, and I think he'll be cautious for the future, he told me, he was loth to refuse a £5: Bill.

I think there's no great Reason to fear the Indians making a Breach at present.

I say, if Gilman will be quick in what he is about I think I shall be able to do Mons^r Business.

Yesterday was our Election and the Friends to their King & to their Country fairly show'd their strength, and the old Topper with his few adherents are sunk with Despair.

In the struggle for votes, it was once & again said in the House, loudly, none of your Irish Governours. In the Choice of the Clerk he cou'd make out but 22 for his Son to Coll. Wainwright's 69 votes. The Health & the Proclamation about it have done excellent service. We have the best Assembly of 2 Seven years past.

I shall be glad to see my Friends in Augst or before if they think it for the best. His treating the solemnity of the Fast as he did must still make him more odious; certainly never was Wretch so hated as he in this Province and I wonder your's chimes in no more.

I fancy Madam's Dangler is heart-sick of the Party.

Hon^{ble} Sir—

I have yours of 16: p'sent, and inclose you the Judge's answer, In which the learned here agree with him. H—sk shew'd no sort of uneasiness with Respect to the Gov^r, but I thought he seem'd to be pretty much so in himself, and if he can form a Judgment of things, he must see he has grossly mist the mark. I believe he'll stand right when he thinks it for his Interest, and otherwise, as he thinks things may be otherwise—But let it be as it will you may now look on him a Massachusetts man.

I am afraid the Judge is turning Fool. Its pitty Sancho has more wit now, than he had about the former Letter—If he would communicate, and be a little Rhetorical (in his way) it would certainly be of service; since they will be wicked, how can we help what they say? About the naval office H—sk can't be so silly as to say you supplant him, since he is leaving the Province. You'll see what I wrote J—th—m, and that matter must rest till I come. Its talk't as if *Sindry*? was to be collector. If nothing should be done in it by our first London ships; then I shall say my thoughts when I see you.

After all I am at a loss whether to pass from Haverhill by Streatham &c. or to turn to Salisbury—Because I am told there is between Haverhill and Exeter 10 miles of very bad Road and that Gov^r Shute or Burnet could n't pass that way with wheels, and the Cavalcade will not look so well with the Gov^r o' Horseback.—Think and determine with old H— how the Route must be, and tell me as soon as you can.

I shall be glad to see as many of my Friends at Haverhill as incline to come. Cr—d—c said yesterday Mons^r(¹) would certainly go Home this Fall, if he could make any Handle against the Gov^r (or any thing else) for an Excuse, and if nothing comes in his favour by the London ships, I am apt to think he will run mad and go: I have all along thought the affair of the Riot would give him considerable advantage. The Royal Woods is a precious tender Point, and he is artful in laying Colors, but we must wait; the scene will soon open for we daily expect the London ships.

*From Gov'r Belcher to Sec'y Waldron.*Hon^{ble} Sir.

Altho' your Postscript says you believ'd you should be at home to receive this answer to yours of 22: Inst. yet I can't believe you will be long so after Rec^d of mine pr the carrier, yet as this will fall into the hands of the faithfull companion of your Pleasures & Toils, I am easy, and once more tell you I am perfectly pleas'd in your whole conduct: and assure you an honorable Quietus wou'd be highly acceptable but for the very Reason you mention.

I observe the whole Catalogue of Lyes that are bruited—Weak as your poor wretches are, Methinks four years Experience that lying has never come to be Truth, shou'd open their Eyes: and what Point has Sancho gain'd to this Day? On the contrary what a Fool has he been made of at Pemaquid,⁽¹⁾ and every where in every thing.

I have a fine time of it That I must make old H—a Collon^l, Treasurer & Clerk of the Court, and yet he must be such a poor unthinking——as that if a Gov^r does not take notice of a worthless Hound that chimes in with all those that would cut his throat, the old Fool forsooth must be affronted. As to the charge of Beds for the Gov^r: and one servant, with Hay & the Stable Room for the Horses, I would be glad of an acc^t of it and to pay it. I never eat Suppers, and always my own Chocolate. As to young Dick,⁽²⁾ I take him to be a modest fellow. The matter of the Bill I transacted wholly with Husk, and have paid him 27: 5: 2, Str. with the Exchange he gave, and the punctual Interest from the Time it was unpaid, and he desir'd no more; but had I done it with the other, it had been a mighty Thing for him to have given the Governour his care & Pains of purchasing a bill of Exch^a. of 27£ Str. which I wou'd do for nothing for any friend if it fell in my way.

But he shou'd always remember I made his Father Collector, by which he got for salary £25 Str. besides all the Fees and I made the young fellow half Sheriffe, for which I was offer'd in London 100 Guineas. But a Gov^r is to bestow all his Favours upon a Crew of Hounds for the gratitude of being bit or sharpt as they have opportunity, but I take all this talk to arise from the old Jezebel, whose Lec—h—ry & Lew—dn—ss failing thro' Dint of age, loves money, just as she us'd to do the poor decrepid poxt Doct^r. So much for that.

As to the Address, you seem to think it impracticable—you are therefore wise not to attempt it.

What shall we do with old H— Guts & Lt. Jo— I can give the office but to one.—You say, you are in a worse state than ever; I think we concluded that cou'd not be, and that against another Assembly things wou'd come to rights. But if you think they won't, I shall put off the Tho'ts of coming, when I intended. For why should I make a Winter jaunt to no purpose. Oh Tempora! Oh Mores! I am sick of your fooly Government, and yet I am fully in opinion with you that all the airs proceed from sound Despair; for they must some of 'Em know, what I do by my Letters from London of 8: of last

month—That as one of the Sachems said to me in the Conference at Casco Bay (when I proposed changing their religion) that is too heavy for me to lift; so the Gov^r is too heavy for Sancho and all his minions to stir—No, the Gov^r stands firm with his Royall master and with his Ministers, and I have good Reason to believe Mr. Belcher grows in favor with God and man; and I assure you I am no ways discourag'd with all you write—But am prodigious fond of the fine Device round the Palm Tree—*Depressa, Resurgo*—But what is still more my favorite motto is—*Sustine & Abstine*, which comprehends all Christian Virtues and grace.

I can say no more to you than I have, which is that I am always ready to do you good according to my Power,—and the Instances you mention may be Proofs of it,—and the last I will still do at all events, if you think it best. I have not heard a word from Wheelwright since I saw you, he promist to make his Request to me of quitting in a letter, but I take him to be an ignorant dull Fellow, and perhaps he has tho't no more about it.

What's come of all their great talk about the Line—Why I suppose there will be orders once within these seven years to have it settled according to the Instruction the Gov^r brought with him, and why should the poor People pay for the Ipswich Boy's Wife's Brockade, &c.

I thank you for all your particular Intelligence, and am glad I have been able to steal Time from the Assembly, & our London ships to balance the acct with this long Letter.

I assure you I have no Stomach to repeated Fatigues and charge to no purpose.

I take H—ske to be a sorry false Fellow, and young D—ck a very mean, narrow spirited Creature, he strenuously insists on the Difference of the Exchange—I am therefore now determined to make R—ss-l whole Sheriffe, or put him in a new partner, and I will appoint a new naval officer without any more Delay, and if I can serve you in these affairs (viis et modis) pray let me do it. But I will make no further complements to Falseness and Ingratitude—yet these alterations can never be so well done as when I am on the Spot, and its best not to open your lips about 'em.—I hear nothing from Wheelwright but have frequent applications about his place—W—Wentworth, E.

Vaughan and Lane have been mention'd and the first from several Quarters. But here I would serve you again, so you must choose.

If I don't see you by the last of next m^o you mustn't expect it till next October.

As to the spring Ships or the Determination of points they must take their course, and we must go right forward in our Duty—they that observe the Winds and Clouds, will neither sow nor reap. When the Ships arrive, doubtless the advices will be chequer'd and perhaps nothing definitive. But they'll go on lying and say it must be by the next—by the next—and so on: yet if upon the whole there is no probable Hope of a peacefull session Don't let me come. I will do just as you agree among you. Your several Letters of 13th, 16th and 20th present lye before me, methinks P—g—m made a short stay with his Friend. It slipt my

thoughts, or I should have given you and Coll. H. orders to have sworn him, but its no great matter.

If it be as you heard, I think Dr. Rogers has play'd his Cards well. If Lord W—ld— is gone to George's, perhaps he'll think he has play'd the Fool, when he comes back. I fancy he'll find that affair grow more heavy and burdensome every Day.

If some of your *Line Wretches* had one about their Necks, it would be but a piece of Justice they richly deserve from the Province. I look upon that matter at an End upon the present Footing: and pray which of 'em is Politician enough to know what to do next? How barbarous would it be for the People of your Province to be burden'd with Taxes, to pay the charge of their vile management!

I have prorogued this Assembly to 20th of Oct^r nor do I suppose they'll sit then. As to making a Visit your way, whenever you think it may be worth while, I'll come.

I am heartily sorry to hear the Sickness is renew'd among you, and that your Son Richard is down with it. I pray God to recover him, and to take all your good Family into his merciful care.

Boston

I am, Good Sir

August 23^d, 1736.

Your Friend and Servant

Mr. Sec^y Waldron.

J. BELCHER.

No. 14.

Gov'r Belcher to Lt. Gov'r Dunbar.

Sir—

Mr. Waldo brought me yours of 20th present and I wish I could omit remarking on your presuming to blot Packets with your Scrolls, directed on his Majesty's Especial service to the Gov^r: by what means you intercepted these Packets you best know, I assure you I take no notice of the copy of one you have sent me; but now demand of you the original, if there be such an one, for you must excuse me from giving any Faith to your attestations; but if I should, yet you have nothing to do with Packets primarily directed to me for the King's service, while I am either at Massachusetts or New Hampshire. Sure you can't be so silly and ignorant as to think the Direction on a Letter can countermand the Royal Hand and Seal.

I heard you had some time since a Letter directed—*To his Excell'y David Dunbar, Esq. Gov'r &c.* which I suppose you took as a gross affront upon you, tho' I heard you said upon it—you have rec'd a Letter worth £600, a year. This I didn't wonder at neither. These little thin artifices you find are not to be practic'd with me—and why do you worry yourself? Since I told you years ago that nothing less than the Royal Hand, that gave me my authority, should take it from me, & should I be in any other way of thinking, I should highly abuse the goodness & Honour his Majesty does me, & justly forfeit the Trust he has repos'd in me.

You say you certainly imbark this week, but I am told the gout has got hold of your Toe, I hope you won't let it prevail to stop your (*talkt of*) voyage: I say this, because I found in yours to me of Dec^r last, you were willing I should have hindered it. And I took the main Design of your humble Complaint to the House of Repres^{ts} of New Hampshire against the Gov^r to be, that they might desire you to stay, instead of which you doubtless thought 'em very uncomplaisant upon the offers of your service saying, *If you believe I can do anything to*

serve your Interest in England, & will be pleas'd to tell me wherein, you will find a grateful Return from me ;—that they should think you not capable of doing any thing to serve their Interest, which appears in their lean answer:—To Thank his Honour for his kind offer. Methinks they might have wish'd you a good voyage, but perhaps they didn't believe you was going; yet you have carry'd the jest so far, that I don't see how you can well avoid it.

You don't want the Province's nor my good Wishes for their happy Riddance, but I have had so many Letters from you in six years past, saying, You was resolv'd to *go home, go home*, that I shall not believe it, till some vessell tells me, they have met you to the Eastward of St. George's.

Boston,

April 25th 1737.

Lieut. Gov^r Dunbar.

No. 15.

Sir—

From Gov^r Belcher to Sec^y Waldron.

I have your alive Letter of 29th ult. pr Post. As to your new Bills, the way to know whether they'll pass, is, to make Dispatch in getting them out; the sooner that's done, the more readily they'll obtain a currency, and which I think nobody need trouble themselves about. I am glad the first sett of the Copies will be here tomorrow The Pr-t-nd-r will certainly be a long pending affair, & full of charge.

I take a particular Notice of the whole Farce play'd off by *Scarra-moncho* last We'nsday. R—dge is a Rascal, G—tts a Scoundrel, the Turner a Weathercock, a Fool, hardly worth notice, the Loon & the Ape are very impudent, old H. is a compound of Ignorance, Jealousy & Brittleness, so one must be wise to keep him steady,—Since things happened as they did, its well he went, for Sancho was near his Point: if they had been all alike brave with Coll. Jo. and D—nn-t, & have done as you directed, it had been better. G—mb-ng is knowing and honest, and its well he went. Don't you know five is a Quorum of the Council in ordinary, & even three in extraordinary cases? I wonder he does'nt try this Experiment, because he may always have four. I hope the T—nn-r ⁽¹⁾ holds right & steady. As to calling the Assembly, you may depend he has no authority from home about it, not but that T—— may write him to venture upon it, but you must watch their Waters, and timely issue the Preventer.

I thank you for handing along the Dose I sent him pr the Post, it was exactly tim'd. I hope he'll read it to the Priest, & the rest of his minions. I much approve your Answers to his Epistle & Sumons but pray send him no more copies of any thing, 'till he pays you, its enough to say your hands are full at present with the Gov^rs Commands. I am fully perswaded he never yet intended to go, but if he should I shall attribute it intirely to the strong Doses administered to him last week, that have made such a Ferment in his Bowels, & even in his Brains, as to throw him into a downright Dementation.

If he vamps, shoul'n't some rough Game have a Hint (as wisely as possible) to make out some Tokens of Joy & Contempt.

Boston

I am, Sir

May 2^d 1737.

Your Hearty Friend

Mr. Sec^y Waldron.

J. B. BELCHER.

(1) Perhaps the Governor refers to Hon. Wm. Parker, who, in his youth, was a tanner in Portsmouth, but afterward was a lawyer, register of Probate, Judge of Admiralty and held other offices. ED.

INDEX.

[NOTE. The Index, which follows, is designed to contain the name of every person mentioned in this fourth volume. The officers of government, as Governor, Lieut. Governor, and Councilors, are put in SMALL CAPITALS but not otherwise referred to, except as performing some assigned duty. The word *passim* indicates that a name is found very often in the volume, and need not, therefore, be repeatedly noted. Besides names, the Index, it will be seen, contains reference to all the leading matters in the volume, and should therefore be carefully consulted. The Editor has aimed to be accurate, but still fears that errors may be discovered.

When a name occurs more than once on a page, or on two pages in the same connection, it is not generally repeated in the Index. Ed.
